The Meanest Word In Human Language

As had been announced, the pastor of the Second Baptist Church last week brought a message at the evening hour on the "The Meanest Word in the Bible or in Human Language". A large number of guesses came in ahead of time. Those guesses included such words as gossip, devil, malice, hatred, temptation, no, tomorrow, unforgiveness and many others, but it remained for Rev. L. W. Settemeyer to guess the correct word. He was the only one who sent in the correct guess, and he gave the Scripture reference, which was Proverbs 16:28, which says in part, "a whisperer separateth chief friends." The pastor in his message showed what a "whispering campaign" could do to undermine and tear down reputations, and how that the meanest thing a person could do was to start "whispering" about someone. Said he, "I'd rather face a Jap with a gun in each hand than to have somebody start whispering about me. I would have a far better chance with the Jap than with a 'whispering person'."

However, he said that there is a whispering campaign that would be good. Just whisper to that friend, "I heard something good about you today, or whisper to that lost person, 'I am praying for you for I want you to be saved,' or whisper to the Master, 'I am dedicating myself and my all to Thee.'"

State Guard Co., Needs More Men

To the people of Lincoln and Cherryville townships: During the past year our State Guard Company, but our Publicity Corporation has been doing a fine job in reporting the activities of the Company. My reason for writing this is that I have something on my chest and want to get it off.

The 29th company of the North Carolina State Guard was mustered March 12th 1941. During the past four years many changes have taken place and many things have happened. The first Commanding Officer was Capt. Mike Whitenor who took over after Capt. Morton resigned. These men who preceded me had the same headaches that I have had and am still having. Our main problem is and always has been keeping the strength of the Company up to acceptance by the Adjutant General. At one time during the administration of Capt. Fair the Company was up to full strength. The same was true once with Capt. Morton. I have done everything that I know possible but have never been successful in getting the Company to full strength. The best we have had was 47 men, 3 short of full strength.

Several months ago Cherryville and the area around Cherryville was added to our Company area in the hopes that we could be able to build up our Company to full strength. I have met once with the American Legion Post in Cherryville. I am hoping that we will get some recruits from that territory in the near future.

We also need more men from Lincoln. Some times we are told that we do not have the men available. But we do have the men, hundreds of them. But there I called my First Lieut, Lloyd R. Elmore, my Second Lieut, Fred K. Berger in a conference and suggested that one of them take over as commander and let me start back as private and see if that would help the situation. As yet they have refused to do this. Now I am not talking through my hat, that is exactly what I will do rather than see the Company lost to Lincoln.

If we are to have a Company something is going to have to be done and soon. We go to camp again in July and we aren't going without a full Company. During inspecting last week the Colonel told us that we had the best Company in Camp last year but that we had to have more men this year.

We have thousands of dollars worth of equipment now furnished by the Federal Government. They aren't going to allow us to keep this property unless we furnish the manpower to use it. We celebrated our Fourth Birth day last Monday night with an oyster stew at the American Legion Hut, Mess Sergeant Zeb Keever and his Cooks really put on the mess for the men and they really enjoyed it.

We will hold a special meeting at the Armory next Friday night at which time a social training officer from Fort Bragg will be with us. Our regular meeting will be at the Armory next Monday night. Any one interested in the Company is invited to meet with us and look over what we are trying to do.

WILLIAM F. HALL, Capt. Commanding.

Cherry, who designated OCL as the State agency to cooperate with the Army in securing the desired number of recruits. Governor Cherry has urged every eligible North Carolina woman to consider seriously the service she can render in the WAC as a hospital technician.

TRIMS OWN PAY TO \$1 PER YEAR NEW YORK, March 13.—Frank Phillips, chairman of the Board of Phillips Petroleum Co., has slashed his own salary to \$1 a year from \$50,000 because of heavy tax deductions, it was disclosed today. In a message to stockholders in the March issue of "Phinews," the company's house organ, Phillips said that he did not see why the company should "pay out \$50,000 a year and benefit me by only \$309.36." Phillips explained that the big shrinkage was due to high Federal income taxes and state levies. His pay on top of his other income, he said, is subject to Federal and state taxes which leave him only \$309.36 from his salary as board chairman. The cut became effective February 1.
