### Catawba Indians Lack Depth

Salisbury, N. C., Aug. 6.—Pre-season speculation concerning the Catawba College Indians centers around questions of speed and depth. The Indians should have a good starting eleven, but much of the success of the team will depend upon reserve strength.

This strength has been impaired considerably by the fact that several months will be required for the knee of tackle Dick Garland, 250 lb. starter, to recover fully. The status of two other key players remains in question, pronounced.

The brighter side of the picture results from the return of veterans John Powell, Terrell Hall, Bill Smith, Harold Garter, Dick Smith, and Rodney Nance, along with less publicized but extremely valuable men Les Swanner, "Buzzy" Yarborough, "Bonnie" Young, Gary Sherrill, Connie Gardner, Dick Snyder, and Fred Sisley. All of these boys lettered last year, and are expected to carry the main load for the team this fall.

John Powell, Catawba's Little All-America candidate, is one of the finest and most versatile linemen in Catawba's history. Weighing in at 210 lbs. and standing 6' tall, he performs equally well at guard or tackle, and will unquestionably be recognized for post-season honors. Coach Biggers

states that Powell is the finest guard he has ever coached. Terrell Hall, 6' 1", 190-pound end, another outstanding candidate for all-State honors and possible Little All-America consideration, is particularly noted for his stellar work on defense, and he is also an excellent blocker and a good pass receiver.

Bill Smith, one of last year's starting guards, is one of the best blockers on the squad and one of the fastest linemen. Smith will likely be moved to end this fall. Harold Carter, the No. 1 quarterback candidate, was slowed greatly by injuries last year. Barre recurrence of injuries, Carter should have a fine season.

Dick Smith was Catawba's most consistent ground gainer last season, averaging nearly five yards a try. Smith is one of the top fullbacks in the conference, and seems a sure bet for all-North State conference honors.

Rodney Nance, the fastest back on the squad, weighing 183 pounds, was injured most of the season, but is set to go this fall at left halfback. Nance was a widely publicized high school player, and is one of the outstanding sophomore prospects on the Indian squad.

Hal Quinn, husky 210 pounder, has been moved from tackle to center and looks like the best replacement for graduated All-Stater Harvey Stratton. Quinn came along fast in spring practice and impressed the coaches with his speed and strength.

Outstanding among the incoming freshmen are All-Staters Sonny Butler, quarterback, of High Point, and Jimmy Page, tackle of Albemarle. Promising freshman tackle candidates are Allen Collins, of Forest City, and Don Turner, from Spartanburg, South Carolina. Richard Sechrist, of Fair Grove High, and Ralph Parker, of Warwick, Virginia, are two good freshman candidates for the backfield.

Head Coach Clyde Biggers, in considering the coming season, states that at least seven of the eleven games scheduled should be hard-hitting contests. He feels that the Indians will be an aggressive, hard-hitting club, without too many individual stars, and one that will give a good account of itself in every game. However, Coach Biggers is far from optimistic about the chances for a winning season in view of the lack of depth and of the many question marks at the various key positions on the squad. He is certain that, although Catawba's team has been vastly over-rated generally, Catawba fans can be sure of seeing aggressive, hard-hitting football in each of the eleven games scheduled.

### 7 Percent Reduction In Traffic Deaths For July Of This Year

Reports from the 24 states participating in the 1954 summer-time highway safety campaign, Slow Down and Live, show a reduction of nearly seven percent in traffic deaths for this July Fourth week-end as compared with the same holiday last year.

Highway deaths in the region, which includes every state from Maine to Texas, totaled 179 this year. Last year's figure was 192. The reduction, according to Captain C. E. Taylor of Florida, chairman of the Southern State Safety Coordinators group, and Paul E. Burke of Maryland, chairman of the Northeastern State Safety Coordinators, is "remarkable" because of the length of this year's holiday. The coordinator pointed out that this July Fourth week-end covered a full three days. Last year's was listed officially as a two-day holiday.

Seven of the participating states showed decreases in numbers of deaths this year. They were Arkansas, Kentucky, Louisiana, Massachusetts, New York, Tennessee and Virginia.

Seven other states, Alabama, Maine, Maryland, New Hampshire, New Jersey, Texas and West Virginia, held even with the toll of a year ago. The states of Connecticut, Delaware, Florida, Georgia, Mississippi, North Carolina, Rhode Island, Pennsylvania, South Carolina and Vermont reported increases.

In announcing the figures, Captain Taylor and Mr. Burke said, "This is a remarkable record in

view of the difference in the periods of time covered by the two holidays. We must remember that the 1954 Independence Day week-end offered 45 per cent greater exposure to traffic hazards in point of time than did last year's week-end."

This is the second consecutive 1954 summer holiday during which the Slow Down and Live states showed reductions from the 1953 death figures. During the Memorial Day weekend the states experienced a 16 per cent reduction as compared with last year.

The School of Law was established at Wake Forest College in June, 1894, and the School of Medicine in May, 1902.

The Wake Forest College Theater presents four major productions annually. One of these is a Shakespearean play.

### Sgt. Douglas Casey Serving In Japan

BEPPU, JAPAN.—Sgt. Douglas J. Casey, 27, whose wife, Willow Dean, lives in Gastonia, N. C., recently took part in "Operation Testa e Rd," a mass parachute jump conducted in Japan by the Army's 187th Airborne Regimental Combat Team.

Supported by Air Force Sabre-jets and Navy gun fire, Casey and some 700 other parachutists dropped behind an imaginary enemy line and "destroyed" supply and communication installations during the training maneuver.

Casey, son of Wilfred Casey, (mother deceased) 246 Nicoll st., is motor sergeant in Company D. A veteran of more than nine years' Army service, he joined the team this January after an assignment at Fort Bragg, N. C.

Each fall, Wake Forest College sponsors a debate tournament, inviting novice debaters from North Carolina, South Carolina and Virginia.
