RUTHERFORD CENTRAL RACKS LOCALS TWICE; SHELBY HERE NEXT TUESDAY

Rutherford Central's Hilltoppers dealt Cherryville a pair of stinging defeats the past week showing the locals into fourth place in the Southern Division. The Central took a 9-8 11 inning thriller here last Tuesday night, then completely wrecked the Sherrill Crawford charges Friday 8-2.

The Stanfield game, scheduled for last night at the local high school park, launched a four-game home stand for the Ironmen. Friday, Lincolnton will be in town with arch-rival Shelby here next Tuesday. On Friday, the Cliffside Cliffdwellers are at the local lot. Last Tuesday's game was a heartbreaker for the Cherries and Joe Hallman. Hallman replaced starter Dick Mauney on the rubber at the start of the fifth frame hurled two-hit ball and fanned six batters the rest of the way. The two bingles Hallman surrendered came in the top of the eleventh when Second Baseman Dee Prady singled to leftfield and Pitcher Raymond Seary tripped to deep center.

Seary was the winning pitcher Friday at Rutherford. Going the route, the eighth-inning permitted but four hits after retiring the first 13 men in a row. A double and single by Bobby Austell, Ronald Turner's triple, and Joe Hallman's single were the Cherryville raps. Mauney had three for five on Tuesday.

Dellinger, one of the top hitters in the Southern Division, failed to connect safely Friday for the first time in nine games. He also failed to connect in the clutch Tuesday as the Ironmen committed nine errors, left 15 runners stranded.

Hamilton To Hurl
Next Tuesday night, the locals will be meeting a team that is on its way to a fourth Western Conference flag in a row. Casey Morris' Shelby Golden Lions headed into yesterday afternoon's battle with Belmont, with eight wins to their credit. The two previous seasons found them copping 14 each.

Pitching again this time has proved the strongpoint of the Lion attack. Bobby Hamilton, who is slated to face the local nine here Tuesday night, has chalked up three wins with Tommy McCarver also posting 3 wins, Don Bridges two. Bridges, the ace righthander, was scheduled to face Belmont with McCarver, the portside, going against winless Forest City on Friday afternoon. Hamilton limited Tri-Hi to seven hits for an 8-3 triumph, held Belmont to one hit for five and two-thirds frames to claim a 5-2 win, and limited Forest City to four singles for an 11-2 decision.

Catcher Lawrence Kouri, Shortstop Bobby Jones, and Centerfielder Buster Ledford spark the Shelby attack. Other starters for the Lions are Bill Blanton at first base, Tommy Camp at third, Brice Moore in leftfield, and Ed Peeler in rightfield.

ASC NEWS

No Additional Allotment From Over-Planting

Cotton Farmers will not increase their 1956 Allotment by over-planting this year's allotment, Clyde R. Greene, Chairman of the State ASC Committee and H. D. Godfrey of the State Office, joined in cautioning farmers that by over-planting this year they only make themselves liable for a marketing quota penalty at the same time they are adding to our already excessive supplies of cotton.

Godfrey says that many farmers throughout the State have the opinion that overplanting their allotment crop will increase future allotments; however, he says there is no basis for this belief in the case of cotton, peanuts, wheat or corn.

There is a marketing quota penalty for harvesting an excess of the allotted acreage on cotton or tobacco and on wheat when the allotment is in excess of 15 acres.

In discussing the over-planting of allotment crops, Godfrey brought out the fact that the penalty for over-planting cotton, tobacco, or wheat amounts to approximately 50 percent of the average market price. On 15.16ths inch middling cotton the penalty will be around 17-12 cents a pound. And on wheat, it will be around \$1.03 a bushel.

Prospective planting reports from North Carolina Farmers indicate a 2 percent net reduction from last year in acreage to be utilized by the ten crops included in a survey made as of March 1. Excluded from the report are the acreage seeded to wheat and to be seeded to cotton. Seedings of wheat for harvest in 1955 were estimated last December to have been the same as acreage seeded for harvest in 1954. Reports on prospective planting of cotton are not made at this time, but a reduction is expected for this crop in view of a present acreage allotment for 1955 and 42,000 net acreage actually planted for harvest in 1954.

Reduction in Total Crop Acreage Expected

Due to reduced allotments, this year's acreage of tobacco is expected to be about 5 percent smaller than last year, while the peanut acreage will remain at the same level as in 1954. Growers indicate that present plans are to reduce the corn acreage by 4 percent. Acreages devoted to oats, potatoes, sweetpotatoes, soybeans and hay are expected to be about the same as last year. Moderate increases of 5 percent and 10 percent respectively, are indicated for barley and for sorghums.

4-H "Tillers Of The Soil" To Be Honored

Just 99 years ago, Horace Greeley presented \$50 to a New York boy for being the state's outstanding young corn grower.

This year, nearly a half-million 4-H Club members, farming 1,400,000 acres of land, are eligible to compete for awards worth \$40,000 in the National 4-H Field Crops, Forestry and Soil and Water Conservation award programs. And like a century ago, the awards are provided by public spirited individuals and organizations.

In the field crops program, some 300,000 4-H members learn latest farming and production methods, from soil testing and treatment, to planting, fertilizing, cultivating, harvesting and marketing. Those who do outstanding work will be honored by the Nitrogen Division of Allied Chemical and Dye Corp. a new national 4-H awards donor.

Four medals are offered for field crops winners on the county level. State winners receive a trip to the National 4-H Club Congress in Chicago, Nov. 27-28 Dec. 1. Six national winners, selected from the state winners, will be presented \$300 college scholarships. Soil and water conservation

measures are practiced on over 350,000 acres each year by 4-H Club members. For the 12th consecutive year, winners in the National 4-H Soil and Water Conservation program will be honored by the Firestone Tire and Rubber Co. County and state winners will receive awards identical to those in field crops. Eight national winners will be presented \$300 scholarships at the Club Congress.

4-H Club members carry out approved forestry practices on over 200,000 acres of land each year an area equal in size to the forests of Rocky Mountain National Park in Colorado. In the program, 4-H'ers are encouraged to grow forest crops for commercial purposes on the family farm. Awards given by the American Forest Products Industries consist of a gold-filled medal and certificate of honor for the state winner, six all-expense trips to Club Congress for sectional winners, and four \$300 scholarships for national winners.

"Next to our boys and girls, the soil is probably our most valuable asset," states G. L. Noble, director of the National Committee on Boys and Girls Club Work. "We are fortunate in having congenial like the national donors supporting this very fundamental work." The National Committee coordinates the National 4-H award programs.

The 4-H members participating in the three programs, conducted by the Cooperative Extension Service, utilize agricultural lands to the best possible advantage and conserve the Nation's number one resource. As the helping their young people make and save money, and preparing themselves for a successful future in agriculture.

Full information on the award programs is available from county Extension offices.

Mrs. John W. Suttle Has Large Collection Of Rare Pitchers

Bolling Springs — Mrs. John W. Suttle, wife of the well known Baptist preacher of Shelby, has become a widely known and well liked person in her own right. She is probably best known for her rare and valuable collection of pitchers, but she says, "I have never been an avid collector." She just "can't resist buying a pretty pitcher." That seems an understatement, as she now has over 1,500 pitchers in her collection.

Mrs. Suttle, born Leila Jane Pierson in Atlanta a handful of years ago, lost her heart to the Little Preacher a few years back. It was 62 years ago last month, to be exact, that she was married. He was then pastor of the First Baptist Church in Blacksburg, S. C., and not quite old enough to vote.

"I lost my freedom before I ever gained it," he says with a wink in his eyes. Those eyes still light up like they did six decades ago, though, when "Mama" smiles and pats his hand.

Mrs. Suttle began her collection of pitchers quite by accident. Several came as gifts to the new bride, and she loved them so much friends gave her more on various occasions. As the wife of a country preacher she didn't have too much cash for furnishing the house in those early years so she brightened up the place with her colorful pitchers.

One day while cleaning house Mrs. Suttle decided to count her decorative containers. "I had 78 — I couldn't realize it, but there they were. Still in thinking of herself as a collector, she went right on getting one now and then as it struck her fancy. Friends added odd and historical items to the list until the number became so great she had to catalog them in order not to lose track of each one.

There are large ones, small ones, pretty and ugly ones. Some have over a gallon capacity and one is as small as a pencil eraser. A few date back to the 17th century. A unique aspect of the collection is that one group of 25 pitchers has the likeness of the various presidents of the United States emblazoned on their sides. She has been unable to acquire pitchers with the likenesses of the other eight presidents.

Mrs. Suttle also has interesting collections of dolls and bottles. Although overshadowed by the pitcher collection, these are carefully chosen and neatly arrayed displays.

Having always taken an active interest in her husband's church work, Mrs. Suttle has also found time to participate in a number of other organizations. She is a Daughter of the American Revolution, a member of the Daughters of Patriots and Founders of America, the United Daughters of the Confederacy, and the Colonial Dames of the 17th Century.

Mrs. Suttle says she is "Very excited" about plans underway to honor her husband later this month by raising a Suttle Memorial Endowment for Gardner-Webb College. This endowment—the goal is \$100,000 on April 24—is for the church and community services to churches and individuals throughout North Carolina.

After more than six decades as wife of the Rev. Suttle, she says she wouldn't trade the life of a country preacher's wife for any other existence. She also declares she would not part with a single one of her 1,500 pitchers that cover several dozen shelves in their spacious home in Shelby.

NOTICE OF CHERRYVILLE SCHOOL BOARD ELECTION

The bi-annual Cherryville School District election will be held on Tuesday, May 3, 1955, for the purpose of electing two trustees for six year terms and one trustee for a two year term of office.

The Registrar will be Mr. J. Clarence Dellinger, The Judges, Mr. J. Cliff Stroup and Mr. Hugh H. Belmont. The election will be held in the Cherryville City Hall.
