## CARPENTER'S NEW FUNERAL CHAPEL TO HOLD OPEN HOUSE SUN.

### June 12 - 4 to 8 P.M. Public Is Invited

Carpenter's New Funeral Chapel will hold "Open House" Sunday evening, June 12th from 4:00 to 8:00 o'clock. The public is cordially invited to attend.

W. Cone Carpenter, owner and manager, in announcing the opening stated "His dreams had come true," he has been planning on a complete modern little chapel in addition to his Funeral Home for a long time. Mr. Carpenter has been in the undertaking business for 32 years and is one of the oldest licensed embalmers in this section of the state.

Mr. Carpenter was born and reared in the North Brook section of Lincoln county. He received his first schooling at the Old Double Chimney School in that section and then attended Round Hill Academy in Rutherford county. He graduated from High School in 1920 and entered State College in Raleigh. In 1922, Mr. Carpenter took up his first work with Harrelson Furniture Co., in Cherryville and served as their embalmers' apprentice under Atkin Harrelson, licensed embalmer, which the state required for two years. In 1924 he returned to Raleigh and entered Browns Embalming School and after his graduation he passed the state board and received his license from the State Board Embalmers of North Carolina. He returned to Cherryville and again became affiliated with Harrelson Furniture Co., as embalmer and remained with them for fifteen years.

In 1938 he organized the Carpenter Brothers Furniture Company and Funeral Home with his brother, Stowe Carpenter, as partner. Later, he bought out his brother and organized the Carpenter Brothers Association which was located on East Main Street. Mr. Everett Foster was associated with him as Secretary and Treasurer. During the next few years, the business had grown until more room was needed and a Funeral Home was erected on East Main Street in 1942 more expansion took place and the Funeral Home was enlarged.

Seeing a further need for a complete service, Mr. Carpenter has added one of the finest little Chapels in the state to his Funeral Home. It has a room with capacity of 150, air conditioned, has private music room, family room and flower room, is modern and has every convenience a Chapel could have.

The Carpenter Burial Association is a strong organization. They have 3100 members and a surplus of \$15,500.00.

When Mr. Carpenter started out in business in 1922 with Harrelson Furniture Company and Funeral Home, Mr. Carl B. Harrelson, one of the oldest Rutherford County funeral directors in the state, now making his home in the North Brook section, was manager of the business, and it was under the guidance of Mr. Harrelson that W. Cone Carpenter gives credit for his success. In those days they only had one combination funeral car and ambulance, very small amount of grave and home equipment. Such things as grass and seats were unknown. Today, Carpenter's Funeral Home has one straight ambulance equipped with oxygen and also first aid equipment, modern graves, flower truck, flower racks and one combination funeral car and ambulance.

Associated with Carpenter's Funeral Home and Burial Association are: Everett Foster, Secretary-Treasurer; Lewey Hartman, Funeral Director; W. Cone Carpenter, Jr., and Carroll Carpenter, assistant funeral directors and Rob Littlejohn, cemetery man.

W. Cone Carpenter, Jr., and Carroll Carpenter, both plan to enter college and attend their graduation. One Jr. was a member of the '55 graduating class and will enter Appalachian State Teachers College, Boone, in September. Carroll will be a junior in the Cherryville High School this year.

Refreshments will be served during opening hours by ladies of the various church in town.

### Miss Nettie Willis Former Librarian Killed In Wreck

Miss Nettie Pearl Willis, former librarian at the Cherryville Public Library, met a tragic death in Charlotte last Wednesday morning at 9:02, when her car was in collision with a dump truck loaded with crushed stone. Also killed in the accident was Miss Maggie Page, 68 and injured were Mrs. Rebecca Bass, 65, and Mrs. Belle H. Griggs, 73, all residents of the Baptist home in Albemarle.

Mrs. Bass suffered head, abdominal, back and possible internal injuries, and Mrs. Grigg back and possible internal injuries and head lacerations. A fifth resident of the Baptist home, Mrs. Lena Simpson, had accompanied the group to Charlotte but had left the car to go up town for shopping and to attend a graduation exercise.

The car in which the women were riding was a 1949 Plymouth, the property of Miss Willis, and Miss Willis was driving at the time of the accident.

The group was enroute to the Methodist home nearby, where they were to inspect the program of arts and crafts being carried on there. Miss Willis had recently established her home in the Albemarle Baptist home and was to take care of the arts and crafts program in that institution.

Captain Loyd Henkel, of the Charlotte police, said Wednesday afternoon that an early investigation of the accident had apparently cleared the driver of the truck, Frank Baxter, 29, of any blame in the accident.

White told investigating officers that he was approaching the city on the Albemarle Road, "Central Avenue" and saw the car come at a time, but could not say whether or not it stopped. He said it was moving when he first saw it.

White told officers he did everything in his power to avoid the accident. He said he was traveling about 35 miles per hour at the time, but could not say whether or not it stopped. He said it was moving when he first saw it.

### Special Service For Waco And Crouse Eagle Subscribers

For some time our readers at Waco and Crouse have been delayed getting THE EAGLE. For their special benefit we are this week inaugurating a special service for their benefit. That is, we have arranged to deliver the paper in each of the neighboring towns in time for the Postmaster to put up all papers on Wednesday evenings. This is being done at considerable expense to us as it requires the use of an automobile to make the two trips and also takes one of the employees off the job on our press day which is the busiest day of the week. We are sure our readers will appreciate this service we are doing for their special benefit. Of course we are hoping to add many new subscribers in and around those towns.
