"TWINSULATE" YOUR ATTIC THIS WEEKEND
It's easy to insulate with the new Gold Bond Twinsulation rock wool blanket. Fits standard stud spacing. Simply nail or staple in place.
Gold Bond's foil covered TWINSULATION holds in furnace heat!
Cut your heating bills up to 25% — permanently! Keeps out scorching heat of summer, too! — reduces cost of air conditioning both on size of cooling unit needed and on operating costs. Here's how Gold Bond Twinsulation gives you double insulating action:
1. Core of fireproof rock wool blocks heat.
2. Shining aluminum covering reflects heat.
Step in. See samples. Give us the dimensions of your attic and we will tell you how little it costs to add Twinsulation's comfort, fire safety and economy to your home!
Gold Bond TWINSULATION
