# A Lost Brother Found

Spencer, October 6.-Mr. A. J. Henry, residing near Spencer, has just found a long lost brother, Mr. LaFayette Henry, who is living at Cornelius, Mecklenburg county, and who has been lost to the family for more than twenty years. The brothers have not seen each other for twenty-two years, the younger of the two, Mr. Lafayette Henry, having left the old homestead in Davidson county when merely a boy. Marshall J. Henry, a nephew of the lost relative, was talking. Mr. Harwell stated that he knew a man of that name at Cornelius and upon inquiry by letter it was found that he is still living there and doing well. Mr. M. J. Henry, accompanied by his family, left Spencer for visit to the long lost brother.

## How It Happened.

Mr. Henry Fairley. of Monroe, was accidentally shot by his roommate, Mr. Sam Parker, also of Mon-roe, in their room at Chapel Hill, where both young men are students in the State University. Messrs. Parker and Fairley are freshmen and there has been some hazing and very brutal hazing, too, it is said at the University this session of freshmen. Messrs Parker and Fairley had heard that a crowd was coming to black them last Saturday night. They got ready for the hazers and agreed to use a gun on them if they came to black them, Parker to do the shooting and Fairley to stay in bed. Before day Fairley, hearing a noise at the door got up and Parker, not knowing Fairley was up, fired toward the door, hitting his room-mate in the neck and making a slight wound. We, as all other friends of the ones concerned, are sorry that the thing happened but for one we admire the pluck of those Monroe boys in keeping the hazers out of their room. Some-body has been fooling us into the belief that hazing at the University nad stopped-Monroe Enquirer.

# COL. W. P. WOOD NAMED.

The Democratic State Executive Committee found it difficult last Thursday night to decide between patriotic gentlemen whose names were presented for nomination as State Auditor to succeed the late Dr. B. # Temperance a Health Problem.

The keynote of the new spirit in temperance teaching was sounded the other day by Dr. George W. Webster, President of the Illinois

Board of Health, when he said: "More may be accomplished by teaching the people the truth in regard to the fatal effects of alcohol upon mental and physical efficiency than by expatiating on the mora

wickedness of drinking."

This is a doctrine which everybody interested in the genuine development of temperance would do well to bear in mind. Long-haired orators who come around aud grow Greensboro Gets Home.
