How To Stop Stubborn Cough

We don't mean just stop the irritation in your throat—but cure the underlying cause.

Cough syrups cannot do this. It takes a constitutional tonic body builder to do the work properly—and cure you to stay cured. Vinol is the remedy you need.

HERE IS PROOF

Mrs. Minnie Osgood, of Glass Falls, N. C., writes: "After trying several remedies for a bad cough and cold without benefit, I was asked to try Vinol. It worked like magic. It cured my cold and cough and I gained in health and strength. I consider Vinol the most wonderful tonic and invigorator I ever saw."

If we cannot stop that cough with VINOL—our delicious cod liver and iron tonic—which is made without oil—we will not charge you a cent for the medicine you buy. This seems like a pretty fair proposition—and ought to be accepted. Don't you think so? With this understanding we ask you to try a bottle of VINOL.

Geo. C. Goodman & Co.

A Reliable Cough Medicine
Is a valuable family friend. Foley's Honey and Tar fills this condition exactly. Mrs. Charles Kline, N. 9th St., Boston, Pa., states: "Several members of my family have been cured of bad coughs and colds by the use of Foley's Honey and Tar and I am never without a bottle in the house. It soothes and relieves the irritation in the throat and loosens up the cold. I have always found it a reliable cough cure." Miller-White Co.

FOLEY'S HONEY AND TAR
In all drug stores, or direct from Miller-White Co.

BEAUTIFUL TRIBUTES ARE PAID TO MEMORY OF SENATOR RANSOM.

"This evening we lift the veil and look upon the face of him whom all Carolinians knew and loved. It is the image of the scholar, the orator, the soldier, the statesman, the patriot who loved the South as he loved his life, and loved North Carolina even more than the South—the peerless Ransom!" Thus spoke Secretary of State J. Bryan Grimes, who is also chairman of the State Historical Commission in his speech of presentation at the ceremonies held in the hall of the House of Representatives last night incident to the unveiling of the bust of the late Senator Matt W. Ransom in the rotunda of the capitol. The bust was presented to the State of North Carolina by the State Historical Commission, and the speech of acceptance was made by Governor W. W. Kitchin, whose well chosen words were exceedingly appropriate and patriotic.

"The Life and Character of Matt W. Ransom" was the subject of the principal address of the exercises, the speaker being ex-Judge R. W. Winston, who raised the funds necessary for the production of the bust at the request of the State Historical Commission. In the glowing tribute which Judge Winston paid to the deceased, he said: "Senator Ransom was no such trained lawyer as Senator Badger. He was not a student and a scholar like Senator Graham. He had not the technical knowledge of Senator Haywood, nor was he the popular idol like Senator Vance, but his influence with the President of the United States, with the departments, and with his colleagues in the Senate, and in the service which his peculiar talents enabled him to render to the South, he was superior to them all. In fine, Ransom was the Senator, every inch of him."

Other able and interesting addresses were made by Col. A. H. Boyden, Senator from Rowan, and Mr. B. S. Gray, representative from Northampton county. A great throng of Raleigh people and visitors to the city witnessed the unveiling and attended the ceremonies, which were deeply impressive and beautiful.—Charlotte Chronicle.

For LaGrippe, Coughs and Stuffy Colds
Take Foley's Honey and Tar. It gives quick relief and expels the cold from the system. It contains no opiates, is safe and sure. Miller-White Co.

The Little Tent.

Foley Kidney Pills
Are tonic in action, quick in results. A special medicine for all kidney and bladder disorders. Mary C. Abbott, Wolfboro, H. E., says: "I was afflicted with a bad case of rheumatism, due to uric acid that my kidneys failed to clear out of my blood. I was so lame in my feet, joints and back that it was agony for me to step. I used Foley Kidney Pills for three days when I was able to get up and move about and the pain was all gone. This great change in condition I owe to Foley Kidney Pills and recommend them to anyone suffering as I have." Miller-White Co.

FOR TRANS-STATE HIGHWAY.

A special sent out from Raleigh to the Charlotte Observer, says: The movement for a great trans-state highway from Beaufort harbor to the Tennessee line is given impetus by action of the Wake County Good Roads Association through requests to good roads advocates in all counties, through which the highway is to pass, asking them to bestir themselves among the people for proposition. The proposed central highway is to run through Newbern, Kinston, Goldsboro, Smithfield, Raleigh, Durham, Hillsboro, Graham, Greensboro, High Point, Thomasville, Lexington, Salisbury, Statesville, Hickory, Newton, Morganton, Marion, Asheville and Marshall. The State highway commission is to locate the road and each county authorized by the Legislature to appropriate \$50 a mile of road in its borders. A general convention of the counties interested is called to meet in Raleigh Tuesday, February 14, and each county, city and town is requested to send delegates, as are also civic bodies along the proposed route. A bill is to be gotten through the Legislature.

Foley's Kidney Remedy—An Appreciation.

I, McConnell, Catherine, Elmira, N. Y., writes: "I wish to express my appreciation of the great good I derived from Foley's Kidney Remedy, which I used for a bad case of kidney trouble. Five bottles did the work most effectively and proved to me beyond doubt that it is the most reliable kidney medicine I have ever taken." Miller-White Co.

Spencer Furnishes the World's Youngest Grandfather.

Spencer, Jan. 12—Mr. V. H. Bryson of Spencer, it is believed, holds the record as the youngest grandfather in the world his age being 33. He was married when 14 years and age his wife being only thirteen and one half. His oldest son was married at the age of 17 and who at the age of 18 years presented to the elder Bryson a grandson, the grandfather being less than 33 years of age. Early marriage appears to run in the family, Mr. R. P. Bryson, father of V. H. Bryson, grandfather of J. W. Bryson, and great-grandfather of the younger generation, having been married when under twenty years of age. The grandfather, who was a Methodist minister, was accidentally killed in the Spencer shops on the 6th inst.

Beware of Ointments for Catarrh that Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by all Druggists. Take Hall's Family Pills for Constipation.

Our Proposed Dog Law.

A petition is being gotten up in Cabarrus county to get rid of worthless dogs, and in a few days will be submitted to the voters. The petition advocates a tax of \$1.00 on all dogs in the county, one half of which will go to the school fund and the other half for the protection of birds and other beneficial game to the farmers. If it becomes a law it will result in killing off half of the worthless dogs in Cabarrus, and at the same time the valuable dogs will be made subject of larceny and protected by law. The Concord Tribune says it is claimed that \$1,500 is a conservative estimate of the revenue that will be derived from such a law.—Salisbury Post.

Old Soldier Tortured.

"For years I suffered unspeakable torture from indigestion, constipation and liver trouble," wrote A. K. Smith, a war veteran at Erie, Pa., "but Dr. King's New Life Pills fixed me all right. They're simply great." Try them for any stomach, liver or kidney trouble. Only 25c at Geo. C. Goodman & Co.

The Methodist Orphanage.

Rev. J. P. Rogers, Field agent for the Methodist Children's Home, this city, has done some good collecting for that institution during the past year. To date he has raised by subscription \$54,000 which will be used in erecting buildings, etc., and aid in making this institution one of the best in the State. Let us say that in the matter of support, in addition to the above, the Methodists of the Western, N. C., conference are contributing liberally. It is a worthy work and a credit to Methodism and the spirit of benevolence which actuates every effort.—Winston Journal.

Owing to the continued illness of Mr. W. A. Bailey, Davie county will not be represented in the present legislative session.

DESCRIPTIVE ILLUSTRATION.

A handsome and well illustrated booklet, descriptive of the agricultural resources and products of North Carolina, has just been issued by the Land and Industrial Department of the Southern Railway, for distribution in the North and West in connection with the work which the Southern is doing in the effort to attract desirable settlers to the Southeast. The volume is the fourth in a series on the different States traversed by the Southern. It is not for circulation in the South, but will be given a wide distribution in sections where it is believed the greatest good can be accomplished.

The agricultural and forest resources of North Carolina and the opportunities in general farming, stock raising, fruit and vegetable growing that await the home seeker as well as the many advantages offered for various branches of manufacturing in the many prosperous cities and towns are treated extensively. Full information is given concerning the character of the soils, while special attention is directed to the delightful climatic conditions which have given North Carolina wide fame as a resort State, both summer and winter. The great yields of corn and other grains, grasses and forage, potatoes and truck, as well as cotton and tobacco, are interestingly set forth as are the advantages of growing apples and other fruits and for raising cattle, sheep and hogs. This booklet will be placed in the hands of a large number of settlers of just the kind the South wants, and it should prove of great value to North Carolinians.

In this work for the upbuilding of the South the Southern Railway desires and appreciates the co-operation of the people of the States which it serves, and any citizen of North Carolina or any other Southern State who wishes this publication placed in the hands of a friend or acquaintance in any locality in the North or West may have this done by sending the name and address of such friend or acquaintance to M. V. Richards, Land and Industrial Agent, Washington, D. C.

Saves Two Lives.

"Neither my sister nor myself might be living to day, if it had not been for Dr. King's New Discovery," writes A. D. McDonald of Fayetteville, N. C. R. P. D. No. 8. "For we both had frightful coughs that no other remedy could help. We were told my sister had consumption. She was very weak and had night sweats but your wonderful medicine completely cured us both. It's the best I ever used or heard of." For sore lungs, coughs, colds, hemorrhage, lagrippe, asthma, hay fever, croup, whooping, cough, all bronchial troubles.—Its supreme. Trial bottle free. 50c and \$1.00 Guaranteed by—Geo. O. Goodman & Co.

Fearful Results of Children Playing With Matches.

A most distressing affair occurred at Mr. L. O. Emerson's farm, about a mile south of Salisbury yesterday afternoon, in which little Helen, the 3-year-old daughter of Mr. and Mrs. Will Winecoff, was burned to death. Together with her little brother, Hampton, who is about 5 years old and Ernest Safrat, also about 5 years old, who lived near her home, the little girl was playing about the barn of Mr. C. A. Ritchie, an adjoining neighbor. The little boys, it appears, had some matches and in striking them set the barn on fire. The clothing of the little girl caught from the flames in some way and she was so terribly burned before being rescued that she died in agony an hour afterwards.

Death in Rearing Fire

may not result from the work of fire-bugs, but often severe burns are caused that make a quick need for Bucklen's Arnica Salve, the quickest, surest cure for burns, wounds, bruises, boils, sores. It soothes inflammation. It kills pain. It soothes and heals. Drives off skin eruptions, ulcers or piles. Only 25c at Geo. O. Goodman & Co.

The Gloves, the Gasoline and the Stove.

Mrs. Walter H. Mendenhall was burned Monday while cleaning a pair of gloves with gasoline. She had the gloves on her hands and had finished washing them in gasoline when the accident occurred. She was near the stove and a few drops of the inflammable fluid happened to reach the blaze and in a moment it flashed into the pan containing the gasoline, catching the gloves immediately. Mrs. Mendenhall had the rare presence of mind to seize some sofa pillows and other articles at hand and smother the flames and she escaped with few injuries. There were some small burns on her hands and a few about her face.—Lexington Dispatch.

The North Carolina grand lodge of Masons last week re-elected Grand Master R. N. Hackett, of North Wilkesboro; Deputy Grand Master W. B. McKoy, of Wilmington; and other grand officers for the ensuing year.

A COTTON CHOPPER.

A Cabarrus County Man Invents a Labor Saving Machine.

Mr. R. L. Hartsell, of No. 10 township, Cabarrus county, has recently received letters patent for a cotton chopping machine which he has invented. The Greensboro News says: R. L. Hartsell, of Smithford, an inventor and patentee of a cotton chopper in combination, is in the city in the interest of his invention with a view to having tests made before a party of local capitalists, who are considering the foundation of a company for the manufacture of cotton chopping machines. A practical machine is being constructed in one of the local shops from the small model on which the patent was secured. It will be completed in about a month, and it is likely that if a suitable demonstration is made a company capitalized at \$75,000 will be formed, and the plant erected here.

The cotton chopper is built with a double edge oscillating hoe, cutting at each stroke, the hoes being properly shaped at the edge for this, and is driven by a change speed gear, cutting any desired stroke from 6 to 15 inches in order to suit the thickness. The bearings of the hoe shaft are provided with a spring so as to give up when in contact with a stone or other obstacle, and with a hand lever to raise or lower same to suit irregularities of surface. The hoe can be adjusted by a lever to make the desired strokes and for cutting cotton to a desired stand. Following the hoe are a pair of angle scrapers, adjusted and cushioned with springs to suit hard land or loam, scraping the young grass towards the middle of the row.

It is provided with cultivator plows following the scrapers, turning loose clean soil back upon the row, thus doing the work of about eight or ten men the old way, and doing it so as to suit the most fastidious person. This machine is arranged by mechanical skill that every part is an adjustable one independent of the other. To suit irregular surface and by means of an arm and sleeve the entire machine can be raised to the end of the guide row by the use of one lever. The machine as an entirety is perfectly adjustable at the operator's pleasure, chopping the cotton, scraping young grass away and cultivating the cotton all at one time and by one operator.

The Kind You Have Always Bought Bears the Signature of *W. A. Miller*

A Book-keeper's Account of Hens.

Please allow me space in your valuable paper to show to the people of Union county what can be accomplished with a few hens, provided they are the right kind of fowls.

In my back yard, which is about 75x80 feet, on January 1, 1910, I put four hens and eight buff orpington pullets. From January 1 to December 31 1910, I gathered 1,392 eggs. These same hens hatched 137 chicks, with one hen to come off yet.

The following is an itemized statement for the year 1910.

Cr. Account.	
Dec. 31, 1910.	
22 hens on hand at \$1.....	\$22.00
19 chickens sold at \$1.....	19.00
3 chicks given to a son at.....	3.00
35 chicks used at 30c.....	10.50
63 dozen eggs used at 25c.....	15.75
27 1/2 set. eggs sold at \$1.....	27.50
3 settings eggs given away.....	3.00
2 fryers at 25c.....	.50
4 chicks at 12 1/2.....	.50
	\$101.75
Dr. Account.	
Jan. 1, 1910.	
12 hens at \$1.....	\$12.00
Feed account.....	27.93
Insect and dusting powder.....	1.00
	\$40.93
Total.....	\$60.82
Net profit on 12 hens.....	\$60.82
The profit would have been much larger, but during the first ten days of June the cats got thirty of my best chicks.—James McNeely, in Monroe Enquirer.	

For either acute or chronic kidney disorders, for annoying and painful urinary irregularities take Foley Kidney Pills. An honest and effective medicine for kidney and bladder disorders. Miller-White Co.

Capt. J. W. Copeland has sold the Alkalithia Springs property, near Taylorsville, to Mr. O. F. Poole, of that place. Mr. Poole will move to the springs and run the place as a resort.

The House committee on roads and turnpikes has decided to report favorably the bill to establish the Lenoir-Blowing Rock turnpike with the use of State convict labor, the State to receive stock in the road.

STATE NEWS.

Mecklenburg county has more miles of macadam roads than any other county in the United States.

Editor Clarence Poe, of the Progressive Farmer, who is making a tour around the world, expects to reach home in March.

Contracts have been let for the erection of a new theater for Winston-Salem, to cost \$11,000. Equipments will cost \$7,000.

Rev. George Cates, the Baptist evangelist, who was ejected recently from a Southern railway train, in Buncombe county, has filed suit against the railroad for \$100,000 damages. He alleges that he suffered internal injuries and great humiliation by the treatment.

The director of the census told the Asheville Gazette-News representative that a recount at Asheville could not be allowed under any circumstances. The time for such action has passed since the figures already announced have to be reported to the house and will be used as a basis for a new apportionment.

Mr. James B. Duke, president of the Southern Power company and head of the American Tobacco company, is looming big on the commercial horizon of the South Atlantic states as a developer of resources equal in potentiality to James J. Hill, the father of the northwest and admittedly the greatest developer of the age.

Editor Whitehead, of the Wilmington Lumber Journal, caused a stir in the Marble room at Washington by importuning a southern senator to vote for Lorimer because the Illinois senator voted for duty on lumber. The senator, whose name is withheld for the present, dismissed Whitehead from his presence. The affair is causing considerable talk about the capitol.

"We have about one hundred magistrates in my county who are costing over \$700 and don't want to be burdened with any more," declared Representative Ewart Friday in offering a resolution in the House protesting against any more justices of the peace for his county. Some colleagues provided him with the suggestion that these justices' being Democrats rather than of his political persuasion accounted for his protest.

Look for the Bee Hive

On the package when you buy Foley's Honey and Tar for coughs and colds. None genuine without the Bee Hive. Remember the name, Foley's Honey and Tar and reject any substitute. Miller-White Co.

The Hogish Consumption of Hog Meat.

When asked how the health of the community was, a few months ago, a well-known physician of this place replied: "It is splendid. Very little sickness, but hog-killing time is now here and there will be something doing before long." Do you ever stop to consider the fact that a large per cent of the disorders of the human body are caused by eating hog meat? Especially is this true among children. We have seen small boys eat enough sausage for two grown people and then cry because they didn't have enough—and it wasn't long before they cried again. This time because they had too much. It is a fact that hog meat is the most unhealthful article that we use daily. It might not deal so badly with our system if we would eat the proper amount and quit, but it seems to be the tendency of too many people, when they start to eating hog meat to carry out the nature of the hog itself. It is claimed by some that we imbibe into our very nature the qualities of animals whose flesh we feed upon. If this be true, then is it any wonder that we so often overrate ourselves when we sit down to a dinner of pork? These are things for us to think about. Certainly parents should see to it that children are properly fed, whether their food consists of hog meat or of something else.—Marshville Our Home.

WOOD'S HIGH-GRADE Farm Seeds.
