Negro News

Car Load of Heifers

Plans are going forward for the car load of high grade Jersey heifers which will be ordered for Gates county farmers. It is hoped that enough farmers will give their orders to the Negro county agent by the end of the week so that the order

may be sent in to the State Extension Service on Monday, October 25. A large number of farmers have already given orders. This is a real opportunity for anyone who wants a good cow to get one at a little cost. By getting a car load of heifers, we will save on transportation since they will be unloaded here in the county. Let's remember that no farm is complete without a dairy cow.

Meetings Planned

Plans have been completed for four community meetings which will be held in Gates county this and next week. Judge A. P. Godwin and Robin Hood will discuss the War Bond Drive and the Negro county agent will speak and hold conferences with the farmers regarding dairy cattle, small grain and poultry. The dates and places are as follows: Corapeake school, Wednesday, October 20 at 9 o'clock; Reid's Grove school,

Gatesville, Thursday, October 21, at 9 o'clock; Lebanon Grove church, Gatesville, Friday, October 22, at 8 o'clock and Gates Training school, Sunbury, Wednesday, October 27, at 9 o'clock.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel laden phlegm and aid nature soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

"Naturally, I don't know when the war will end..."

"The sooner the better, is all I can say. But I know that until it ends, you and I have a duty to your car that gets more important every day..."

"EVERY CAR that still runs is an essential cog in the country's whole transportation scheme. As the older cars quit, the ones still left get more and more essential.

"I'm not making scare-talk when I say that even standing in a garage most of the time, your car gets run down. Metals corrode. Oil gets dirty and sludgy. Grease dries out. The battery runs down. Spark plugs get fouled up. Radiator hose connections go bad. Tires get soft, so the sidewalls bend and crack.

"In these times, it's a crime to let this happen. Because you don't have to! Almost anyone's car can see him through, if he'll give it a chance.

"We're still here with everything it takes to help protect your car, whatever make it is. You find us short-handed sometimes, but we're long on experience and good equipment and reliable Esso products.

"However little you drive, you need winter oil and a winter grease job. Your battery fit and strong.

Your radiator tight and ready with anti-freeze. Your tires checked over, maybe switched around to get the most out of them. This is mighty important right now — to keep your car in service for the duration. Come on in. Right this week. Winter's getting close!"

OIL IS AMMUNITION... USE IT WISELY. EVERY DROP SAVED SHORTENS THIS WAR!
