Fuel Users To Get No More Than Last Year

County fuel oil users will not be able to get any more fuel oil during the coming winter than they did last year in view of expected scarcity of fuel oil later in the year, the chief clerk of the local rationing board said here today.

To plan for rationing of fuel oil, representatives of the War Price and Rationing Board recently met with district OPA of-

ficials and completed plans for the new heating year.

"Uppermost in importance right now," the chief clerk said, "is the filling of fuel oil tanks by users as soon as possible. Application blanks for the 1944-45 heating year should be returned to the local War Price and Rationing Board as soon as possible so that the fuel oil coupons may be issued and the fuel oil purchased and stored in the tanks during the summer."

"Transportation facilities are expected to be so heavily taxed this fall that fuel oil may become very scarce in this section. The filling of fuel oil tanks to capacity this summer will help the situation in the fall and winter," it was said.
