### Airplane Stamp No. 3 Good for Pair Shoes

Following its previous announcement that a new shoe stamp would be validated, the Office of Price Administration has said Airplane Stamp No. 3 in War Ration Book Three may be used for buying one pair of rationed shoes beginning November 1.

The new stamp, like Airplane Stamps 1 and 2 now in use, will be valid indefinitely.

### TWO MISSING

(Continued from page 1)

in a telegram received by Mrs. Holloman Monday morning.

Cpl. Graham Worrell of Eason's Cross Roads was wounded when his jeep ran over a land mine.

#### Pvt. Jones

Mrs. Jones has just received the Purple Heart and a letter written by Private Jones after his hospitalization, the Purple Heart coming on the same day on which she received the message that her son is missing in action.

Private Jones has been overseas since May, 1944, and was serving in the infantry. Before entering the Army he was a welder in the Norfolk Navy Yard. He graduated from Sunbury High School and is a member of Parker's Methodist Church.

Mrs. Ruth Hollowell of Corapeake is a sister, and a brother, Chief Warrant Officer E. Corbell Jones, USN, is at sea.

#### Sgt. Liniger

Award of the Air Medal for "exceptionally meritorious achievement while participating in sustained bomber combat operations over enemy occupied Continental Europe" to Sgt. Liniger was announced by an Eighth Air Force bomber station in England soon after news that he was missing reached Gatesville.

Waist gunner on a B-17 Flying Fortress, Sgt. Liniger was taking part in attacks being carried out against targets in Germany and the occupied areas by the American Air Forces. He was serving with a Fortress group that is a veteran unit on the European aerial front.

Sgt. Liniger is 20 and was a student at Edwards Military Institute in Salem prior to entering the service.

#### Cpl. Worrell

Cpl. Worrell, son of Mr. and Mrs. W. R. Worrell of near Eason's Cross Roads, was wounded early in October either in France or Germany when the jeep in which he was riding ran over a land

mine and exploded it, according to a message received by his parents.

Cpl. Worrell received his training at Fort Eustis and Fort Monroe. His wife, the former Miss Edith Hoggard, lives with her parents in Portsmouth.

The message did not say whether Cpl. Worrell's injuries were serious.

## That Clean Lamps Mean Better Light-Better Sight

**ARE YOU** getting all the light you pay for? Even though electricity is cheap and unrationed, and even though you certainly know the value of good light for good sight... you may be overlooking one thing.

**The GRIMLINS may be stealing much of the light you should be getting from your lighting fixtures!**

Yes, even a thin film of dust or dirt over lamp bulbs can detract from their lighting effectiveness. Dirty reflector bowls, dark or dirty lamp shades, lamp shades of the wrong shape, all of these things are enemies of better light for better sight... and all so easily eliminated!

Why not make it part of your regular cleaning routine to check the cleanliness of your lighting fixtures, your bulbs and shades and reflectors... that way you'll get the MOST out of your CHEAP electricity!

**1. Clean lamp bowls and lamp bulbs regularly. Dry thoroughly before using again.**

**2. Keep shade linings light and clean. Clean or brush regularly. Repaint or reline dark-colored or parchment shades.**

**3. Place lamps for greatest use... one lamp, properly placed, can serve several needs.**

**4. Do NOT get sockets, plugs or cords wet when cleaning.**

**5. One 100-watt bulb gives more light (50% more) than four 25-watt bulbs**
