Student Writes Winning Essay on Gen. Roberts

Gatesville.—Just before Gatesville school closed for this season, a contest for the best essay written on the life of William P. Roberts was sponsored by the members of the UDC and was opened to the students of the sixth grade only.

Allen Eure, son of Mr. and Mrs. Charles Eure of Roduco, was selected the winner by the judges and Mr. Hubert Eason, well known attorney, presented Allen with a five dollar bill, given by the UDC, on Monday, May 16, just before the school closed its doors for the season.

Here are some of the highlights of the essay written by Allen:

Brigadier General William P. Roberts was born on July 11, 1841 in Gates County. His history has given me the impression that he was brought up in a Southern home and in a christian atmosphere. He believed in the things that he had been taught and in the training which was given to him through his parents. He was definitely a southern patron and believed in its principals.

He joined the Confederate Army before he was twenty years of age. It wasn't long before his "military character" began to show. He possessed qualities only possessed by the greatest leaders of our country enabling him to become Brigadier General in less than six years after his first promotion.

Allen then went on to point out how gallantry, bravery, fortitude, and intelligence helped General Roberts and his men in all they undertook to accomplish. Despite his age General Roberts gained the respect of all his men and he proved to them he was capable of such respect time and again during the Civil War.

In his closing paragraph Allen wrote these words: "While Roberts soldiered, he showed bravery in activities. When he returned to Gates County, he showed courage towards the re-establishment of the state and the restoration of its prosperity."

"General W. P. Roberts died during the year of 1910. This event was the end of a series of leadership only matched by few men. He loved the people he fought with and they dearly loved him."

Two Cars In Smashup Last Weekend

Gatesville.—Patrolman A. S. Godwin reported one wreck in Gates County during the weekend involving two vehicles.

About 7:30 p. m. Sunday, Patrolman Godwin was called to investigate a wreck four miles north of Gatesville on highway 37 at C. C. Ruffin's store.

Robert Knight, 20 year old Negro of Gates, driving a 1951 Chevrolet sedan and Kirk Johnson, Jr., 24 year old Negro also of Gates and driving a 1955 Chevrolet sedan, were traveling north in the same direction on highway 37 when the accident occurred.

According to Patrolman Godwin, Knight was making a left turn in front of Ruffin's store when the car Johnson was driving overtook Knight's car striking it in the rear on the left lane of the roadway causing considerable damage to both cars. Knight and Johnson, drivers of the two cars, managed to escape uninjured.

The estimated cost of damage done to Knight's car in the left rear was \$200. The front of Johnson's car was more heavily damaged and the estimated cost was set at \$500.

No charges have been made pending further investigation stated Patrolman Godwin.

Gates County BRIEFS

But why dost thou judge thy brother? or why dost thou set at nought thy brother? for we shall all stand at the judgment seat of Christ.

For it is written, As I live, saith the Lord, every knee shall bow to me, and every tongue shall confess to God. Romans 14:10-11.

Young son passing school building: "I'm shore glad to see that prison closed for a while."

Many, many thanks to Mrs. Hettie Lassiter of Weldon for the nice birthday card and remembrance on my birthday. It is for people like her that we continue to try to produce interesting copy for our Human Interest column that she praises so graciously. One of the worst troubles with being a columnist is knowing that so many nice people read it each week, yet you are never able to meet even a fraction of them. We gratefully accept any crumbs of thanks that may come our way and this always spurs us to greater endeavor.

Speaking of birthdays, friend S. S. White, who recently sold our highway safety page which is running in the Index, is now over in Bertie County working for the Bertie Ledger. Over in Aulander a lady approached him and asked if he knew my age. From my writing she had gathered the idea that I was about 55. A gentleman thought she was wrong and that I was at least 60 years old. Whitey told them that they were both wrong, and that I was the exact age of Jack Benny.

"Why, declared Whitey, "he never gets past 39."

It is now reliably reported that a new drug called Marezine will absolutely prevent sea sickness, as well as preventing anyone from becoming car sick, air sick or train sick. With a double dose of this remarkable drug, I might even try another trip to Oregon Inlet. In the past I have been afraid to jump a big ditch on account of sea sickness.

June 19 is Father's Day and no doubt the old boy will get it in the neck as usual.

A wife listens to her husband only when he is talking to another woman.

Mrs. J. M. Jolliff dropped in last week to tell us that she really took her money to market in a basket. It developed that she was talking about her eggs that she carried to the grocery for sale or exchange for groceries.

As we have said in this column before, we always need some good pictures. If you have one of you or friends that you think is good and will reproduce on newsprint, send it in to us with a few words about why it was taken and we will use it if we can. But remember we have to have the final say on it as very often a photo that looks good to you will not reproduce. If you have an idea for a good photo or story, drop the editor a line and we'll do the rest. We would like to have more stories and pictures from Hobbville, Sunbury, Corapeake and Gates. We'll return your pictures or if you have the idea, we'll make 'em for you. Let us know what you have. And if your picture is too small, send us the negative along with the photo and we will make it big enough to fit news columns.

Embroidering Is New Fad for Boys

Gatesville.—Since school is out and the youngsters find lots of spare time on their hands, they are always looking for new means of entertainment.

It seems the latest fad to hit the eleven and twelve year old boys of Gatesville is embroidering! The rain, which caused them to stay indoors, might have a little something to do with it.

Monday morning, George Williams, Jr., Dale Morris, "Fleet" Plyler and Dennis Joyner stopped by the office on their home well equipped with embroidery floss, needles and hoops. Seems as if they were going to give this new fad a try. . . and maybe keep out of their mother's hair a few minutes. "It is different and should be lots of fun," they said. Who knows but what one of us might turn out to be a famous "seamstress!"

Thieves Break In But Don't Always Steal

Sunbury.—Shades of John Dillinger, Jessie James and the last of the cattle rustlers, but it looks like Johnny Myers rides again for last Thursday night someone entered offices of the Towe Motor Company in Sunbury via the front window.

The burglar made entrance way simply by hurling a rock through the window, then reached inside and unfastened the steel frame. Only items missing was the keys to one of the used cars and a license plate. The car to which the keys belonged was not bothered and a small amount of change and pennies were not taken.

On the same night someone broke into the Sunbury cafe and robbed the juke box. A breakin was also reported from Belvidere. Walter Spence of the SBI is investigating the thefts.

Gatesville.—The bloodmobile is scheduled to come to Gates County on Tuesday May 31, it was announced this week. Donors are urged to be at the Health Department between the hours of 10 a. m. and 4 p. m.

Mrs. Stephen Eure with several women in the community will be on hand to help with the operation.

Gates County has two trips scheduled for the bloodmobile in 1955 and has a year's quota of 170 pints. This means that the bloodmobile will have to collect at least 85 pints on each visit, according to C. Lydon Harrell, M.D., director of the Red Cross bloodmobile program.

Dr. Harrell pointed out that the blood center delivered to hospitals during March, 124 and two third pints of blood each day of the 31 in that month. This did not include shipment to the Department of Defense.

In recent weeks, Dr. Harrell said, the blood center has had a great deal of difficulty and trouble with chapters canceling or postponing operations. Since January 1, the blood center has had five cancellations and four postponements. This greatly interferes with the bloodmobile schedule and the entire blood program, he said.

There has been a heavy demand for the O and B type blood donors during recent weeks, and Red Cross officials are hoping for a large number of these types at the Gates County operation next Tuesday.
