TO PRESERVE CITRON.

Pare the citron, cut into any shape preferred. To each pound of citron put a pound of white sugar. Make a syrup of ten pounds of sugar, one pint of water, and simmer twenty minutes. Then put in the citron and boil one hour, or until tender. Before taking off the fire add two lemons sliced thin and two ounces of root ginger. Do not cook long after they are added and do not stir it while boiling.

PUBLIC MEETING ON TORRENS SYSTEM.

Dear Brother:—The A. & M. College Farmers' E. & C. Union, No. 1047, will have a public meeting at the court-house in Raleigh on Saturday, August 17, 1912, beginning at 11 o'clock sharp for the discussion of the Torrens System for land titles.

There will be speeches by Henry E. Litchford, cashier of the Citizens National Bank; Col. Robert R. Cotten, of Pitt, who had charge of the bill in the Legislature two years ago; J. C. Little, of the Raleigh bar, who is familiar with the working of the system in other States; and Dr. J. M. Templeton, President of the Wake County Farmers' Union.

The discussion will be of interest to all who wish to buy or to sell land, and to all who wish to borrow or to lend money with land as security.

A warm welcome will be given to all farmers whether members of the Union or not, and to others who are interested.

We shall be glad if you can be with us on that occasion.
