

Who Will Get the Prize?

A Fine \$20.00 Columbia Hornless Graphophone and \$5.00 Worth of Records to the Local Union Sending Us the Largest Number of Subscribers by December 10th.

This Fine Musical Instrument Will Become the Property of the Local Union Whose Members Send Us the Largest Number of Subscribers Between Now and December 10th.

All subscriptions sent in, by secretary or other members, will count the same, except that new subscriptions will count twice as much as renewals in winning the prize.

Members of local Unions are not restricted to their own local in securing subscriptions, but can secure subscriptions from any section or from anybody. The Carolina Union Farmer makes no restrictions as to subscribers.

In sending in subscriptions, state plainly whether renewal or not and to what local (always give name and number) they should be credited. Receipts will be mailed each subscriber and to each club raiser. Reports will be given each week showing the standing of the various locals working for the prize.

More about the prize. The Columbia Hornless is the newest musical instrument in the field. It is everything that a high grade musical instrument ought to be, and every Local Union in the State should have one of these for their regular meeting places. If you get this Fine Instrument, you will have no more dull meetings and you will have no trouble to get your full membership to attend regularly.

If you would like to have this instrument in your Local, get to work and start your brother Union members to work also and roll up a big club list to send in. Get your Local officers to work. Get the name of your Local on the Honor Roll next week.
