Au Anecdote of Lincoln. The Rev. Dr. Haney, a pioneer Methodist minister of Canton, Ill, told the following reminiscence of Lincoln:

"I'ne Rev. Peter Akers, an eloquent pioneer Methodist, held a meeting near Springfield some years before the war, and one day Abraham Lincoln and several other lawyers of Springfield drove out to it. Father Akers spoke that day on the 'Sin of Slavery,' and prophesied that in a few years God would wipe out this crime of crimes in blood The sermon was generally regarded as the mouthings of a blatant Abolitionist, and in returning home the lawyers joked and laughed about it Lincoln, however, remained silent and grave. His companions asked him: 'What do you think of Brother Aker's sermon?'

"Mr. Lincoln replied as follow: 'Well, I confess that I have never before been so deeply impressed by human utterance. I have never thought we should have war over slavery or any other question. But those utterances to-day seemed to come from beyond the preacher. They came to me as real and awful prophecy. More astonishing than all, and you may laugh if you will, I seemed to be thrilled in my very soul with the conviction that I am in some way to have a tremendous responsibility in that
