When Will the Democratic Party Die?

When the lion eats grass like an ox,
And the fishing worm swallows the whale;
When serpents walk upright like men,
And doolittle travel like frogs,
When the grasshopper feeds on the hen
And the elephant roots upon trees,
When Thomas cats swim in the air,
And elephants root upon trees,
When insects in summer are rare,
And snail never make people seeze,
When fishes creep over dry land,
And turtles on velocipedes ride;
When foxes lay eggs in the sand,
And women in dress take no pride;
When Dutchmen sing best songs,
And girls get to preaching on time;
When a billy-goat but from the rear,
And treason is no longer a crime;
When the humming bird brays like an ass,
And lumberjacks are made of glass,
When plebeians are made out of glass,
And the hearts of Carolinians of steel;
When ideas grow in poplissitic heads,
And work on the hydraulic ram—
Then the Democratic party will be dead,
And this country won't be worth a d—n.

LIVELY DEBATE IN THE SENATE.

Sensors Chandler, Hill and Martin Pass Compliments.

In the Senate last Thursday night a lively debate sprung up between a number of the Senators over Senator Chandler's resolution on the subject of the late election by the Legislature of Kansas of a United States Senator when Senator Martin was declared to be elected. He began by stating that if the seats of Senator Martin, Kansas and Senator Roach, of North Dakota, were to be vacated, the Legislatures of those two States now in session could elect Republicans; and the Democrats in the Senate, even if they retained the votes of Senators Kyle, of South Dakota, and Allen, of Nebraska, (Populist) would lose control of the Senate and there would be a majority of two against them. It had been always his judgment that the best way to get about vacated, and his resolution would certainly be adopted if the Senate would act upon indisputable facts. The Republicans and Populists of the Kansas Legislature had been hoodwinked into electing Mr. Martin, who at once became in the Senate a most uncompromising and relentless Democrat.

From Kansas, Mr. Chandler passed to North Dakota, claiming that Mr. Roach had been elected by interference and manipulation of the basest sort. He charged Mr. Gorman with having thwarted investigation into Mr. Roach's case, and read voluminous extracts from the Congressional Record to prove it. "And now," he said in his bitterest tones, "the cashier of the Citizens National Bank of Washington represents the State of North Dakota in the appropriate garb of a Democratic Senator."

When Mr. Chandler took his seat, Mr. Hill rose and said, in serious tones: "I will now speak on the appropriation bill" [Laughter], and he proceeded to make a scorching attack upon Mr. Chandler. Said Mr. Hill, with great earnestness and passion: "I could forgive him what he said about the Senator from Kansas (Mr. Martin) but I cannot forgive him for the way in which he has treated the Senator from North Dakota (Mr. Roach)." [Applause.] The Senator said that he had no pleasure in attacking Mr. Roach, but he did believe that a single Senator who heard him say that believed a single word of it. A hyena that was seeking to tear a woman limb from limb might just as well turn round and say that it took no pleasure in the attack; and I would believe the hyena just as quickly as I would believe the Senator from New Hampshire.

"Have you forgotten what took place in 1876? Have you forgotten what party it was that cheated Samuel J. Tilden out of the presidency, to which he was elected by a popular majority? Do you recollect the conduct of our friend Chandler, when he went to Florida to steal the State from the Democracy and give it to the Republican party. [Some applause in the gallery.] He is the last man in the world to make charges against the Democratic party. I hate a hypocrite, beyond all other men. I do not like the man who stands up and says 'I am holier than thou.' The Senator from New Hampshire need not deceive himself. His name has not come here to stay. As the Democratic party is the party of the people, the party of the constitution, the party which believes in equal rights and equal privileges, in honest elections and in fair play, that party, though now temporarily in the minority, will certainly rise again, and probably much quicker than the Senator from New Hampshire imagines." [Applause in the gallery.]

Mr. Martin rose to reply to Mr. Chandler, and said: "If the statement he had heard of that Senator were true, or half true, instead of representing the magnificent Commonwealth of New Hampshire in the Senate of the United States, he should be in the penitentiary. New Hampshire," Mr. Martin continued, "used to be represented in the Senate by a man of great intellect, but the eagle had been driven from its nest and a buzzard had taken the eagle's place and vomited forth its filth on every occasion."

Mr. Martin was not permitted to continue. He was called to order and for some time there was much confusion and disorder; but finally Mr. Martin withdrew his objection in words "out of respect to the Senate—but he still retained his own opinion respecting the subject." [Laughter.]

Profit \$88.25 the First Three Days.

A few weeks ago I read in our paper how Mrs. Griffith made a great deal of money selling a new method of putting up fruit. Here is what I did with an Old Reliable Plater. The first three days that I had the Plater I plated 75 sets of knives, forks, spoons, which, when delivered, brought me in about \$32.00; cost of metal about \$3.75, leaving a gross profit of \$88.25 for my time and trouble, and everyone was well pleased with the work and I come home with double the amount of goods to be plated. I average about \$150 per week. I have been a traveling salesman, but have given it up; the plating business suits me. Anyone can obtain an Old Reliable Plater by addressing W. P. Harrison & Co., Columbus, Ohio. Anyone out of work should take this opportunity to get employment and make money.

WITH A DOLLAR AND A HALF.

The Achievements of an Energetic New Yorker in North Carolina.

Phoenix is a dozen years ago Mr. Jno. J. Phoenix landed in Greensboro, N. C., from Rochester, New York. He had, when he got to Greensboro, one dollar and fifty cents, but he had in addition to this sum a very large supply of anxiety to work, and it did not take him long to get at it. He found a friend in the late W. M. Houston, who extended him encouragement and substantial aid. He opened a small produce commission store with Mr. Houston as the real owner and Mr. Phoenix as the manager. The enterprise grew and prospered under his excellent management, and in a few years Mr. Phoenix was a partner. Mr. Houston was killed in the terrible Boston bridge wreck. Mr. Phoenix by this time had engaged himself in the conduct of the business public. He bought the Houston interest in the business and became sole owner, and today he does probably the largest business of receiving and shipping produce of any establishment in the State.

His daily receipts from all over the State of field, garden, dairy and barnyard products are enormous. His acquaintance with Northern buyers gives him a great advantage, and as fast as the products arrive they are reshipped on orders that are at all times on file from Northern and Eastern buyers, beginning in this small way, he has by energy, vim and hard work, pushed the business along, until today the name of John J. Phoenix is known almost from one end of the country to the other. He is a pleasant, amiable young gentleman, with whom it must be pleasant to deal, and around his large establishment in Greensboro you never find the slightest cessation of business activity, dray load after dray load of chickens, turkeys, ducks, geese and other fowls, of butter, eggs, vegetables and farm products of every kind are coming in and going out from morning till night. Day after day out there are others who are engaged in a business that many of our own people would think had very limited possibilities and by pluck and energy made a comfortable fortune and lay on the laurels for still greater achievements—Raleigh News and Observer.

Speaks Very Affectionately.

W. W. Fuller, now of New York, is in the city. He speaks very affectionately of North Carolina, but is naturally pleased with the \$50,000 he is to receive as Attorney for the American Tobacco Trust Co., of Washington correspondence Concord Times.

A SEVERE WINTER.

The Cause of Suffering and an Increase of Disease.

This winter has been the most severe for many years North, South, East and West intense colds and blizzards have prevailed. This will surely cause a great increase of sickness and death. Chronic catarrh and consumption always begins by catching cold. Thousands have started on the road toward a lifetime of misery from chronic catarrh or a sure death from consumption. It is not too late yet to be saved and restored to a life of health and activity. Peruna will do it. It never fails to quickly cure chronic catarrh less than two years old. Of course Peruna cures acute catarrh and thousands of cases of chronic catarrh that have run for many years, but in cases that are of more recent origin it cures, quickly, certainly and permanently. Every case of cold or cough that has resulted in chronic catarrh of our severe winter could now be cured in a short time by Peruna. Not a single one need fail.

All those taking Peruna who desire the advice of Dr. Hartman about their cases should write, giving age, sex, disease and time of sickness, and he will answer free. A few weeks' treatment now will prevent years of suffering, and in many cases, death. Address: The Peruna Drug Manufacturing Company, Columbus, Ohio, for a free book on catarrh, colds, cough, lagrippe and consumption. For free book on cancer address Dr. Hartman, Columbus, Ohio.

Don't Put It Off.

The necessity of a spring medicine is universally admitted. This is the best time of year in which to purify the blood, to restore the lost appetite, and to build up the entire system, as the body is now peculiarly susceptible to benefit from medicine. The great popularity attained by Hood's Sarsaparilla, owing to its real merit and its remarkable success, has established it as the very best medicine to take in the spring. It cures scrofula, salt rheum, and all humors, biliousness, dyspepsia, headache, kidney and liver complaints, catarrh and all affections caused or promoted by the state of the system or impure blood. Don't put it off, but take Hood's Sarsaparilla now. It will do you good.

The prettiest thing the eyes can see is a neat and crowded store, with every clerk a busy bee, and all buyers crying, "More."

The secret of this busy scene and this inspiring sight lies in the use of printers' ink, which keeps off ruin's blight.

It is natural for a merchant to push the sale on those articles that bring the most profit. An intelligent purchaser, however, will insist on examining the different makes and judge for himself. The BUCKSKIN BREECHES have passed the examination and are branded 100 per cent. proof. Stitches double sewed, warranted to fit and not to rip.

Making His Mark in Arkansas.

Mr. Charles Pinnix, formerly of Caswell county, but who is now a young lawyer in Arkansas, is making quite an enviable reputation as a member of the Senate in his adopted State. He is said to be the best speaker and the most influential member of the body, and several of the State papers are booming him for Lieutenant Governor of the State.

Tumors.

Fibroid, Ovarian and many other forms of tumors cured by electrolysis and other means without resort to the knife at the Invalid Hotel and Surgical Institute, Buffalo, N. Y. Only rarely is it necessary to resort to surgical operation. Send 50 cents for pamphlet and references. Address: World's Dispensary Medical Association, Buffalo.

Rheumatism, neuralgia, headache and pains of every kind instantly relieved by Johnson's Magnetic Oil. \$1.00 size 50 cts.; 50 ct. size 25 cts.—Richardson & Farries, Druggists, Greensboro, N. C.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Royal Baking Powder

ABSOLUTELY PURE

There used to be tobacco patches upon some of the old plantations in South Carolina, from which the slaves raised as much of the plant as was needed by the owners and themselves; but not a leaf of it was grown for the trade until a few years ago. Some-times a smoker could buy a few of the "long plantation cigars" made by the darkeys, and we have heard that they were always extolled by the buyers. Within the past ten years tobacco growing has become one of the important and profitable industries of the Palmetto State, and the annual crop runs up to millions of pounds. Some of the growers get a yield of as much as 1,400 pounds to the acre, and sell a well cured lot for twelve or thirteen cents a pound. In the tobacco South Carolina has become a competitor with North Carolina, Virginia and Kentucky, and its influence must soon be felt in the Western and Northern markets.

The facts furnish an illustration of the advantages of that diversification of crops in the South about which the Sun has so often spoken. Every Southern State is giving heed to the advice upon this subject which had been emphasized within recent years.—New York Sun.

Did You Ever

Try Electric Bitters as a remedy for your troubles? If not, get a bottle now and get relief. This medicine has been found to be peculiarly adapted to the relief and cure of all female complaints, exerting a wonderful direct influence in giving strength and tone to the organs. If you have lost of appetite, constipation, headache, fainting spells, or are nervous, sleepless, excitable, melancholy or troubled with dizzy spells, Electric Bitters is the medicine you need. Health and strength are guaranteed by its use. Large bottles only 50c. at Purcell & Dudley's and W. S. Allen's drug stores.

Stanley's Log Jail.

Speaking of the recent burning of Stanley county jail, the Concord Standard says:

This jail, while a very homely building, is said to have been the safest jail in the State, so far as escapes are concerned. It was built of logs, a log wall within a log wall, with chunks of wood, knots and pieces of timber filled in between the two walls. A man with an axe could not cut his way out in a month. Whenever he cut a hole through the inside log wall and removed one of these chunks, another would slip down in its place. He could never reach the outside wall to pry his way out. It is the first and only jail Stanley county ever had.

English Spavin Liniment removes all hard, soft, or calloused lumps and blemishes from horses, blood spavins, curbs, splints, sweency, ring bones, stifles, sprains, and all swellings, known as "Hood's Pills" by use of one bottle. Warranted the most wonderful blemish cure ever known. Sold by W. S. Allen, Druggist, Reidsville.

Rheumatism Cured.

Rheumatism is caused by lactic acid in the blood attacking the fibrous tissues of the joints. Keep your blood pure and healthy and you will not have rheumatism. Hood's Sarsaparilla gives the blood vitality and richness and tones the whole body, neutralizes the acidity of the blood, and thus cures rheumatism. Hood's Pills are the best after-dinner pills, assist digestion, cure headache.

Our readers will find Simmons Liver Regulator advertised in these columns. We advertise it and use it, and we commend it as a safe and excellent medicine. We became acquainted with it in Georgia where it is a standard family medicine. We do not deny the merits of other preparations, but simply state that this one commands confidence. From the "Journal, Lanesboro, Minn."

Simmons' Liver Regulator

Telephone wires are good judges of the temperature. When the mercury is falling they almost sing a tune, caused by contraction.

An old fellow from the country in the city last night was not fast for some time. He said when he first heard the noise he thought it was the seventeen year locusts.—Greensboro Record.

The Old Friend

And the best friend, that never fails you, is Simmons' Liver Regulator, (the Red Z)—that's what you hear at the mention of this excellent Liver medicine, and people should not be persuaded that anything else will do.

It is the King of Liver Medicines; is better than Quinine and takes the place of Pills and Calomel. It acts directly on the Liver, Kidneys and Bowels and gives new life to the whole system. This is the medicine you want. Sold by all Druggists in Liquid, or in Powder to be taken dry or made into a tea.

NEW PACKAGE

See the Z Stamp in red on wrapper. J. H. Stimp & Co., Philadelphia.

Bimetallism.

A number of silver Congressmen have issued an address calling for unity of action upon the part of all Democrats who favor bimetallism. Following are some extracts from the address:

"We believe that the establishment of gold as the only monetary standard and the elimination of silver as a legal tender money will increase the purchasing power of each dollar, add to the burden of all debts, decrease the market value of all other forms of property, continue and intensify business depression, and finally reduce the majority of the people to financial bondage."

"We believe that no party can hope for enduring success in the United States so long as it advocates a single gold standard, and that the advocacy of such a financial policy would be especially fatal to a party which, like the Democratic party, derives its voting strength from those who may, without reproach, be called the common people."

"We believe that a large majority of the Democrats of the United States favor bimetallism and realize that it can be only secured by the restoration of the free and unlimited coinage of gold and silver at the present ratio, and we assert that the majority have and should exercise the right to control the policy of the party and retain the party name."

Relief in Six Hours.

Distressing kidney and bladder diseases relieved in six hours, by the "New Great South American Kidney Cure." This new remedy is a great surprise on account of its exceeding promptness in relieving pain in the bladder, kidneys, back and every part of the urinary passages in male or female. It relieves retention of water and pain in passing it almost immediately. If you want quick relief and cure this is your remedy. Sold by W. S. Allen, Druggist.

A Chicago Musician.

Prof. D. C. McAllister, vocal teacher, studio, Chickering Hall, residence 446 E. 45th street, Chicago, says: "After suffering with grippe and its effects for over a year I was induced to try Germanetuer, which I did with the most satisfactory results, and I do not hesitate to pronounce it a great remedy." It is not necessary to suffer a year or even a month with grippe or its effects. Dr. King's Royal Germanetuer cures it every time and in short order. \$1, six for \$5.

Japanese Liver Pellets are \$5.

Great in their effects; no griping; 50 doses 25cts. Richardson & Farries, Greensboro.

THE UNIVERSAL OPINION

"UNDOUBTEDLY THE BEST."

"I take pleasure in stating that Dr. King's

ROYAL GERMETUER

has been of great benefit to me in all my troubles and nervous prostration. It is quite pleasant to take, and is undoubtedly the

BEST TONIC I KNOW OF

for toning up and it is the only one I know of. JOHN C. BURRUS, Notasuga, Ala.

The very pleasant taste and harmless nature of Royal Germanetuer, its singular merits and unquestioned superiority, recommend it to intelligent people everywhere as the safest, surest and best remedy known to medical science for the relief and cure of indigestion, liver troubles, rheumatism, nervous prostration, kidney and bladder troubles, general complaints, fevers and all Malarial Disorders. \$1.00 a box for 25.00. Sold by Druggists.

King's Royal Germanetuer Co., Atlanta, Ga.
