"Perhaps you would not think so, but a very large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Cyrus Edson.
"It is such a simple thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. There are a great many cases of catarrh and consumption which have their origin in the neglect of the simples precaution of every day life. The most sensible advice is, when you have one. get rid of it as soon as possible. By all means do not neglect it." Dr. Edson does not tell you how to cure a cold but we will. Take ('hamber'ain's 'ough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 25 and 50 cent bottles for sale by Purcell & Dudley Reidsville, and Jesse Carter, Madison.

Dr. Broughton Created a Sensation. A telegram from Roanoke says that Rev. L G. Broughton created a sensation Sunday night in his ser mon of a series on scenes in the life of a fast young man, by uncomplimentary references to a well-known young man, the son of a wealthy and prominent citizen, in such a manner, as to leave no donbt as to the identity of the person referred to. The incident is the topic of much talk, and no little criticism in Roanoke. Dr. Broughton also paid his respects to the popular amusements, and baseball came in for a share of condemnation.
