Mr. W. M. Roach, who stands charged with being implicated in the Morton affair, has returned to his home, on Friday evening last, by emptying the contents of a single barrel shot gun into his brain.

About ten years ago Mr. Roberts became devoted upon the subject of religion, from which he recovered after a few months, and until about three months ago seemed perfectly sane, when he again showed signs of mental depression.

The gun and other dangerous weapons dangerous to life, were hidden from him and his actions were watched until Friday, when he took the contents of the barrel into his hands.

The deceased was a man of family and about 54 years of age. Dr. F. P. Tucker, of Ruffin, has been re-appointed by Clerk of Superior Court, Malloy, as county examiner of the public school teachers of the county for the ensuing year.

The teachers examination, in compliance with the law, will be held in the courthouse in Wentworth on Monday July 6th.

It is said by naturalists that for every human ill there is some antidote; like varioloid and vaccine for the small pox, sulphur for the itch, and the cure for the liquor craze, but when you are rapidly being talked to death by some local "financier" (?) on the financial question, you have passed into that stage where reason has been healed and hope of relief seems unknown.

As a first class summer resort, quiet, healthy and shady, Wentworth is difficult to excel. The summer visitors are already beginning to arrive.

WENTWORTH WAIFS.

DEER STILL FURNISHES NEWS FOR THE REVIEW READERS. Wentworth, N. C. June 9th--The friends of Mrs. Samuel B. Wray, were grieved over her death which occurred in this place last Friday morning at 6 o'clock. Mrs. Wray had almost reached three score years and ten, and had been for the past few years a great sufferer.

She was a consistent member of the Methodist church and during many years of her life, even to its close, she reclined upon a Christian hope, which she had as an anchor of her soul both sure and steadfast, and which entered into that within the veil. She was laid at rest last Saturday afternoon in the Methodist cemetery, Rev. M. Price, her pastor, conducting the services.

This good woman is indeed a sad one, but to the bereaved ones the comforting union comes in nothing but benediction to their aching hearts, imparting to them the consolation and assurance that with her the fight of faith is fought, the prize of everlasting glory won.

Jas. M. Roberts's well known farmer of Rockingham county, committed suicide at his home, four miles east of here, on Friday evening last by emptying the contents of a single barrel shot gun into his brain.

About ten years ago Mr. Roberts became devoted upon the subject of religion, from which he recovered after a few months, and until about three months ago seemed perfectly sane, when he again showed signs of mental depression.

SPAIN WANTS WAR. Springfield, Ohio, June 10. James Croelmann, the exiled Cuban, war correspondent, writes that Spain's wish Spain is inevitable if that country asserts the position heretofore taken. The American people would be thunderstruck when the documents in possession of the State Department are made public. Spain, he says, is anxious for war--twenty-five millions worth of American property is being destroyed in Cuba. According to his story, many Americans have been killed without provision.

Reidsville's Old Pioneer.

At the foot of the mountain, one mile from Critz depot, on the old Reynolds place, lives Major M. Oakes, a native resident of that section of country for thirty years; was mayor of Reidsville, and once a citizen of Danville. He is a farmer now, and although he is nearly 72 years of age, is quite active and keeps his farm in excellent condition.

Major Oakes lives in a large brick house with a porch well shaded by trees, and to sit in it, enjoying the cool breeze and gazing upon the beautiful mountain in front, is perfectly delightful. Indeed it is a pleasant place to visit; the major a genial companion, and his estimable wife one of the best of housekeepers.--Powhatan Bouldin Danville R. G. S. R.

"I have never had a day's sickness in my life" said a middle aged man the other day.

"What a comfort it would be," sighs some poor invalid, "to be in his place for a year or two." Yet half of the invalids we see might be just as healthy as he, if they would only take proper care of themselves, eat proper food--and digest it.

It is so strange that such simple things are overlooked by those who want health.

Food makes health. It makes strength--and wards off sickness. The man who has never been weak or strong because he always digests his food, and you could become the same by helping your stomach to work as well as his. Sherrill's Digestive Cordial will make you strong and healthy by making the food you eat make you fat.

Druggists sell it. Trial bottle 10c. The man with a weight on his leg can't hope to win in the race. A man with a weight on his health can't expect to compete in life and business with those who are more handpicked. If his brain is heavy, and his blood sluggish, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all sickness. Symptoms of it are: sallowness, listlessness, poor appetite, bad taste in the mouth, dizziness, biliousness and lassitude.

Constipation can be cured and cured by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than any medicines which are so strong that they put the system all out of order. The great advantage of the "Pleasant Pellets" is that they cure permanent constipation.

FRESH!

Isn't that a delightfully expressive word? What pleasant thoughts that simple little word might be capable of conjuring in the minds of a person who was not himself to fresh. Speaking of FRESH, there are some things you would like to have fresh and some things perhaps, that would be better for being not quite so fresh. We may be somewhat fresh ourselves. We will fresh. We may be better for being not quite so fresh. We may be somewhat fresh ourselves. We will fresh. We may be better for being not quite so fresh. We may be somewhat fresh ourselves. We will fresh.
