CHINESE WAR NOTES.

Restlessness is increasing in Southern China. The German army will use American horses in China. Canton officials are enlisting Chinese at \$0 a month, twice the usual amount. Russian troops have captured the town of Sakhalin, on the Amur River. Japanese newspapers denounce Emperor William's vindictiveness toward China. Filthy camps of some foreign troops at Tien-Tsin are proving a menace to health. A third brigade has been ordered to China from India, about 6000 men being included. A junk has been seized at Canton with seventy rifles and 10,000 cartridges on board. The American gunboat Princeton has sailed from Amoy for Shanghai to protect Americans. Admiral Seymour has forced the Viceroy of Nankin to give him an audience, after twice refusing. The czar has raised all commercial tariffs except those provided for by treaty to produce war money. The German mission at Nankin, China, has been destroyed, and Wuchow is no longer safe for foreigners. Army officers seeking horses in the United States for the American and German cavalry have difficulty in getting animals. One hundred Chinese reformers have sailed from Vancouver, B. C., for Macao to consider raising an army to assist the allies. British Consul Pfizer and the foreign community at Chung-hing have left for the coast, after being warned by the Government. United States Consul Fowler, at Chee-Poo, China, has received the original of the famous Conger dispatch, proving it to be genuine.

Allies Moving On.

London, By Cable.—The allied troops," says the St. Petersburg correspondent of The Times, "having on August 9, occupied Ho Si Wu, have now moved on toward Mu Chang, without meeting any great opposition. The artillery is being moved satisfactorily, in spite of the bad roads, which the Japanese are engaged in repairing. The Chinese are now concentrated at Hsing Hop Sien, where fighting may be expected."

Senator Ingalls Sinking.

Atchison, Special.—Former United States Senator John J. Ingalls, who is in Las Vegas, N. M., for his health, is sinking rapidly. His son, Sheffield, has started for the bedside of his father. A telegram from Mrs. Ingalls, received here announced the serious condition of Mr. Ingalls, who has been in the Southwest for over a year suffering from throat affection.

Oswald Ottenbeifer, proprietor and owner of the New York Staats Zeitung, is seriously ill at Elk's Park, N. Y.

An Operators Mistake.

Grand Rapids, Mich., Special.—The most terrible wreck in the history of the Grand Rapids and Indiana Railroad occurred about 5 o'clock Wednesday, at Pieron, 29 miles north of Grand Rapids. The Northbound Northland Express collided head-on with passenger train No. 2. Seven lives were lost, and many passengers injured, one fatally. Both engines and the baggage cars were completely demolished.

ANOTHER NEW PARTY

Two Political Meetings in Progress at Indianapolis.

DEATH OF C. P. HUNTINGTON.

Famous Railway Magnate and Multi-Millionaire Passes Away Unexpectedly—His Life and Work.

Indianapolis, Special.—The first day's session of the national Third party convention was devoted entirely to addresses, no formal action being taken beyond the appointment of a committee of three to confer with the anti-imperialists. The sentiment among the independents was strong against the candidates of F. L. McKinley and Bryan. It is said a third ticket will be the outcome, although there is a desire to combine with the anti-imperialists, if possible, and there is a possibility of the anti-imperialists nominating a ticket. The convention of the "independents" was called to order in the Commercial Club rooms by Thomas M. Osborne, of Auburn, N. Y. The number of delegates was not large, but enthusiasm was plentiful. Mr. Osborne stated that the committee calling the convention was appointed in July. "We have chosen," he said, "to be known temporarily at least by the name of the National Party. Both the old parties have grown selfish and corrupt. We are here to compromise not only in matters of judgment, but in matters of conscience in place of Lincoln, Sumner, and Chase we have McKinley, Platt, and Hanna, and in place of Tilden and Cleveland and Russell we have Bryan, Alged and Tillman. We favor a platform favoring anti-imperialism, sound money and civil service reform. With much of the movement of the anti-imperialists or 'liberty congress,' which meets here, we are in sympathy, but to the same time we want it understood that we are entirely distinct and separate from them."

Louis R. Ehrlich, of Colorado Springs, Colo., was then presented as temporary chairman of the convention. Mr. Ehrlich was frequently applauded during the reading of his address.

A Railroad Magnate Gone. Yvette Lake, N. Y., Special.—C. P. Huntington, president of the Southern Pacific Railroad Company, died at his camp, Pine Knot, in the Adirondacks, at about midnight. Heart disease was the direct cause of death. Apparently well on retiring at 11 o'clock, he was taken suddenly with a choking spell, which was quite common with him and which was not thought to be serious, but he became worse. As soon as the seriousness of the attack was realized, a messenger was dispatched to the neighboring camp of Governor Leunberry, for a doctor, and he was on hand in half an hour. Mr. Huntington died without regaining consciousness, not more than three-quarters of an hour having passed between the attack and his death. Mrs. Huntington and Mr. Huntington's secretary, G. E. Miles, were at his bedside at the time of death.

A Man of Millions. New York, Special.—Mr. Huntington's death had little effect on the general stock market. Even his own stocks, chief among which was Southern Pacific, were hardly disturbed. Some large lots of Southern Pacific came out in the initial transactions, but they were promptly taken by banking interests known to represent the late millionaire and as a result the price of Southern Pacific soon rallied from its one-point decline. It seemed to be the general opinion of those conversant with Mr. Huntington's affairs that he had left his properties in such shape as to permit of easy handling by others. Wall street estimates the fortune of Mr. Huntington at from \$40,000,000 to \$50,000,000.

How Far From Peking? London, By Cable.—The only news which takes the advance upon Peking further than Ho Si Wu, comes from Paris. The London morning papers contain nothing to confirm the French report that the allies are within 10 miles of Peking, although a Che Fu dispatch is printed saying that they were within 27 miles of the goal on Saturday.

Filipinos Take Courage. Manila, By Cable.—Reports from the Visaya island shows that there has been increased activity among the insurgents there during the last six weeks. The American losses in the island of Panay last month were greater than in any month since January last. General Mojico, in Leyte, and General Lucban, in Samar, are harassing the garrisons, shooting into the towns during the night and ambushing small parties, firing and then retreating upon the larger bodies. The rebels possess an ample supply of ammunition and are organized to a considerable degree.

THE CRISIS NEAR

Intense Interest in the Present Chinese Situation. SOMETHING EXPECTED TO HAPPEN.

Conger Has Not Received Any of Dispatches Sent Him by Our Government.

Washington, D. C., Special.—The tension of the Chinese situation has been intense throughout the day, for it is apprehended by officials that the crisis has reached an acute stage which cannot be continued many hours without bringing word of momentous import, determining either for good or evil, the entire course of events. It has been a day of extreme anxiety of watching and waiting, with only meagre and fragmentary information as to the military and diplomatic phases. One of the new developments, was the statement that messages are being received from Minister Conger which are not transmitted through any of our officials in China, or through the Chinese minister here, but directly to the State Department. These messages come by the way of Tsi Nan. Some of them cannot be fully deciphered and for this reason the statement cannot be definitely made that the dispatches sent by the government to Minister Conger are received by him. So far as the messages have been deciphered, there is no indication that Minister Conger received any information or dispatches from our State Department. Nothing could be learned of the contents of the dispatches received, although it was stated that there were quite a number from Minister Conger, some coming from the consular officers and General Chaffee, beside those which come direct. The message transmitted through Minister Wu was entirely deciphered in the State Department. During the course of a conversation between Secretary Root and Baron Von Sternberg, the German charge deaffaires, Mr. Root gained considerable information concerning the route which has yet to be traversed by the allied armies. Baron Sternberg told him that Tung Chow was a very strong place, and if the Chinese army should make a stand at this point, the international forces would find it quite difficult to overcome the forts and walls. While it is not known what resistance may have been, or will be made to the advance to Tung Chow, Secretary Root and other officials would not be surprised to learn of a very serious battle at this place.

Negroes Mobbed in New York.

New York, Special.—A mob of several hundred persons formed at 11 o'clock Wednesday night, in front of the home of Police-man Robert J. Thorpe, of Thirty-seventh street and Ninth avenue, to wreak vengeance upon the negroes of that neighborhood because one of their race had caused the policeman's death. Thorpe was stabbed and bruised last Sunday night by several negroes when he was at a meeting to arrest a colored woman. The man who inflicted the most of the injury is said to be Arthur Harris, a negro who came here several weeks ago from Washington. In a few moments the mob swelled to 1,500 people or more, and as they became violent the negroes fled in terror into any hiding place they could find. The police reserve from four stations, numbering four hundred in all, were called out. The mob of white men, which grew with great rapidity, raged through the district, and negroes, regardless of age or sex, were indiscriminately attacked. Scores were injured.

Bird population is declining in every State in the Union except three, viz., North Carolina, California and Oregon.
