Departments College Preparatory Business Training, Bookkeeping, Shorthand, Typewriting, Music, Normal Methods.

Our Next Session will Begin Tuesday, Aug. 29th. Write for Catalogue.

A TOUR OF THE WEST

MANY INTERESTING POINTS ARE VISITED

Dr. Williams, of Reidsville, and Solicitor Brooks, of Greensboro. Are Having a Delightful Trip.

Dr. Williams, of Reidsville, and Solicitor A. L. Brooks, of Greensboro, who have been absent visiting California, the Lewis & Clark Exposition and other points of interest in the West the past month, are expected home within the next few days. The following hurriedly written sketch of the trip from Dr. Williams will prove quite interesting to our readers:

Victoria, British Columbia, July 16.— We came through the blue grass region of Tennessee, which was just perfectly beautiful with its fertile fields of corn, wheat and peas. After spending a day and night in St. Louis very pleasantly we took the Burlington route up the Mississippi river for over 100 miles. This was also beautiful with its bottom of thousand upon thousands of acres of corn and wheat. Then crossing the plains of Kansas and Nebraska, which was nearly 1,000 miles, we at last reached the beautiful city of Denver, where we spent two days quite enjoyably. This is one of the best and most progressive cities we have seen. It is situated in the mining region of gold, copper, etc., of Colorado. Leaving here we spent the day and night at Colorado Springs. The following day we proceeded to go upon Pike's Peak, and we had the pleasure of being upon this mountain in sunshine, snow-storm and rain-storm, all within less than two hours time. While here also we look into the Garden of the Gods, and all I can say is it is both wonderful and beautiful nature. No human words can express its beauties.

Leaving Colorado Springs we passed through the grand gorges situated on the Denver and Rio Grande Railroad. For over 100 miles peaks of mountain rock project on both sides from two to three thousand feet above. We were all day among such beautiful scenery that I'm unable to express in words its magnificence Saturday night of our first week we stopped off at Glenwood Springs, a most fashionable resort of the West, to spend Sunday. This resort is located in the Rockies of Colorado. On Monday we proceeded to Salt Lake City, where we spent two days very pleasantly seeing Salt Lake and the great city of the Mormons. They have in their church the largest pipe organ in the world, purchased at a cost of more than \$200,000. The cathedral is a most wonderful structure, taking over 40 years for its completion.

Leaving here we passed through Nevada and the valleys and the coast range to Sacramento and thence to San Francisco, which is the New York of the West. It is a city of about 300,000 inhabitants, composed of all nations. The Chinese and Japanese seem to be the chief laborers. It was so warm here that after three days we travelled North up the Sacramento Valley, where all day the temperature was from 112 to 116. Being almost exhausted from heat, we decided to stop off at night and spend Sunday at Shasta Springs, California, a most beautiful spot and summer resort, located near Mount Shasta, where the Sura Nevada and coast range come together. It is a famous California resort.

From here we ran up the next day to Portland, Oregon, and spent four days taking in the American Medical Association and the Lewis & Clark Exposition. We were royally entertained at a big reception given by the local fraternity on Tuesday night. A boat ride out to The Oaks, 10 miles from the city, a most beautiful lake surrounded by a forest of oaks, was enjoyed. It is a place of pleasurable pastime. On Thursday they gave us a ride up the Columbia river. It required three large excursion boats to take all of the 2,000 doctors and 1,000 lady relatives of the physicians. At noon they landed us in the woods and gave us a salmon dinner. This is where a majority of the salmons are caught. We then proceeded down the river to the city. This is a beautiful trip and reminds one of going up the Hudson.

That night we left for Seattle, arriving there in the early morning. Here we called on Judge Albertson, originally from North Carolina. He took us out to the club to dine and had us to dinner with him in the evening. This is a very progressive city and the most level in the West; I might say the widest open, and something like a population of 200,000. We spent a most

Pleasant afternoon on Lake Washington and viewed the park and city. It is a hustling town.

We left there this morning, taking the boat Victoria, which is said to be one of the fastest on the Pacific coast, and came across the Puget Sound to this place, which we find to be a most beautiful city of 25,000, and located on Vancouver Island. The government building here is indeed an immense and handsome structure. We leave tomorrow for Vancouver, B. C., and then turn back to Spokane, Wash., Butte, Mont., and Yellowstone Park.

We spent two glorious days with Jeff Penn in Portland and we thoroughly enjoyed him.

Result of Voting Contest.

Miss Aude Cobb, Reidsville,	1,403
Miss Louise Rankin, Monroeton,	1,379
Miss Bertie Lamberth, Reidsville,	550
Miss Minnie Saunders, R. F. D. 5,	529

Miss Annie McKinney, R. F. D. 5,	128
Miss Willie Jones, Reidsville,	101
Miss Anna Bethell, Reidsville,	93
Miss Kate Carter, R. F. D. 2,	50
Miss Annie Williams, Ruffin,	42
Miss Dell Jones, R. F. D. 5,	41
Mrs. Carrie Price, Reidsville,	41
Miss Sallie C. Bennett, R. F. D. 5,	40

Another Prize Added.

The publishers of THE REVIEW are so well pleased with its summer outing contest they have decided to add another prize to the two which have already been offered.

The first, second and third prizes will be awarded to the young ladies who receive the largest number of votes. Three resorts will be given them to select from. These resorts are the Atlantic Hotel, Morehead City; the Mecklenburg Hotel, Chase City, Va., and the Vade Mecum Springs Hotel. The one receiving the largest number of votes will be entitled to the choice of either with all expenses of herself and chaperone paid; the one receiving the second highest vote will be allowed to select the next choice with expenses of herself and chaperone paid, and the third will have the two-weeks' stay and all expenses of herself alone paid.

Any one who desires to do so may yet enter the contest and compete for either prize. There is plenty of time for entries and a little effort may land one of the valuable trips.

Any young lady who desires to enter should decide upon whom she will have for her chaperone and the two respective friends could secure votes. These trips are well worth working for.

In each issue from now until August 18th, at 10 o'clock a. m., there will appear in this paper a coupon entitling anyone securing the same to a vote in this contest, and boxes will be kept at Brittain's Red Front Pharmacy and Fetzer & Tucker's drug store, where all ballots may be deposited.

Those who pay subscriptions between now and 10 a. m. on August 18th will also be given a card good for 40 votes. A 50c subscription will entitle subscribers to 20. Amounts less than 50 cents will not entitle anyone to votes and with our clubbing offers we will only give one card of 40 votes, although the amount paid in may be more than \$1.

Every one will be permitted to pay all they owe on back subscription, but no one subscription can be paid for more than 18 months in advance.

Ballots will be counted every Tuesday and Friday mornings at 9 o'clock, and the result announced in this paper on those days. No one connected with this office will be allowed to vote or assist in counting the ballots.

Captain J. W. Peay and Messrs. R. S. Montgomery and Russell Tucker will count the ballots and issue the cards to THE REVIEW to be given out to its subscribers.

Bent Her Double.

I knew no one for four weeks when I was sick with typhoid and kidney trouble," writes Mrs. Annie Hunter, of Pittsburg, Pa., "and when I got better, although I had one of the best doctors I could get, I was bent double, and had to rest my hands on my knees when I walked. From this terrible affliction I was rescued by Electric Bitters, which restored my health and strength, and now I can walk as straight as ever. They are simply wonderful. Guaranteed to cure stomach, liver and kidney disorders; at Allen's and Sapp's drug stores; price 50c.

Out on Bond.

Father Rogers, of Raleigh, who shot the young man Dockery some time ago for intimacy with his daughter, was given a preliminary hearing for secret assault and bound over to court in a bond of \$5,000, which was readily made. Dockery is still holding his own and it appears now that he will recover. Bernard, who was implicated in the trouble with Dockery, is still out of the State.

A SUCCESSFUL MEETING

FARMERS' INSTITUTE LARGELY ATTENDED

Many Able Addresses Were Heard and it is Thought that Much Good Will Result From the Meeting.

Wentworth, July 27.—The Farmers' Institute, held here yesterday, was a successful one and much good will result. Dr. Tait Butler spoke on "Corn Stover and its Feeding Value." It is the opinion of many farmers that we are only getting about one-half of the value of our corn under the old method of pulling fodder, etc. All who have ever tried shredding like it and say it is good feed.

Mr. Petree, of Stokes county, made a first-class talk on tobacco. All the farmers present said it was the best talk on the subject they ever heard. His directions as to raising plants, saving seed and rotation for crop were especially good. The following is Mr. Petree's rotation for tobacco: First year, clover; second year, corn; third year, tobacco; fourth year, wheat, peas, rye; fifth year, tobacco; sixth year, wheat. The rotation of Mr. R. W. Scott, of Alamance county, who does not raise tobacco, is as follows: Peas, wheat, corn and peas, oats over; A great number of different rotations were suggested and no doubt many farmers will take up this important subject and practice some method that will improve and not run down their farms.

Other subjects were discussed as follows: "Corn Culture," by C. K. McQuarrie and W. D. Bethel; "Wheat," by J. T. Amos; "Good Roads," by John T. Oliver, all of which were listened to with the best of attention, and in the opinion of all, were first-class.

Rucker-Harris.

The marriage of Miss Lelia Harris, daughter of Elder and Mrs. J. M. Harris, of Reidsville, N. C., to Mr. Albert Maxwell Rucker, of Lynchburg, Va., was solemnized July 23 in the Epworth Methodist church, Norfolk, the Rev. R. D. Smart officiating.

The bride entered with her brother, Mr. Elijah R. Harris, of Norfolk, Va., who gave her away. She was beautifully gowned in white liberty silk, and carried Bride's roses. The groom entered with his best man, Mr. P. Cason, of West Virginia. The ceremony was very sweet and impressive and witnessed only by the bridal party. The popularity of the contracting parties makes this marriage of much interest to their many friends. The bride, with her rare charms, has won many friends in Richmond, her present and future home. The bridegroom, by his sterling qualities as a thorough business man, is exceedingly popular in Lynchburg and Richmond. In the latter city he holds a very prominent position with the Drewery Hughes Company. The wedding gifts were profuse and beautiful, a testimony of the esteem in which they were held among their relatives and friends.—Richmond News-Leader.

The bride recently spent several days with her parents here and the marriage was to have been celebrated at home, but the plans were changed to save the trouble of preparing for a formal affair, the bride's mother being in very feeble health. The bride is a well known young lady in Reidsville, and in Richmond, where she has resided for the past few years. The groom is from one of the Old Dominion's best families, and is a cousin of our townswomen, Mesdames C. J. Mathews and R. M. B. Ellington.

THE REVIEW offers its best wishes and congratulations to the happy young people.

Summer Squibs.

Well, we are still having hot weather, but it takes hot weather and rain to make corn and tobacco grow, so they say.

Miss Betha Calhoun is a guest at Mr. A. W. Daniels' this week.

Miss Ruby Ellington, of High Point, is visiting Mr. and Mrs. J. B. Crafton this week.

Miss Stella Schoolfield returned home from Martinsville one day last week after a pleasant trip.

Mrs. Will Osborne, of Rudd, is visiting her daughter, Mrs. J. B. Gardner, this week.

Miss Mattie Jones, of Ruffin, is spending a few days at the home of Mr. and Mrs. Bob Jones.

THE REVIEW and New York World only \$1.00.
