LOCALETTES.

The first snow of the winter fell today.

Rascoe & Whitsett have sold a handsome pair of cob-tail horses to Dr. Van Rouse, at Asheville, and shipped them to him yesterday.

In our list of the prizes awarded at the chrysanthemum show last week Mrs. James Milton was credited with a prize which went to Mrs. J. W. Milliner.

Mr P. H. Neal has presented to Mrs. E. F. Hall, president of the local chapter Daughters of the Confederacy, a picture of the famous Libby prison.

The county road force was not greatly strengthened at this term of court, as only a small number were sentenced, and those sent will go for short terms.

Two good farmers have recently moved to Reidsville to take advantage of our exceptional school facilities, Messrs R. P. Summers and W. T. Summers.

Captain R. G. Gladstone has issued orders commanding the members of Company G to be in the armory tonight not later than 7:30 o'clock tonight. Business of importance will be transacted.

Counsel for Messrs. Sprinkle, Angle and Young has induced the Circuit Court of Appeals to make an order staying the mandate for sixty days in order to give counsel time to take such further action in behalf of their clients as they may desire.

There was a double marriage Sunday at which Squire Moore, of Brown Summit, officiated, the contracting parties being Mr. William Childress, of Brown Summit, to Miss Lizzie Loftis, of the Lenox Castle section, and Mr. C. W. Jones to Miss Nannie Paschal. All of these young people have the best wishes of THE REVIEW.

Preston Ellington, who was convicted of the larceny of a gun at court last week, was sentenced to four months in county jail. Some of his friends arranged to have him hired out to the town of Reidsville. Ellington is a line-man for the electric plant and it was asserted that the town would be greatly inconvenienced without him.

The ladies who conducted the chrysanthemum show request us to say that four prizes which were offered were not taken as there were no entries and that they were sold at auction and the proceeds added to the fund. These were a carving set, by Giles & Montgomery; a lamp by R. I. Mayo; a subscription to THE REVIEW, and a lamp by H. L. Trotter & Co.

The Carpe Diem Literary Society will give an entertainment in the Seminary Chapel next Friday evening at 8 o'clock. The program is a good one, and a real treat is promised to all who attend. The young people of the society will be assisted in the entertainment by Mrs. Grayson and Miss Carter. Admission: General, 25c, ladies and children, 15c. School Library Benefit.

The marriage of Miss Ida Williamson to Mr. Thomas Stephen Neal, which will occur at the bride's home at Locust Hill tomorrow, will be an event of much interest to the bride's scores of friends in Rockingham and Caswell counties. Miss Williamson is a popular young woman and will have the best wishes of many friends. Mr. Neal is to be congratulated upon his good fortune.

The Graded School Debating Society held its second debate Friday. The subject was, "Resolved, That Foreign Immigration Would be Beneficial to the South." The debaters were: Affirmative—Abe Womack, J. Ben Baisley and Joe T. McKinny; negative—Claude Jones, Robert Walker and Paul Fetzer. The subject was fully discussed on both sides, but the judges decided in favor of the negative side.

The remains of Mr. Frank L. Smith were brought to Stoneville and buried Sunday. He died on Friday afternoon suddenly at 1 o'clock as a result of acute indigestion. He ate a hearty dinner that day and died in the afternoon. He was a son of Mr. Wm. C. Smith, of the upper end of the county. He was married to Miss Mary Lee Moore, daughter of Mr. D. M. Moore, who with one child survives.

North Carolina seems not to have made much progress in the last twenty years. It was a city in that State that supplied a rather celebrated case by prohibiting the use of bicycles. It is a curious coincidence that a North Carolina town should now become notorious for a similar attitude toward motor bicycles. Just as the F. A. M. is today assisting in fighting the Reidsville prejudice, so some twenty years ago the L. A. W. performed like service in Wilmington, N. C.—The Bicycling World.

Mr. Richard C. Hall, employed with the double tracking force of the Southern Railway was struck by fast train No. 36 Saturday afternoon near Stokesland. He was standing on the main line signalling the crew of the work train and did not notice the approach of the passenger train, and was struck by the engine and knocked a distance of fifteen or twenty feet. When picked up a few minutes later by fellow-workmen he was dead, a large hole being cut in the back of the head and an arm broken. Deceased was 26 years old and was a resident of Danville.

Consult the advertising columns of THE REVIEW and you will find many helpful suggestions to aid you in making your fall purchases. Our advertisers are all wide-awake and progressive men and are not so "close" with a measly dollar or two that they can't invite you to their places of business because printer's ink is not to be had for the asking.

The district meeting of the Knights of Pythias for the twelfth district will meet in the Castle Hall of Reidsville Lodge No. 49, at this place on the 28th inst. Grand Chancellor Barnard, of Asheville District; Deputy McLean, of Greensboro, and other prominent members of the order will be present, and the occasion promises to be one of more than passing interest. We bid them welcome and feel assured that the members of the local Lodge will make their stay pleasant while in the city.

Mr. E. J. Justice went to Richmond last night to appear before the Circuit Court of Appeals in behalf of Sprinkle, Angle and Young, the three men in whose cases the Circuit Court of Appeals recently handed down a decision sustaining Judge Boyd. He declined to say what course he would pursue in the matter. Asked when the men would begin serving their sentences in the event of the case not being kept longer in litigation he said the Circuit Court of Appeals could hand down its mandate at its pleasure.—Greensboro Telegram.

THE REVIEW's prediction several weeks ago that this would be a good fall for business, despite the partial failure of the tobacco crop, has come true. There are merchants in Reidsville who say they have all the business they can wait on, and some of them are not advertising because of this fact. The farmers of this section are in good spirits and are spending their money freely. Smokehouses will be full, fine grain and grass crops have been saved and all in all there are good reasons why the farmer should feel comfortable for his year's labor.

The management of the Opera House mixed the dates for the approaching engagement of the Osman Stock Co., and advertised the show for this week. The mistake almost caused a stampede at Fetzer & Tucker's drug store Saturday and yesterday, so eager were people to obtain reserved seat tickets. The Osman Company will be here the week of December 11. Mr. Osman writes the Opera House management as follows: "I had intended to cut out all small places this season—the company is better and more expensive—and your hall if packed every night would not yield me the profit I get in larger places; still we like to meet with friendly people, and certainly the Reidsville folk treated us well."

I will also sell my home place at Sadler's, containing 97 acres, 40 acres of which is in original growth. This is all valuable land and I will be glad to confer with anyone who may be in need of farm property. Can make several of these tracts in sizes to suit the purchaser, and will sell on terms to suit the buyer, or will trade the land for town property. For further information apply at THE REVIEW office or at my home at Sadler, N. C.—J. A. Lovelace.
