Reidsville Keview. Standing of

TUESDAYS AND FRIDAYS. THE REVIEW COMPANY

(Incorporated) ONE DOLLAR PER YEAR

REIDSVILLE, JUNE 21, 1907.

THE ACTION HASTY. ingham county that the county commissioners made a very grave blunder dues or in advance, a card of 100 votes in raising the tax rate 32c on the hun-extra will be issued. dred dollars to defray extra expenses house and for road and school purposes. 200 votes are issued altogether. It is argued, and correctly so, we think, that the increase in property assessments over the valuation four years ago will be a great deal and that the assessors are materially increasing the value of real estate all over the county. This is certainly true in Reidsville township, where, we are reliably informed, property values have been increased for taxation fully 20 per cent.

The county is just beginning to take on new life, home-seekers are coming in looking around for desirable locations in our midst, the waste places are being developed and opened up, and the future gives promise of brighter things The commissioners are acting very unwisely in making any increase in tax burdens that are not absolutely necessary. From a political standpoint it is still more deplorable from the fact that these increased taxes will be in process of collection about the time the people are making up their minds as to who shall fill the various offices. A heavy increase of taxes during a peried of profund peace is sure to be resented by the people and the Demoeratic party in this county will suffer unless the unwise action of the commissioners in increasing the tax levy is

It is the opinion of many well informed people that the tax returns under the new assessment would be ample for the ordinary expenses of running the county and have a handsome sum left over to apply on the court house. This, too, without any increase in the tax rate. As the county has no bonded or floating indebtedness, there could be no objection to defering the payu ent of three or four thousand dollars on the court house account for one or two years.

We hope the commissioners will be moved by motives of party policy, if for no other, to rescind their unwise action in unnecesarily increasing the

Fearful Blood Polsos Cared

A few days ago I was a terrible suf-ferer from blood poison, which seemed to be worse in my hand. If the skin would be broken from any cause the flesh would become inflamed, would itch and burn and develop into sores. Before the birth of one of my children, and several months afterwards. my who'e body became feart len and I was in a serious condition generally. My blood was thin and On one oceasion about this time I broke the skin on one of my fingers one Friday, while attending to my household work. On Monday my hand became fearfully red and inflamed, and my arm was affected to my shoulder. I was confined to my bed several weeks. The hand that was hurt was

in a fearful condition and we all feared lock-jaw. My hand became swollen and shed the skin and was as red and raw as a piece of beef. My suffering was so intense I had o be kept under the influence of morphine for about two weeks. My doctor carried me safely throughout that, but my hand is left drawn and my finger are out of shape and stiff so that I have but little use of them. And for years my blood remained in that condition; every little scratch would give me trouble, many times of a serious nature.

Mrs Joe Person came to see me and persuaded me to use her remedy. I bought a dozen bottles and IT CURED ME, though I took a great deal more. I am so afraid of blood poison that I take a few bottles every spring to be on the safe side, and I never had any rouble. Last year my leg was badly bitten by a dog. which caused my family and me great anxi ty, but it did not even inflame and gave me no trouble. My blood is in fine condition and I believe if it had not been for Mrs. Joe Person's Remedy I should have died. I couldn't have lived in the condition I was in much longer. I cannot express my feelings in regard to it. Its value-
