

How About Your Stoves?

The winter winds will soon remind you that you will need fires during the coming months. Your old stoves may need repairing or perhaps you will need some new ones to take the places of those whose whose days of usefulness are ended.

YOU KNOW WE HAVE BEEN HERE ON THE SPOT A LONG TIME.

And that we guarantee anything we do to give satisfaction. You can have us repair your stoves or we will sell you new ones and you will be satisfied at night that you will not have to collect an insurance policy the next day on account of the installation being improper.

NEWELL'S COAL BULLETIN

I am pleased to announce that I have my new wagon scale ready for use and will weigh every load of coal sent out. I would be glad to have every one call and inspect the scale and see how convenient it is and how nice it works.

It will be only a short while now before my coal yard will be complete and with the very best coals that can be bought I will surely please everybody.

I beg to thank each one of you for your patience with me while making improvements and I feel sure that you will be more than repaid by the low prices I hope to maintain on coal.

The coal market has been very active during the past three months and it looks now like we will have \$7.00 coal this winter, but I am going to continue my cash prices of \$5.50 and \$6.00 as long as I can.

Please get your bins ready before asking me to send coal as my drivers cannot clean out bins, move wood or do a half hour's work to get to your bin without extra charge.

SUICIDE OF YOUNG WOMAN.

Left Letters Indicating Her Betrayal and Ruination.

Greensboro, N. C., November 9.—The peculiar actions of a well-dressed woman who was strolling along through the Guilford Battle Ground Park, six miles from the city, about noon today, caused an inquiry of the police to be sent over the phone by a merchant there. Following up the matter, she was found in a dress were found on the shore at Lake Nofong, and seen the body of an unknown woman was taken from the water.

The dead woman was later identified as Miss Magie Poozand, twenty-two, daughter of Mr. and Mrs. W. L. Poo, of Siler City. She had been employed in the cigar factory here for a year and she was held in great esteem, but letters found at her boarding house addressed to her mother and to a young man to whom she was affianced, disclosed a heart-rending story of betrayal of affection and trust by another man, whose name was given. The letter outlined the route taken by the woman to the battle ground today, showing her dispirited, desperate resolve to die. She had walked most of the way. Two little boys, driving a wagon, told of letting her ride part of the way with them.

The purpose of suicide, without the cause, was imparted to a friend of the woman last night, but upon persuasion she agreed to go home to her parents at Siler City at noon today. The very hour she had walked here, mother that she had to be at her home from her trouble. The parents will be sent home for burial tomorrow.

Tariff Tax Favors the Rich.

In the making of a new tariff law, one would naturally suppose that those least able to bear the burdens of taxation would be discriminated against in favor of those best able to pay the tax involved in any tariff levy. But what are the facts?

The man who imports \$2,000 worth of diamonds pays a tax of five cents to get them to the importer. The importer pays a tax of one dollar each on the diamonds and adds on his selling price \$60.00—60.75 per cent.

If he decided that he would bring in \$1,000 worth of champagne, one of the items upon which there is a large increase, the tax levied by the tariff is \$500. If he brings in \$1,000 worth of blankets he would pay a tariff of \$15.42.

If he brought in \$1,000 worth of paintings and statuary, all he would have to pay as customs duties would be \$2,000, but if it were sugar, he would pay \$78.70 tax on \$1,000 worth.

If he brought in \$1,000 worth of jewelry he would have to pay \$1,000 tariff tax, but if he brought in \$1,000 worth of wool dress goods he would pay \$1,050.72 tariff.

If he imported a \$5,000 automobile the tariff levied would reduce him to \$2,250. If it were \$5,000 worth of furs the tariff tax would be \$1,500, but if it were \$5,000 worth of clothing that tax would be \$4,000.

If some New York millionaire brings in a \$100,000 consignment of goods, the tariff would be \$3,000, but if the importation were stockings the tariff collected would be \$7,500.

An English Author Wrote:

"No shade, no shine, no fruit, no flowers, no leaves—November!" Man Americans would add no freedom from catarrh, which is so aggravated during this month that it becomes constantly troublesome. There is abundant proof that catarrh is a constitutional disease. It is related to scrofula and consumption being one of the leading diseases. Hood's Sarsaparilla has shown that what is capable of radiating scrofula, completely cures catarrh, and taken in time prevents consumption. We cannot see how any sufferer can put off taking this medicine, in view of the wide published record of its radical and permanent cures. It is undoubtedly America's Greatest Medicine for America's Greatest Disease—Catarrh.

Some Hog to Chase.

Madison county is the first place in the field with a host of her big hogs. Others will follow in line as hog killing time comes on, but it is doubtful if any will be found as big as Thos. J. Murray's prize porkers. In the last issue of the Madison County Record he challenges the county in the following advertisement:

"I have two of the finest hogs in the county of their age. Will kill and weigh with any man in the county and J. J. Redmond will tell any man their age. I bought them of him. Either one of them will outweigh the old lady Lueddy Hensley on the head of Little Creek in Madison, and she is so large that not a single sheriff of the county for the last two years has been able to put her in a wagon to transport her to Marshall court to answer the charge of selling liquor."

Pleasant Pastime

Its Really a Pleasure to Cure Catarrh by Breathing Hyomei.

It isn't a pleasure to saturate your stomach with vile nostrums or to shock the tender membrane of the nose and throat with disagreeable sprays and douches.

But strange to say there are a few thousand people who do not keep breathers of the times who are hoping against hope that these ancient methods will rid them of catarrh.

If the readers of The Review who suffer from catarrh want to banish this vile and disgusting disease a complete Hyomei, pronounced High-omei, pronounced Hih-omei, pronounced Hih-omei, out for \$1.00.

If it does not cure it won't cost you a cent because Brittain will give you your money back.

Hyomei is so simple and pleasant to use; pour a few drops from the little into the inhaler and breathe it in. As it passes over the membrane and into the lungs with the air you breathe it soothes the raw membrane and kills the catarrh germs. Don't experiment longer. Leading druggists everywhere sell Hyomei for catarrh coughs, colds, whooping cough, bronchitis, etc.

May Re-open the Road Matter.

Mr. Spooner, one of the State's experts on macadam road building, went over the proposed route for the Wentworth-Reidsville macadam road Tuesday via Terry's creek and also over the middle route via Meador's farm, and stated after fully investigating both that rock in abundance was obtained convenient to the middle route and that the distance from the country seat at Reidsville to that way would be three-quarters of a mile nearer than by the Terry's creek route, and that the cost of this road would be \$2,000 less than if the road was built by Terry's creek.

Some of the citizens of the middle route are circulating petitions asking the commissioners to call a special meeting to reconsider their order and the petitions are being very generously signed. If other routes find as much trouble in getting a route for their roads permanently located as the commissioners of Rockingham seem to be encountering we would like to know how Guilford has ever been able to complete a hundred miles of good road in so short a space of time.

Durham Man Missing.

Contractor J. T. Brooks, a builder who has been living in Durham for many years, left his home last Wednesday and has not been heard from since. Rumor has it that he telephoned his wife that he and a neighbor by the name of Kirkland were to look at a piece of property, and that he would not be home or supper until a later hour than he generally came. He never showed up. Ever since that time there has been an effort to locate him, but he cannot be found and nothing was heard from him. Although his friends say he is deeply in debt, there was nothing criminal about his way of getting money, and that cannot be charged to him.

Kirkland, who was said to have accompanied him on the looking over of this property, has not been found, and there is no way to find out who he was nor where they went.

W. N. C. Conference.

Next week the Western North Carolina Conference of the Methodist Episcopal Church, South, meets and the citizens of Hickory are busily engaged in making preparations to entertain the visitors.

There will be about four hundred delegates to the conference and possibly as many visitors. Homes have been provided for everyone and every possible effort will be made to furnish comfort for all who attend.

A directory has been gotten out, containing the name and house number of the host in which each has been assigned. Copies of this pamphlet will be mailed to all those who are expected to attend.

Peary to Receive \$120 a Word.

The literary end of discovering the North Pole is more profitable than that of running errands in Africa for the Smithsonian Institute. Commander Peary is to get twenty per cent more a word for the magazine story of his achievement than ex-President Roosevelt is getting for his hunting story, and as a rule words do not grow as long in the Arctic as they do below the Equator.

Mr. Roosevelt's price is \$1.50 a word for a story of about 50,000 words that is to run serially in Hampton's Magazine for the next eight months. A statement that the contract had been closed with the explorer was made by Benjamin B. Hampton, the editor.

Forced into Exile.

Wm. Upchurch, of Glen Oak, Okla., was an exile from home. Mountain air he thought, would cure a frightful lung-racking cough that had defied all remedies for two years. After six months he returned, gasping for breath. "Then I began to use Dr. King's New Discovery," he writes, "and after taking six bottles I am as well as ever." It saves thousands yearly from desperate lung disease. Infallible for Coughs and Colds, it dispels hoarseness and sore throat. Cures grip, bronchitis, hemorrhages, asthma, croup, whooping cough. 50c and \$1.00, trial bottle free, guaranteed by W. S. Allen and Putzer & Tucker.

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons.

Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child, for they are mild and gentle in their effect, and will cure even chronic constipation. Sold by Brittain, druggist.

His Friends Get The Favors.

"Those Democrats who opposed the nomination of W. W. Ritchin for Governor have turned to their sorrow, that Ritchin takes care of his friends first, last and all the time. Not a crumb has fallen from the Ritchin pie counter to the hungry bunch of anti-Kitchinites.—Randolph Bulletin.

When a cold becomes settled in the system, it will become a real pain treatment to cure it and the best remedy to use Chamberlain's Cough Remedy. It will cure quicker than any other, and also leaves the system in a natural and healthy condition. Sold by G. W. Brittain, druggist.

A MOCK MARRIAGE.

Young People Have Lots of Fun When They "Storm" Miss Terry.

Quite an enjoyable surprise party was given Miss Ollie Terry at her home on Main street Friday evening by about twenty of her young friends.

Miss Terry and her cousin, Miss Kathleen Terry, who was spending the night with her, were in the midst of an interesting game of "blinch" when a noise was heard of an approaching crowd. The hall doors were thrown open and the following guests were received:

Miss Louise Craig and Mr. Rucker, Miss Louisa Balsey and Mr. Alex. Irvin, Miss Ruth Chance and Mr. Tracy Stockard, Miss Ruth Hairston and Mr. Albert Butler, Miss Jamie Wigbolt and Mr. Sterling Hubbard, Miss Lelia Wilkinson and Mr. Willie Williams, Miss Mary Wright Sapp and Mr. John Giles, Miss Effie Anderson and Mr. Kearns Thomas and Mr. Willie Chance.

Games were the first in order and the merry crowd passed some time very happily in this way when it was decided to have a mock marriage. Miss Jamie Wigbolt, beautifully gowned in gray, was selected to be the bride, and Mr. Sterling Hubbard the happy groom. Mr. John Giles being best man and Miss Mary Wright Sapp maid of honor.

Promptly at 9:30 o'clock, at the sound of the bridal chorus, rendered by Miss Louise Balsey and Miss Effie Anderson, the bridal party entered the parlor and were met at the altar by Mr. Alex. Irvin, who in a solemn manner performed the ceremony. After congratulations, light refreshments were served.

Other games were then indulged in and a very late hour the young people departed, declaring Miss Terry a most charming hostess.

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble.

Write in writing mentioning sending this generous offer in this paper and send your address to Dr. Kilmer & Co., P.O. Box 539, Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
