

### Your Druggist Stops That Itch

If you are suffering from Eczema, Psoriasis or any other kind of skin trouble, drop into our store for instant relief. We will guarantee you to stop that itch in two seconds.

We have sold other remedies for skin troubles, but none that we could recommend as highly as this, a mild wash of Oil of Wintergreen Thymol and a few other ingredients that have wrought such wonderful cures all over the country.

This compound is known as D.D.D. Prescription for Eczema and it will cool and heal the itchy, burning skin as nothing else can.

A 5cc trial bottle will prove it. Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big-profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee—if you do not find that it takes away the itch AT ONCE it costs you not a cent.

**TO MR. SCHOOLFIELD.**  
Sine looking over The Review I've decided to put in a word, too; I am a stenographer fine—Neither use tobacco or wine.

I often think it would be better if we would make short our letter That we too often put in The Review in poetic lines to you.

You've written to "Sweet Sixteen," And "That's Who" probably seen; But I am a Virginia "Who" And take the privilege to write you.

You've been asked for a photo of you By Sweet Sixteen and That's Who, But to get a photo of mine You'll have to drop me a line.

About the good pies and cake— These things I love to bake. To suit a friend like you— I'll beat your girle, "That's Who."

About the house I can do All things for a husband like you; But to get up and make a fire I think I would soon tire.

If in wood you will get I will promise you yet. That the bread and pie Will thick on the table lie.

I can also feed the chicks And do many similar tricks; But to milk the cow and churn I do not know how to discern.

A happy man I could make By baking pies and cake. For you and your guest, But none for all the rest.

If me you wish to see, I may a distance be. For a short, short time, So you must drop me a line.

Others may prove false or true— I am willing to stick to you— If only you will be. A good servant for me.

I have written a verse or two, To make known to you, One that wants to do best— And, that's who,

—"GUESS."  
Roanoke, Va.

### TO THE RESCUE.

Mr. Thompson Takes Sides With the School Teachers.

Editors Review: I notice in your columns recently some remarks made by a person giving his name as "Your Uncle Si." Now, I will not undertake to write under a fictitious name, nor undertake to shoot from behind a tree. Below you will find my real name. Living near the school house, I happened to be present the night that seems to cause "Your Uncle Si" so much anxiety, and I saw nothing improper during the time. It was just simply a "box party"—given for the benefit of our library; but "Uncle Si" happened not to be there. I feel a little inclined to think that if "Uncle Si" had been on the committee that he would have had the boys to hitch up to the two-horse wagon, and said, "Hurry up, mistress, and let's go over to the box party." We had the hoochi-koochi, stag dance and various other kinds of dances at the different entertainments while "Uncle Si" was on the committee, and he was always on hand, using his best endeavors to make the entertainment a success.

Mr. Editor, you remember the old adage, "Those who live in glass houses should be careful not to throw stones." We should never allow our zeal to get ahead of our better judgment, and zeal without knowledge is mere folly. Now, I can speak for myself. I have others that will bear me out in this assertion: That our children have learned almost as much during this session of our school as they did any two sessions heretofore. I say this with all due respect to our former teachers. It seems though that it has been but just a few years that "Uncle Si" has lost sight of the fact that he and I were young once, and no one was more likely to be at the dance than he and I. So I think we should allow others the same privilege we take for ourselves.

Holy Writ tells us to first get the beam out of our own eyes, then we shall see clearly to get the mote out of our brother's eye. I am inclined to think that people who spend so much time looking after other people's affairs will be very busy some day trying to catch up with their own.

I do not write often for the papers, but if "Your Uncle Si" wants me to, I can write next week.

Those of us who are not biased by prejudice hold our teachers in high esteem, and hope that we may be so fortunate as to get them to teach for us again at Old Lenox Castle School House.

J. F. THOMPSON.  
Melver, N. C.

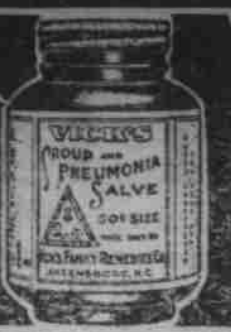

### THE OPPORTUNE TIME.

'Squire Davis Thinks a Vote Should Be Allowed.

Editors Review: I have been wondering why some steps have not been taken to better our road system in Rockingham county. The way is open. Why delay? The people will never be more ready to support a bond issue than at the present time. Good roads are decidedly the best investment our county could make, and would do more for the improvement of Rockingham county than anything that can be named. What can the people be waiting for? There is but little complaint from farmers or any other class now about taxes that are required for building good roads. We have made this

# Croup is a dangerous disease

This is your protection

Your little one may go to bed playful and happy only to be aroused in the night by that ever fateful disease—Croup. Thousands of loving parents are to-day mourning the loss of their darlings who were suddenly snatched away by this dangerous disease, just because they did not use proper methods promptly when the attack came.

So sudden and so treacherous is this disease that it is every parent's duty to their child to always have on hand a jar of

## VICK'S Croup and PNEUMONIA SALVE

It should be instantly applied. If there is already an attack of Croup—Vick's will quickly loosen and expel the phlegm, and save the child's life. It will promptly allay the inflammation and prevent Croup through inhalation and absorption.

No drugs to take, they but help clog up the heart, lungs and organs, thus preventing the immediate relief the lungs require.

It is a special method of cure that has won a great reputation on account of its almost miraculous effect.

Macon, Ga.  
"I am positive that there has never been anything on the Georgia market that equals your Croup and Pneumonia Salve as to giving the satisfaction that your article does. From every family that received a package I hear nothing but the highest praise, and as I have also used this Salve, I too cannot praise it too highly."  
M. O. STEVENS.

At your druggist's or by mail, 25c., 50c., \$1.00

Greensboro, N. C.

much advance at least. Men have quit arguing that roads are good enough. The era of a better system of roads is coming without doubt, and to my mind it will bring with it a reign of prosperity never before known. The time has come, and now is, that there is hardly a division of opinion as to the absolute necessity of better roads, and the question is receiving more attention than ever before. Will Rockingham county still lag and remain in the mire? If we do not want to take a backseat we must get a hustle on ourselves. The mud tax can and ought to abolish. The most loyal and patriotic citizen of the county would not realize the progress that would be made in the next decade if the people would relieve themselves of the illiteracy and the mud tax. Rockingham county should be made more prosperous, but we can not have real prosperity without good roads and better schools. Later on, the schools and good roads will supply the funds for the payment of any debt contracted now. Good roads not only save money but they elevate dignity and raise self-respect, while bad roads demoralize a community. We are getting far behind the times. Why not start the ball rolling? It takes but little effort to make the start. It seems that what we need most is more steam to begin with and a healthy, continuous effort to keep it up, and the machinery running.

Did you ever think about it in the light that good roads affect the religious sentiment of a community? No brother, however good he may be ever entered church in a proper spirit or worship after ploughing his way through mud or after breaking an axle on a ledge of rock. Much of the good to be derived from the modern schoolhouse and the teaching in details of farm life will be lost if the school children have to trudge through the mud and paddle through the puddles and sit with damp feet during school hours. Is it not true that the road is indissolubly linked to the school? Illiteracy is a moral loss; so is a bad road. When we get busy, and the world sees that we mean business, the newcomer will be abroad in our land, and more will come with their capital, and the new faces will be so numerous one will see will make homefolks think they are in strange places. If we expect to keep up with the times we must get busy and keep busy letting the folks know about our advantages. There are many enterprises in Rockingham county today suffering because of mud roads. I understand a man left Reidsville one day last week with an empty wagon and reaching Thompsonville his team gave out. The driver went home for another team, and it required two hours to make something over a mile.

Live men and live work with money and enterprise and co-operative spirit are essential to start this ball rolling. I honestly believe that every taxpayer in Rockingham county today is paying more mud tax than a bond issue would ever cost him. So let us come together and make the start. Can anyone hope to ever see a more opportune time to make the start?

Very truly,  
GEO. T. DAVIS.

Children are much more likely to contract the contagious diseases when they have colds. Whooping cough, diphtheria, scarlet fever and consumption are diseases that are often contracted when the child has a cold. That is why all medical authorities say beware of colds. For the quick cure of colds you will find nothing better than Chamberlain's Cough Remedy. It can always be depended upon and is pleasant and safe to take. For sale by all dealers.

### Women as Well as Men are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root. Home of Swamp-Root, including many of the thousands of testimonial letters received from sufferers who found Swamp-Root to be just the remedy needed. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Dr. Kilmer's Swamp-Root, and the address Binghamton, N. Y., on every bottle.

### LET ME MAKE THE WHOLE FAMILY LOOK BETTER.
