## FOUNDED 1842.

It's strange that people of reffnement and in many instances people of means are fooled into buying the cheapest kind of pianos at at an unreasonable big price, considering the grade of the piano, through the practice of misleading schemes.

## The Time-Honored Firm of Chas. M. Stieff

Has never advocated the sale of cheap pianos nor allowed unbusiness-like methods to enter their business calculated to mislead their patrons,

Our motto is to sell pianos at a price that represent actual value and thereby give the public a sqnare deal.
