the petition was based on the affidavits of Alph Thomas, who states that Attorney Foster, of the court at Hillsville, had asked him to kill Floyd Allen, and of G. W. McMillan, who stated that Foster told him he expected to kill Floyd and Sidna Alwas bad blood between the court of ficials and the Allens.

Mr. Blaywas Miss Bettie Lee Reid, daughter lock also reported that the condition of Deputy Harkrader was greatly improved and that he had been moved during the day to Dobson. Since the assault Tuesday night Mr. Harkrader had been cared for in a mountain cabin near the scene of the attack and to which he and Sheriff Davis crawled while handcuffed together and bleeding and almost senseless from the terrible treatment of the moonshiners.

In a later communication Deputy Blaylock stated that the two men under arrest were held principally for what they knew rather than for actual participation in the attack upon the offficers and subsequent release of Turner Todd, who was held pried in the assault upon the officers

The government and Surry county officers have been reinforced in their search for the desperadoes by a company of State militia ordered out by Governor Kitchin, and by hundreds of Mt. Up to last night the government had authorized no rewards though it was stated that the necessary steps were being taken. One handicap, however, is the lack of positive knowledge as to the identity of the assailants other than that they were members of the Todd clan. It is remembered, however, that when rewards were offered for the assailants of a company of deputies in was soon ended, most of the men upon whose heads prices were put coming in and voluntarily surrendering. In some cases the government ater charged that the men for whose arrests rewards were made purposely surrendered to their frriends and that the reward money was later used in securing counsel for their defense.

The assailants of Deputy Harkrader and Sheriff Davis, if taken, will be the United States court here.
