**THE NEWS IN BRIEF
SINCE OUR LAST ISSUE**

John S. Henderson, 71 years old
representative in Congress from
the Eighth district for ten years, died
at his home in Salisbury Monday.

The National Farm Loan Board
which is selecting the location of the
District Land Banks, will visit Ral-
eigh on the 24th to consider North
Carolina's offerings for a bank.

Mrs. T. Adelaide Goodno of Ral-
eigh was re-elected president of the
North Carolina Woman's Christian
Temperance Union, which was in
session at Wilmington last week.

One man was shot and killed and
four others probably mortally wound-
ed during a general battle, following
a dispute in a school trustee's elec-
tion at the Beech Grove precinct, in
Breathitt county, Ky.

The tenant who violates his con-
tract by vacating, without notice, a
vermin-infested house is justifiable in
so doing and can not be required to
pay back rent, according to a jury's
verdict at Danville, Va.

The Florida State Press Associa-
tion, which met to consider the in-
creased cost of print paper, decided
to increase the subscription price of
all weekly papers to \$2 and to in-
crease the advertising rates.

In a collision in the inner harbor
at Norfolk, Va., the British tramp
steamer Hawkhead was sunk and the
bay liner City of Norfolk was badly
damaged. There was no loss of
life and none seriously injured.

R. W. Wallace of Guilford county
is prosecuting E. D. Hobbs, a Greens-
boro grocer, for alienation of his
wife's affections. Hobbs has been re-
quired to give bond in the sum of \$3,
000. Wallace, it is stated, will ask
for \$15,000 damages.

William Howell Ellis, 43 years old
and prominent socially in Philadel-
phia, shot and killed his wife, at their
home near Philadelphia, and then at-
tempted suicide by shooting himself
inflicting a probably fatal wound. Jeal-
ousy is believed to have been the
cause. The couple had been married
12 years and there are three children.

Awakened at an early hour with
her house on fire and the escape by
the stairs cut off, Mrs. Annie Burgess
of Spartanburg, S. C., made a rope
of sheets and tying them to the rail-
ing of an upstairs porch, let Mrs. T.
S. Johnson and her 7-year-old son
down to the ground in safety and es-
caped herself.

The Raleigh Woman's Club has
cast a majority vote to discontinue
card tournaments in which prizes are
offered. There was also an effort to
get a motion through discontinuing
the practice of letting the use of the
splendid new club house for dances,
but the majority stoutly contended
for the propriety of the dancing fea-
ture.

Rear Admiral Francis A. Cook of
the United States navy, who com-
manded the cruiser Brooklyn at the
battle of Santiago, Cuba, in the
Spanish-American war, and who was
commended for "eminent and con-
spicuous conduct in battle," died sud-
denly at his home in Northampton,
Mass. He was born in 1843 and was
placed on the retired list in 1902.

A special election to fill the vacan-
cy in the United States Senate caus-
ed by the death of James P. Clarke,
Senator from Arkansas, has been cal-
led for November, at the time of the
general election. Judge Kirby of the
Arkansas Supreme Court, who op-
posed Senator Clarke in the 1914 pri-
maries and was defeated by less than
300 votes, is the Democratic candi-
date.

An attempt by a gang of highway-
men to secure an \$8,000 payroll was
frustrated near Hammonds ton, N. J.,
when Mrs. Elsie Smathers speeded
up an automobile and escaped, but
not until her uncle, Henry Rider, had
been killed, and she and her father,
A. J. Rider, had been seriously wound-
ed. Mrs. Smathers' husband was
killed in an automobile accident three
weeks ago. She is 26 years old.

Pilgrims to French battlefronts
and battlefields after the war will
probably be able to inspect trenches
and field works as they actually were
during hostilities. It has been pro-
posed to select on the field of remark-
able exploits sections of trenches and
field works best characteristic of the
trench warfare, and maintain them
in their present condition, through
an arrangement between the owners
of the land and the government.

The National Colored Citizenship
Rights Congress, a gathering of ne-
groes from all sections of the coun-
try, held under the auspices of the
National Equal Rights League, in
session in Washington, adopted res-
olutions condemning the segregation
of negroes employed in the civil ser-
vice as "Un-American, unjust, wicked
shameful and disgraceful." A resolu-
tion followed endorsing Hughes'
candidacy.

**ALDRIDGE CLAIMS
FRIENDS HARDLY
RECOGNIZE WIFE**

Tanlac Adds Fifteen Pounds to Her
Weight After Sufferings
of a Decade.

"After suffering for 10 years from
indigestion, my wife got so bad that
to eat solid foods was out of the ques-
tion. The slightest noise would dis-
turb her and night after night she
would lay awake—sleep refusing to
come. Then, too, she suffered from
severe pains in the side. Although she
was prescribed for her condition grew
worse. Then we heard of Tanlac." The
speaker was W. C. Aldridge, well
known resident of High Point.

"Now, three bottles of Tanlac have
made such a change in Mrs. Aldridge
that friends hardly recognize her.
Why, she is hungry for every meal
and eats anything she likes without
serious after effects. Pains left her
side; she is not nervous, her sleep is
sound and refreshing; she has gained
15 pounds and is again doing her own
housework."

ALFALFA

No doubt many of our readers are
interested in the growing of alfalfa,
and like to satisfy themselves upon
the subject of its adaptability to our
soils and climate. As already stated
in these columns many tracts have
been laid down this season and we
are informed in every instance that
where planting has been done in ac-
cordance with instructions. In order
that our readers may have an oppor-
tunity of witnessing for themselves
the gradual growth and development
of many of these plats, we give un-
derneath the names of a number of owners
and invite inspection of the alfalfa
plats now and regularly until they
shall have been well established,
which will be early in the coming
year, when the owner may reason-
ably expect to have rich returns for
his labor, and his faith:

"CASCARETS" LIVE
LIVER AND BOWELS**

Don't Stay Headachy, Constipated,
Sick, With Breath Bad and
and Stomach Sour.

Get a 10-cent box now.
You men and women who can't get
feeling right—who have headaches,
coated tongue, bad taste and foul
breath, dizziness, can't sleep, are bil-
ious, nervous and upset, bothered with
a sick, gassy, disordered stomach, or
have a bad cold.

Are you keeping your bowels clean
with Cascarets, or merely forcing a
passageway every few days with salts
cathartic pills or castor oil?

Cascarets work while you sleep;
cleanse the stomach, remove the sour,
undigested, fermenting food and foul
gases; take the excess bile from the
liver and carry out of the system all
the constipated waste matter and poi-
son in the bowels.

A Cascaret tonight will straighten
you out by morning—a 10-cent box
from any drug store will keep your
stomach sweet, liver and bowels regu-
lar, and head clear for months. Don't
forget the children. They love Cas-
carets because they taste good—never
gripe or sicken.
