

NEWS OF REIDSVILLE AND ROCKINGHAM

Preaching at Sadler Schoolhouse on next Sunday night at 7 o'clock by Rev. L. P. Bogle.

The weather continues mild and pleasant. This is fortunate on those of us who have a short supply of coal.

Tobacco breaks have been moderate on the local market this week. Prices continue to boom and sellers are all highly pleased with returns.

The election returns gave both the Democrats and Republicans pleasure and sorrow. Both factors at different times saw victory and defeat for their favorites.

The fourth and last quarterly meeting for Ruffin circuit will be held Saturday and Sunday at Ruffin. Preaching at 11 a. m. both days. A full attendance of all the official members is desired at 10 a. m.

Commissioner J. E. Smith asks us to give notice to the public that on Sunday afternoon, Nov. 12th, it will be necessary to cut off the city water a few hours on Lindsey, Main and Piedmont streets, on account of having to transfer a hydrant on Main street.

Mr. Johnston and Miss Frasure, two young people of Greensboro, came to Reidsville Tuesday for the purpose of getting married. But the would-be bride's mother had wired to Chief of Police Brown to detain the young lady and not permit the ceremony. Chief Brown accompanied the pair back to Greensboro. On their arrival there Mrs. Frasure relented and gave her consent to the marriage of the young people. So all ended well, and the young couple will probably live happily ever afterwards.

The first shipment of machinery for the new cigarette factory has arrived and is now being installed in the Burton factory. The actual work of manufacturing cigarettes will be begun at an early date. Work is proceeding steadily on the preparation of the temporary factory. Eight machines are now in the building, being placed, with the necessary machinery. This will be sufficient to keep 150 hands going, packing. There is still a need for more applications for employment. Packers are mostly needed. This is a nice, light, pleasant occupation—and a remunerative one. We urge our young women seeking work to send in applications without a moment's delay. Work will start shortly, and preference will be given to those among the first to start working when

better positions, at higher salaries are to be filled.

Miss Mae Smith and Mr. James D. Callahan, two popular and well known young people of the place, took their friends by surprise Wednesday night when at Greensboro they were united in marriage, Rev. W. A. Lambeth of Reidsville, officiating. The ceremony was performed at 9 o'clock at the home of Mr. and Mrs. W. A. Smith in the presence of relatives and a few close friends of the couple. Mr. and Mrs. Callahan will make their home in Reidsville where Mr. Callahan holds a position with the city.

Mr. D. I. Roberts, a prominent farmer of Stony Creek township, Caswell county, died at his home Sunday night after an illness of several months. He was nearly 70 years of age. He was a Confederate veteran and had many warm friends. He leaves a wife and three children, also three sisters, Mrs. P. D. Gold of Wilson, Mrs. H. C. Harris and Mrs. J. S. Dameron of Reidsville. The funeral services were conducted by Elder O. J. Denny of Charlotte at Gilliam's Primitive Baptist church Tuesday and interment was at the church cemetery.

The movement to organize a Sweet Potato Growers Association has not yet been consummated. There are a number of farmers in the county who have potatoes for sale, and have no kilns wherein to carry them with safe-

ty over the winter. If these people will grade their potatoes, as soon as they have been sufficiently seasoned, and pack them three bushels in a barrel, and notify the Commercial & Agricultural Association how many barrels of each grade they have, the Association will endeavor to dispose of them. The potatoes must be graded in three sizes—small, medium, and large. No damaged potatoes must be packed. It would be well to grade now, and pack as soon as an order is received for shipment.

LISTEN!

IT IS WRONG TO BE WASTEFUL

It is wrong to be wasteful, is reason enough why One should save, but there are other reasons. You never know one day the next will bring forth and it is good sense to build for the future. When a man is young and vigorous he is apt to forget that some day he will be old. Every old man around you was young one time. You will not be an exception. Prepare for cares and responsibility.

This institution affords the best means in the world to save and accumulate.

Subscribe for stock in the 19th series. Books are now open.
