**6,000 HONOR GUARD GIRLS OFFER FIRST AID TO HOMES**

**Will Give Services to President if War Comes—To Take Places of Men Who Join Colors.**

Six thousand girls, from fourteen to thirty years old, are ready to aid if war comes. Miss Theodora Booth, president of the 'Girls' National Honor guard, has offered the services of all members to President Wilson.

The honor guard is strictly a first aid body. There are three training divisions in first aid—to the wounded, to families and general utility.

Members of the organization must be proficient in at least one of the following: Plain cooking, care of children, letter writing and reading, driving automobiles, riding, swimming and shooting, management of motor and sailing boats, telegraphy and wireless codes and knowledge of geographical locations of states, principal cities, forts and hospitals.

"Our idea is not to conflict with other women's organizations, but rather to supplement their work," said Miss Booth recently. "If the men are called to defend our colors their wives will have to be the business heads of the home, which will make it hard, particularly for the women with children. Our girls, however, will be able to step into the homes of women who have to go out to work and care for their children."

"Nearly every state in the Union is represented in our movement, and we have the endorsement of forty-five governors. Any girl with a willingness to help her country can join our ranks."

"We propose to utilize the schools throughout the country as evening classrooms for instruction in the various branches of service, and we are now classifying the girls for useful occupations in which they may serve during distress from any calamity. Also, it is our intention to ask congress for \$250,000 for forming and maintaining training camps for girls."

The national advisers of the honor guard are General Wood, Ballington Booth, Rear Admiral Nathaniel R. Usher and General O'Ryan of New York.

**MRS. JORDON IS EATING MEATS AND PIE AGAIN**

**Before Taking Tanlac She Spent Five Hundred Dollars Without Gaining Relief**

"I have spent five hundred dollars for medicines and treatments for indigestion which failed to relieve me, but Tanlac has made me feel like a new woman," said Mrs. W. J. Jordan, 9122 West Davie Street, Raleigh, where her husband is a well known manufacturer.

"I had the worst kind of indigestion for five years—was nervous and had to take medicines to make me sleep," she continued. "I was troubled with heart pains and had to eat light foods. I could not eat meats of any kind."

"Since finishing four bottles of Tanlac I can eat anything I want. Color has returned itself in my cheeks. It is a pleasure to be able to eat meat, potatoes, pie and such foods and to be in position to enjoy housework. My sleep is just fine and I have gained five pounds. Tanlac is different from other medicines and everybody ought to know it—that's why I give my statement," she said.

Tanlac is sold in Reidsville only by Fetzer Drug Co.; Madison, R. A. Ellington; Leaksville, Leaksville Drug Co.; Stoneville, Stoneville Drug Co.; Spray, Spray Drug Co.; Mayodan, J. H. Ault; Pelham, J. O. Fitzgerald.

**Californian Had Kidney Trouble**

Jack Mallos, Copperopolis, Calif., says: "I had such a severe case of kidney trouble I thought I would have to sell out my business. I took three bottles of Foley Kidney Pills which entirely relieved me and I have had no recurrence of kidney trouble since then."

Some days it seems as if you can no longer bear the pain and misery you suffer from kidney and bladder troubles. The ache across your back grows worse with every move you make and every step you take. It just seems to rob you of all strength and energy. Your head aches, you are nervous and worn out, sleep poorly and have no appetite, stomach is upset and bowels irregular.

Foley Kidney Pills lessen the pain, until it is finally gone entirely. They give strength and tone to the kidneys—make them strong, active, their action becomes regular and normal again, and your health grows better each day you take this great healing medicine.

Formal announcement has been made in Washington that in spite of the foreign situation the public inauguration ceremonies March 5 will be held as planned. After a visit to the White House Robert N. Harper, chairman of the local inaugural committee, issued this statement with the approval of the White House officials:

"I am pleased to announce that the inauguration ceremonies will be held. While the greatest possible simplicity will be observed, it is intended to make this inauguration unusually impressive in order to afford an opportunity for a perfectly spontaneous exhibition of the patriotic feeling of the country."

**Judge Gary Explains Capacity of U. S. Steel Corporation in Event of War.**

Elbert H. Gary, chairman of the United States Steel corporation, said in a statement recently that in event of war his company could supply the government with a third more than all similar supplies used by Germany. As to whether the tremendous capacity of the big concern could be made available for government use he said that "anything can be done in case of need."

**GERMAN PRICE ON HIS HEAD.**

**Captain Miller, Who Sank a U Boat, Sails For War Zone Again.**

Smiling and shouting a cheery goodbye to several friends on the pier, Captain William Miller, master of the British steamship "Clan Robertson," on whose head the German admiralty has set a reward of \$20,000, stood on the bridge of his vessel the other day as she was being towed out ready to put to sea from Baltimore. Captain Miller, 48 member of the steamship "Clan MacFayden," gave orders which resulted in the sinking of a German submarine and the loss of all on board in the Bay of Biscay about a year ago. For this feat he received a prize of \$20,000.

No sooner had the full facts of the feat been made public than the German admiralty notified all its submarine commanders that \$20,000 would be paid to the man who captured Captain Miller.

About a year ago the Clan MacFayden stopped at Gibraltar to take aboard a gun and two gunners. A short time afterward a submarine fired a solid shot across the bows of the freighter, the signal to heave to. Captain Miller ordered full speed ahead and told the gunners to stand by their gun. A second shot from the underwater boat tore away two lifeboats, another demolished the funnel and deck house, and another put a hole in the bow of the ship.

All this time the gun on the after-deck was being fired, but no hits were scored. The submarine was rapidly overtaking the Clan MacFayden when a shot from the freighter struck her amidships. The U boat sank, and the MacFayden continued on her voyage.

Captain Miller was then placed in command of the Clan Robertson. On his present voyage he will again face the perils of the submarine zone.

**WAR FASHIONS FOR MEN.**

They include Trench Coat Worn by British Officers.

Styles for men's clothing were adopted by the International Custom Cutters' association, which has just held its convention at Columbus, O., and, according to William G. Witlin of Philadelphia, chairman of the fashions committee, military cuts may be expected on account of the European war.

"Some shops already are featuring the trench coat, an exact duplicate of the coat worn by British officers on the western front," Witlin said.

Trousers will be even narrower than they are now, and the shades for spring are brown and green. Twenty suits and eight overcoats a year are considered the requirements for a well dressed man.
