The Isabel Craig Memorial Society is soliciting subscriptions for the 'Modern Priscilla' at \$1.00 a year and 'Needle-Craft' at 75c a year in order to raise funds for the new Presbyterian church. Those desiring to subscribe or to renew old subscriptions please leave or phone the message to Miss Louise Craig or one of the members. The young ladies will greatly appreciate your help in raising funds for this worthy cause.

The Wentworth macadam road while a little rough is, so far superior to the dirt roads this winter that it is a luxury to travel over it in comparison with the mud roads. If the county commissioners would order the dirt side of this road sand-clayed or dressed with a suitable topsoil and the ditches cleaned out it would be as good as ever. The rock base on the macadam is holding up well. The sandclayed side would be used in dry weather and the macadam in wet spells—making it a good road for all seasons.

THE TIMES TOPICS

NO. 4. Reidsville, N. C. By G. W. BRITAIN

Everybody home; well we Americans are not touring Europe so you'd notice it, and the Europeans are not crowding our American hotels, yet the price of a snack is more gigantic than a battleship. We are of the opinion that the government might issue several pounds of rations to the boys who are soon to return home so that they could set em up. We want sandwiches, not munitions and drum corps, with the boys' knapsacks and canteens well filled and our leaders thrown in, we could get up a real feast. We are going to change the words in our apology to the author of "Father, dear father, come home with me now", and say, Boys, dear boys, come home to us now, the land is all ready for ploughing. You've not struck a lick of industrial toil, you've soldiered and soldiered so long. Come home, take Britain's Guaranteed Tonic Laxative, and eat what you can get and be happy. It is the Spring medicine. Fits you right for the work to be done.

Union Depot scenes were great, so many scenes never thronged even New York's Grand Central.

In the Spring a young man's fancy lightly turns to thoughts of love, but gardening time comes right along despite the sentiment of dear old Tennyson, and the inner man claims the garden sash as his portion due. We are the people to get you right for planting the snap beans, and such, all new stock of the seeds that do grow. We know the seed business.

You are right Sue; the third finger of the left hand is the proper one for wearing the engagement ring, but the ring must be worn on back of hand, this will lessen the danger of scratching the diamond.

Phone, write, send or come to us for your drug store needs, we are equipped, and have a heart.

If you can't stand prosperity, at least don't stand in its way.

Walk this way Heine; we strive to please.
