

NEWS OF REIDSVILLE AND ROCKINGHAM

"Envy" today at the Grande. Mrs. Felix Miles is attending the Women's Missionary Convention in Greensboro this week.

Dr. J. W. McGehee accompanied Mr. A. J. Whittemore of Wentworth to a Richmond hospital Tuesday.

A potato in the hill will soon be worth three in a store, which means that they will be very valuable, at that.

Mr. Wm. J. Penn has returned from Paris, Ky., where he has been engaged in the tobacco business for some time past.

Mr. L. R. Ware, who has been in business for the past year or more at Hopewell, Va., and Baltimore, has returned to Reidsville.

Mr. G. A. Bristow who has been confined to his home on Sharp during the past few days is able to out again his friends will be glad to learn.

Miss Sallie McGehee of Roanoke, who has been spending a few days here with Dr. and Mrs. J. W. McGehee, has gone to Madison for a visit to relatives.

Mr. J. B. Watkins of Statesville was here yesterday stopping over en route from New York where he accompanied his wife and little son on a visit to relatives.

North Carolina soldiers came from Cuba just after the Spanish-American war on the "Vigilancia," one of the three boats sunk this week by a German submarine.

Mrs. J. B. Fulk, of Rockingham county, is a patient in St. Leo's hospital where she underwent an operation for appendicitis yesterday morning.—Greensboro News.

J. R. Butler of Reidsville, underwent an operation yesterday morning at St. Leo's hospital and was reported to be resting as well as could be expected.—Greensboro News.

Rev. W. N. Johnson, corresponding secretary of the Baptist State Convention at Raleigh will preach at the Baptist church Sunday night. Rev. W. N. Johnson will preach Sunday morning on "God's Plumb-line and Reidsville."

The Reidsville Baseball team has been reorganized. Mr. Abe Womack is the new manager and Major Gladstone has been placed on the board of directors. The stockholders have agreed to put out the strongest team in the State.

The ladies of the canvassing committee, in connection with the Co-Operative Idea, are requested to meet at p. m. Friday afternoon in the C. A. Association hall, to complete arrangements for canvass. All ladies in addition to those already on this committee, who are interested in this work are cordially invited to be present.

The Third Regiment has returned from the border and the men are now camp at Raleigh. Just when the Reidsville organizations will reach here is problematical. Some assert that owing to the serious condition of affairs in general they may not reach here any time in the near future, but less present orders are changed they will probably be back home within the next week.

Beginning about April 1st E. C. Tate and Company will operate a jitney service between Leaksville-Spray and Reidsville via Wentworth. They will operate a sixteen passenger Buick and make three trips daily. Mr. Slate will have charge of the transportation part of this business and the public will be assured nothing but the best service. They will announce their regular schedule later.

The millinery opening of Mrs. Sam's & Co., held Wednesday and Thursday of this week, was a great success. Miss Schaefer, the efficient artistic milliner, in charge of the play, deserves great credit for the untiring showing made in the millinery department. Large number of fair sex from both town and countryside visited Mrs. Fels' store and complimented the proprietors on their untiring exhibition.

The eighth grade class held its thirty meeting March 16. The program for the afternoon was a debate, question being: "Resolved: That entry Life is More Beneficial than Life" was upheld on the affirmative by Lucile Palmer, Charles Neal, Anna Waycaster, while Grace and Thomas Wray represented the negative side, owing to the absence of Wade Stockard, the third speaker for the negative. Good talks were made all, but the judges decided in favor of the affirmative. The honor members of this class for last

month were George Irvin, Thomas Wray, Wade Stockard, Jack Barber, Elizabeth Turner and Helen Smith.

It will be good news for Reidsville people to know that the manager of the Grande Theatre has booked for next Tuesday, March 27th, for one gay only, Clara Kimball Young in "The Common Law." This picture has positively astounded and delighted the American people wherever shown in the larger cities. Manager Davis is to be highly praised for his energetic efforts of giving our people the best there is in motion pictures.

Rockingham county farmers who wish to grow more feedstuff this year will do well to consult the State department of agriculture through the county farm demonstrator about the growing of soy beans in this county. At the present time the soy bean as a feed crop is receiving a great deal of attention. It has grown well in the east for many years, and recently the western counties have taken it up. Certain kinds of soy beans have grown well in the mountain counties.

Mr. J. W. Dunn was startled on Wednesday morning to receive information that Mrs. Dunn's father and mother, Mr. and Mrs. A. O. Buckins of Tryon, N. C., had a narrow escape with their lives when their home was burnt to the ground Monday night. Mr. Dunn is a strong believer in preparedness against fire and has shown some anxiety over our conditions in Reidsville. He says that a town like Tryon that is not prepared to protect life and property is not a place fit to live in.

Commissioners Smith and McGehee were in a landslide at Lexington Monday night while returning from Charlotte on train No. 22. Only the fact that the heavy brace timbers held back two large boulders from the track saved the train from serious harm when the engine ploughed into a landslide under the Center Street bridge. The pilot was completely torn from the locomotive as it plowed its way through five or six feet of dirt, but the engine and cars held to the track until the train came to a standstill. The train was within fifty feet of the slide which covered the track to a depth of several feet, when engineer saw the danger. He instantly applied his brakes and a porter at the rear threw on the emergency brakes on the rear car to prevent serious trouble from buckling or bumping. Some of the passengers were thrown against the backs of seats in front of them, but none sustained injury.

THE TIMES TOPICS

NO. 8. Reidsville, N. C. By G. W. BRITTAIN

"No Bread For Sale" just think of such a notice staring you right in the face, and you hungry, what would you do? We are pretty certain what we'd do. Of course you'd do as did the poor devils in Russia, let General Hunger overthrow the capital, and put a new set of harness in the shafts. We here in OLD CAROLINA have our woes and anxious moments, but we have the sweet sense of security and freedom never yet as fully known by any other nation. Strikes and rumors of strikes may reach us, but fortunately they are all rumors and not realities. And we get enough to eat. We worship as we want to, and we serve our country when we are needed, and live by the law, doing our best at all times. The future must hold much of good for us, so let's go after it, be up and doing, get the ground ready for gardening and come to us, we have the Garden Seeds that do grow, and reasonable in price, and they are Woods, so you know the rest.

Turnip salad making its appearance but it too is of the Spud family, a little bit of delicacy. AS YET.

Russia is not now where she was when she fought Japan. Russia is now a wonderful country somehow. We would give the names of some of its patriots but then who'd pronounce them? Think of the quartermaster sergeant having the name of Vladimicheesahowiskey, and Don'tknowkerchunsky, let's pass the fritters.

No such thing as headache from indigestion, when you take Brittain's Guaranteed Tonic Laxative.

The Bachelor's lawn party at Wentworth has been postponed to March 31st, remember the date, ask Estelle.

It's a waste of time for a clock to run fast.

Noise is not exactly synonyms with sound. Any one but a mute can make a noise, but our claims for fair dealing and knowing how should appeal to you as sound.

Another match Henry, smoke up and smile.

Right this way fellows, have a seat Jallus.
