MOTHERHOOD WOMAN'S JOY Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is the ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in our columns.

Poplar Bluff, Mo.—"I want other women to know what a blessing Lydia E. Pinkham's Vegetable Compound has been to me. We had always wanted a baby in our home but I was in poor health and not able to do my work. My mother and husband both urged me to try Lydia E. Pinkham's Vegetable Compound. I did so, my health improved and I am now the mother of a fine baby girl and do all my own house work."—Mrs. ALLIE B. TIMMONS, 316 Almond St., Poplar Bluff, Mo.

In many other homes, once childless, there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.

A STIMULUS TO OUR YOUNG MEN PREPARING TO MEET GERMANY

If a stimulus were wanting—and thank God it is not wanting among red-blooded, thinking Americans, but if it were needed to nerve the arm, and quicken the eye that shall pour death into the ranks of Germany on the battle front, it could be found in a perusal of the tales told by Consul Frost, of Queenstown, Ireland, now on a brief visit to Washington.

Consul Frost has been an eye witness of scenes produced by German agencies that almost pass the comprehension of civilized man—in fact civilized man could not be guilty of a title of these things, they are the acts of madmen; of superbrutes; of men under compelling influence of Satan, and there would appear to be no remedy for it but bloodshed—in real fact, there is no other cure available when men reach such a depth of depravity, and this war, in the light of these terrible tales becomes a holy war—a war having for its end and aim the cutting off of race fiends the equal of which never existed before in the history of mankind. We kill rattlesnake and vipers with a species of joy; we ought to feel the same exaltation when a German militarist goes down. When fire starts in a block, and it is necessary to dynamite great buildings to exterminate the fire, we do so gladly. Can we do less with the German? Yellow fever used to raise its mottled head, the shotgun quarantine met it; yellow fever is a pastime in comparison with this horror we know as "German," which produces, and spews out into civilized communities, its human beasts reared in the faith that desire should be satisfied—by force if necessary. We have no place in our civilization for such a Germany. It is our manifest duty to bring it back to human standards, if we have to make the nation a shambles to do so. And we will!

Cholera Morbus This is a very painful and dangerous disease. In almost every neighborhood someone has died from it before medicine could be obtained or a physician summoned. Meeting of Tobacco Men

On Thursday, Friday and Saturday the 28th, 29, and 30th of June, a great meeting of Tobacco men will be held at Old Point Comfort, with headquarters at the famous old Chamberlain. The Tobacco Association of the United States will hold its 15th annual meeting at that time and on account of a number of things that confront the tobacco trade a large attendance is expected. In fact, we are assured by officers of the Association that tobacco men will be there from all parts of the United States and perhaps some from across the waters. Mr. Adams, of the Chamberlain, will give special rates during the three days, and there will be something doing all the time. The convention comes at a season when tobacco men are more at less at leisure, and at a fine season of the year for a holiday, and at the same time tobacco men and others identified with the trade can meet each other and "talk it over."

Mr. T. M. Carrington, of Richmond, Va., is president of the Association. W. L. Petty of Lexington, Ky., first vice-president; R. P. Watson, Wilson, N. C., second vice-president; B. P. Eggleston, Drakes Branch, Va., third vice-president; G. E. Webb, Winston-Salem, N. C., secretary and treasurer.
