MUST PREVENT FIRES WHICH DESTROY FOOD

continue to burn up the food!

Therefore, if you want to cat-and not ent moncy. * . . to continue to eat-prevent the fires "in behalf of our mutual business

a 'state of war' arrives'

The letter is a clarion call to indicate and the experience; you have vention of food wantage by fire.

duced as the result of his labor.

The letter follows: for himself -we cannot avoid or dele | would be made." gate our duty. U. S. stands for the United States, but it spells US, and with a very distinctive spelling when "A State of War" arrives.

"It is a favorable feature of the war-test, this renaissance of the individual. Boys at once become mansize; the careless and indifferent become sober-minded; the sober-minded become serious, and the serious become intense. The man-unit reaches its best and thus the whole people become like a tuned plano with every wire at tone tension. Insurance men are sure to respond to the preparedness requirements of the situation. and they know as well as any what is needed to insure the safety and honor of the country. All will not be called to the colors, but all will be called to share in the duties and burdens of the ment of fire extinguishment.

"Never before in the war experience anxiety for our food supply, and never before has there been so much reason fullest product which the land can be internal and external hazards. made to yield. There must be no idle over munitions.

"Equally important with food production is its conservation, the saving for actual use. Scores of food-laden vessels have been sunk at sea by the vicisaltudes of war and enormous quantities have been lost by fires on land from vicissitudes that you know all about. We may not diminish continued loss by war, but there can and What avails it if thousands of acres are sown and harvested if the product be destroyed in such elevator fires as have recently occurred, one of them involving a million bushels of grain? houses; food in wholesale and retail groceries, canning and provision establishments-in fact, few fires occur county. without the loss of foodstuffs now so

What are YOU going to do about it?

PELLEGRA IS RESULT OF NEAT BUT FAULTY FOODS

That pellegra may be prevented and the cost of living reduced at the J. Wood of Wilmington who treats this subject fully in the June Issue of the Health Bulletin which is just from the press. Dr. Wood says that back to soil and the old water mill must be our slogan if we get away from those conditions that not only produce pellegra but many of the prevalent nervous disturbaces, which he attributing to beautiful but faulty

"Modern milling methods are largely responsible for pellegra," says Dr. Wood. "If the old fashioned mill of fifty years ago was now in use we Office over Tulloch's Store. Loans would see pellegra disappear as rapidly as does the ship scurvy when the soldiers reach port and fresh fruit. Our wheat is ground in such an elegant way that the outside is discarded because of its dingy color, and so the cattle get what our children are dying for because of appearances."

> Apparently it is the lack of that dirty portion of the grain which lies on the outside, and which the mills take off, that produces pellegra. It is that yet unknown but very necessary element in food called vitamin. The remedy suggested by the writer that we eat whole corn meal and

whole wheat flour or make our bread

shorts or middlings. Other factors playing a part in the production of pellegra, in Dr. Wood's judgment, are excessive cooking as excess heat destroys the vitamin in same time according to Dr. Edward foods, and the great use that is liberated when heat is applied to soda is destructive of vitamin, and in order to check pellegra at its source, people must go back to yeast raised bread or to old-fashioned hoe-cake or

Cook your meals less and throw the frying pan out of the window," is the author's advice as to the harmful effects of excessive cooking. He says "Our people overlook nearly everything except those things [needing much cooking, as do cereals which are univerfully undercooked."

Free of Charge

Any adult suffering from cough, cold or bronchitis, is invited to call at the drug store of Gardner Drug Co and get absolutely free, a sample bottle of Boschee's German Syrup, a soothing and healing remedy for all lung troubles, which has a successful record of fifty years. Gives the patient a good night's rest free from coughing, with free expectoration in the morning.

Regular sizes, 25 and 75 cents. For sale in all civilized countries,

BEAUTIFY THE SKIN Make this beauty lotion cheaply for your face, neck, arms and hands

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sewelly fragrant lemon lotion and massage it daily into the face neck, arms and hands. It is marvelous to smoothen rough, red hands.
