

DEPARTMENT OF EDUCATION

(Conducted by the County Superintendent of Schools.)

Opening Of The Public Schools

The County Board of Education has named Monday, October 15th as the date for the opening of the public schools of this county. This does not refer to the schools that operate in special tax districts as these schools will begin on Monday October 1st. It is necessary that the schools begin as nearly as possible at the same time, and Monday, October 15th seems to be the most suitable date. These schools will close for the fall term on Friday, December 21st and begin for the spring term on Tuesday, January 1st, 1918. If the schools can begin on Monday October 15th they will close for the spring term the latter part of March.

The Legislature of 1917 provides that all children between the ages of 8 and 14 years of age shall attend school regularly for a period of at least four months. The period for the compulsory attendance will begin on the day of the opening of the public schools, October 15th, and lasts for a period of four months. Attendance officers will be appointed for each township in the county.

Most all of the schools are supplied with teachers and all parents are requested to have the children in school on the opening day.

There has been very little change in the text books for use in the schools for the next five years. Where the books are changed in the elementary schools an exchange price will be allowed at the book-stores.

BUILDING NEW SCHOOL HOUSES

The County Board of Education has endeavored this year to aid in building school houses in those communities where it is a public necessity. New buildings are now being erected in the following districts:

Sharon—Simpsonville township.
Green Spring—Price township
Reid Creek—Madison township
Glad School—Simpsonville township. (Special tax voted here this year.)

Saunders School—Wentworth township.

An auditorium and two recitation rooms are being added at the Bethany school. A State high school was established there this year.

Eden School—Huntsville township, (a new building will be erected some time during the year.)

A new two-room building has been erected this year in Ruffin township at the Happy Home School.

After this year nearly all the districts in the county will have good school buildings located in them.

Two new buildings have been built for the colored people in the county.

FREE TUITION

Parents are notified that they can secure free tuition at five public high schools in the county. These schools are open to all boys and girls in the county who have certificates showing that they have completed the seventh grade. These schools are located at the following places:

Bethany school, Summerfield, N. C., R. F. D.
Ruffin school, Ruffin, N. C.
Stoneville school, Stoneville, N. C.
Madison school, Madison, N. C.
Wentworth school, Wentworth, N. C.

Great Faith in Chamberlain's Colic and Diarrhoea Remedy.

Chamberlain's Colic and Diarrhoea Remedy was used by my father about a year ago when he had diarrhoea. It relieved him immediately and by taking three doses he was absolutely cured. He has great faith in this remedy," writes Mrs. W. H. Williams, Stanley, N. Y.

Now that the government wants the people to eat more fish it will be harder than ever to keep Father from "taking a day off." We only hope that he won't neglect putting in the wheat to do so.

No Home Foods To Be Seized

Denying a rumor circulating generally that it is the purpose of the National Government to seize food supplies belonging to individual families, Director B. W. Kilgore, of the Agricultural Extension Service, calls emphatic attention to a recent statement received by him from Washington that the Government does not intend to seize any home food supplies. Many variations of this rumor have been deliberately circulated and many families have been prevented from conserving foods thereby. Mr. Kilgore states that this rumor has been circulated by our enemies for the purpose of preventing people from canning, drying and otherwise conserving their food products.

The Extension Service of the College of Agriculture and Department of Agriculture has through its various divisions and field workers emphasized the importance of saving all food possible in order that households themselves may have a cheap and plentiful supply of food. There has never been any intention of the Federal Government to seize any of this. Rather, it would be more likely to further encourage the conservation of still more food in order that output of staple food products from their chief producing regions be available for use by the armies of this country and our allies.

Some families state that they heard that all canned material over 100 quarts will be seized. Others state that all canned food will be taken and sent to England. All of this is absurd. The State and National Agricultural Agencies wish to do all in their power to aid in the helping to combat the high cost of living and for this reason have furnished men and women to instruct the people how to can, preserve and dry perishable food products, properly.

Director Kilgore appeals to all loyal citizens to aid in dispelling any mistaken idea that may exist in regard to food seizure and to further encourage the efforts of producers to save all available food material possible.

Thinning The Ranks

Editors Review:
Just a few weeks ago Franklin Jones, a member of Company G, 14 N. C. Regiment answered to the last roll call on earth and has passed over the river on the other shore. He was a good and brave soldier, peaceable and ready when the bugle would sound. He was a man of firmness. I never knew him to be engaged in idle conversations and he seemed to have a Christian walk. I trust our loss may be his gain.

We are passing over the river one by one. Just a few days ago, J. M. Harris passed over on the other shore. We will miss him so much. He and I were warm friends and spent many pleasant hours together in our boyhood days; went to school together and were in the same Company during the war and have been together a great deal since the war. He was firmness and competent to give good advice on any subject.

Brother comrades, we do not know which will answer the next call to pass over the river on the other shore. There are only five of that gallant old Company G left that I can think of 100 that left home in May 1861 for the scene of war. They are as follows: J. M. Wilson, J. J. Scarlett, E. R. Harris, of Reidsville, Jas. Swann and George Smith of this county.

Brother comrades, let us all try to be ready when we are called to pass over on the other shore to meet in peace and happiness where parting will be no more.

J. M. WILSON,
Reidsville, N. C.

CLEANSER YOUR HAIR
MAKES IT BEAUTIFUL,
THICK, GLOSSY, WAVY

Try This! All Dandruff Disappears
And Hair Stops Coming
Out

Surely try a "Dandevine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Dandevine and draw it carefully through your hair, taking one small strand at a time this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying hair, one application of Dandevine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Dandevine is to the head that fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Dandevine from any drug store or toilet counter and try as directed.

With rabbits commended as war diet to release beef and pork for export for the Allied armies in Europe, Chatham county should certainly come into its own.

Don't be content with doing your bit for the country; do your best.

Buying a wife, with tobacco as currency, in the old days of Virginia

For cigarettes, Virginia-Carolina tobacco is the best

The sunny South—where cigarettes were born

The first cigarette ever made was Virginia-Carolina tobacco. All the mellow charm of Southern sunshine itself is in Virginia-Carolina tobacco. And no other tobacco has that "dash" and "go" to its taste that Virginia-Carolina tobacco has.

NOTE: 300 million pounds. That's how much Virginia-Carolina tobacco was made into cigarettes last year—over 4 times as much as any other tobacco. And Piedmont is the biggest-selling Virginia-Carolina cigarette in the world.

PERUNA Household Helper

Peruna eases the burden of the housekeeper by keeping away the danger of illness resulting from colds, coughs, and indigestion due to catarrhal condition. It speedily relieves and overcomes these.

Its tonic properties build up the strength of the physically weak and run down, and its use in convalescence, especially after grip, is remarkably beneficial.

KEEP IT ON HAND

The wise housekeeper has Peruna on hand for instant use even if catarrhal troubles do not call for its regular administration. A dose or two in time often prevents a long illness.

Liquid or tablet form.

Manually Tablets are a splendid laxative for home use.
