Acute and Chronic Diseases Treated Osteopathically. Telephone 131. REIDSVILLE, N. C.

**HOW THE RED CROSS IS SPENDING THE \$100,000,000**

For the great American Red Cross war fund the American people subscribed about one hundred million dollars, of which about fifty million has been paid in and about fifteen million expended. The greater part spent has been for the relief of our war-stricken allies. The greater part of what is left is being conserved to use for the comfort of our own troops in France.

Commissions of prominent men were sent abroad to make a careful study on the spot. Over \$10,000,000 has been spent in France, where there are over 500,000 people afflicted with tuberculosis as a direct result of the war. The Red Cross and the Rockefeller Foundation hope ultimately to have nearly 400 dispensaries in France.

The Red Cross has also appropriated \$1,000,000 for the relief of sick and wounded French soldiers and their families. An infant welfare unit has been formed.

Preparations have been made to clothe, feed and temporarily shelter about 100,000 refugees from the region devastated by the Germans. The Cross is furnishing mutilated men with artificial limbs and is co-operating in establishing homes for blinded soldiers.

Along the route of our troops from seaport to front, the Red Cross has established infirmaries and rest stations, in charge of American trained nurses.

Canteens are being furnished at railway stations where American soldiers may find rest, baths, lunches, etc.

For the more serious side Red Cross has arranged for 500,000 pounds of ether for a central plant for the manufacture of nitrous oxygen, and a factory for surgical instruments. Great warehouses have been erected for hospital supplies and have been supported by Red Cross funds.

To hearten the French army rest stations have been provided for the poilus. Here they can bathe, have their linen washed, get good meals and a place to sleep while waiting for their trains. Canteens have been established in the field to supply French soldiers with hot coffee, tea, bouillon and also with refreshing cold drinks.

Three hundred thousand dollars has been sent to Russia, \$250,000 to Rumania, \$220,000 to Serbia, \$210,000 to Italy and \$600,000 to Armenia and Syria. In each case a commission report will be the basis for far greater expenditure.

Up-to-date, in connection with the various cantonments in this country, something like \$3,000,000 has been spent and this is just a beginning. A Red Cross director has been assigned to each cantonment and where requested, a Red Cross sanitary unit is sent to look after the water and milk supply, drainage, etc. Six big Red Cross emergency hospitals have been established, the idea being that no cantonment shall be more than 24 hours ride from one of these. They are in use in case some big epidemic of disease breaks out.—Milton Bronner.

**ACIDS IN STOMACH SOUR THE FOOD AND CAUSE INDIGESTION**

"Pape's Diapepsin" Fixes Sour, Gassy, Upset Stomachs in Five Minutes

You don't know what upset your stomach—which portion of food did the damage—do you? Well, don't bother. If your stomach is in revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and chest and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin to neutralize acidity and in five minutes you wonder what became of indigestion and distress.

Millions of men and women today know that it is needless to have dyspepsia. A little Diapepsin occasionally keeps the stomach sweetened, and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless antiacid is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it stops food souring and sets things straight, so gently and easily that it is really astonishing. Your stomach will digest your meals if you keep acids neutralized.

**Lies That Live**

Not long ago we read in a paper edited by a man of unusual intelligence, a fervid and eloquent allusion to the handing over of his stainless sword by Gen. Lee to Gen. Grant at Appomattox, and how the magnanimous Federal General graciously returned the sword with the statement, "wear it, you are worthy of it." There is not a word of truth in the statement. General Lee did not offer General Grant his sword. At least General Grant said so and he ought to know. Did you ever hear the statement that John D. Rockefeller lives on gruel because of indigestion, and would give half his fortune if he could eat one square meal? Rev. John E. White spent a summer in the Rockefeller home a few years ago, and told the writer that he

asked Mr. Rockefeller about this story. The millionaire was amused and declared that he never had a twinge of indigestion in his life. That his digestive organs are in perfect condition and that he took to gruel because it is wholesome and he liked the taste of it. It is doubtful if George Washington ever cut his father's cherry tree, and if he did the old man should have used one of the limbs on his truthful son. Hon. B. R. Lacy in a recent conversation said that in an address in a northern city he nailed the lie that is now getting wings about the pious of Abraham Lincoln. Whatever else may be said of Mr. Lincoln, and many fine things are truthfully said, he was no church man, and gave no time or thought to the work of the church. He was notoriously indifferent to the religious life, and it is a pity that his worshippers are trying to put him on a high seat in Heaven which he never wanted.

The motive for perpetuating these lies may be good. They are pretty, and their exposure spoils a good story, but they are lies nevertheless, and no honest man ought to extend their circulation. One other lie is afloat that we are sorry to say, good men sometimes help along, and that Baptists believe that unless a man goes under water he can not get to Heaven. There may be here and there a fool of a Baptist who believes that, but it wrong to saddle the error of one ignorant man on a great denomination.—Charity ad Children.

**Knowing Your Town And County**

Recently a schoolboy in Pickens county, South Carolina, had to write a "composition." He decided to write something about Pickens county, so he got busy and made a study of the county—its history, geography, its advantages, its adaptabilities, its agricultural potentialities, its manufacturing interests and other features and conditions involved.

The Pickens boy's composition proved to be a good boost for the county. Even the Charleston papers got on to it. It was full of information and practical thoughts concerning the county and its affairs and its growth and achievements. The best and worst thing about it contained valuable information that very few men and women in Pickens county knew a thing about. How in the world can a boy or a man or a woman give a stranger any information concerning their home town or county when they don't know anything to tell about it? How can anybody boost their community when they don't "know" their community at all?

**MRS. PHILLIPS TAKES IRON IF BLOOD IS BAD**

Suffered Two Years With Pellagra Couldn't Walk About The House Iron Built Her Up Tells What Kind Of Iron To Take

Everyone's energy, vitality and general good health depends so much upon the condition of their blood, and the normal functioning of the vital organs of the stomach, kidneys, liver, and bowels the slightest irregularity should be corrected immediately.

Anyone troubled with their blood, for instance, is sure to sooner or later experience uric acid pains, weak lame back, lost strength, nervousness, headaches, dizzy spells or some kindred symptoms, and iron has become so well known as the one best remedy everybody should use it. The question is, in what form? Iron is put up by the chemist in pills, liquid solutions, and mixed with all sorts of elements including, in some cases altogether too much alcohol for the good of the system.

The cheapest, strongest, most efficient remedy is plain, natural iron, highly concentrated, and bottled just as nature intended it should be taken. It is called Acid Iron Mineral, is sold by druggists in fifty-cent and dollar bottles. It goes from two to six times as far. It will help the digestion, stomach, kidneys, and blood. It the bowels are inactive a good liver pill like A-I-M Liver Pill at 25c for a generous size box is recommended. People with normal bowels should not use iron formed in combination with laxatives. Altogether too many remedies contain purgatives.

To indicate how quickly Acid Iron Mineral will cleanse blood and tone up the general system and renew the wasted strength the statement of Mrs. N. E. Phillips of Kershaw, S. C. is quoted below.

"I began to be troubled with my bowels, stomach and blood a little over two years ago. It finally turned into pellagra and at the end of that two years suffering I couldn't even walk about the house. Mrs. Ella Hunter suggested I take Acid Iron Mineral and after taking it six weeks and using but four small bottles, I am up and about doing my work and gaining in strength every day. It has done me more good than anything I have ever tried and am glad indeed to recommend it to anyone who needs a good tonic or for pellagra or stomach trouble. A teaspoonful of Acid Iron Mineral in a glass of drinking water after meals makes an unusual, powerful, economical and delightfully invigorating tonic, appetizer, blood and kidney remedy.

A large bottle if druggist hasn't it will be sent prepaid on receipt of price by the Ferrodine Chemical Corp. onoko, Va.

# PAIGE

The Most Beautiful Car in America

## Paige Beauty Is Distinctive Beauty

No matter where you may see a Paige car—on the road or parked among other cars—you will recognize it instantly. Paige design and Paige lines are distinctive.

These cars are not "conspicuous" or "freakish"—but it is that well bred, refined tone to the Paige which makes it unforgettable.

If, for instance, you have seen a Paige Six pass down the street, you know precisely what we mean. It stands out from other motor cars with an individuality all its own.

Quite unconsciously you will find yourself saying, "There goes a Paige Six." And don't deny it, you utter these words either with the pride or desire of ownership.

Why not visit our dealer today. He will gladly arrange to give you and the other members of your family the kind of demonstration that will solve your automobile problem once and for all.

**A CHILD GETS COSS, SICK AND FEVERISH WHEN CONSTIPATED**

Look, Mother! If Tongue is Coated Clean Little Liver And Bowels

If your little one's tongue is coated, it is a sure sign the stomach, liver and bowels need a gentle thorough cleansing at once. When your child is cross, peevish, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, or if feverish, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you will have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on stomach liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and grown ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine made by "California Fig Syrup Company."

**STACY**

Miss Esse Talley of Greensboro spent the week-end with relatives here.

Misses Maude and Georgia Tate of Reidsville spent Sunday here with their parents.

Misses Gladys and Willie Burgess are at school at Saluda Seminary.

Mr. John Burton of Chattanooga, Tenn., visited his parents, Mr. and Mrs. J. R. Burton here the past week.

Mr and Mrs. W. C. Burgess of Newson are visiting relatives here.

Born to Mr. and Mrs. J. A. Burton, Wednesday, September 26, a son.

Molasses making is going on right ahead. All the farmers have some cane planted.

**Chamberlain's Cough Remedy the Most Reliable.**

After many years' experience in the use of it and other cough medicines, there are many who prefer Chamberlain's to any other. Mrs. A. C. Kirstein, Greenville, Ill., writes "Chamberlain's Cough Remedy has been used in my mother's home and mine for years, and we always found it a quick cure for colds and bronchial troubles. We find it to be the most reliable cough medicine we have used."
