#### MANY TROUBLED WITH RHEUMATISM THIS TIME OF YEAR

One Man Says For Three Years He Was Confined To Room With Awful Pains In Back ... And Limbs

#### Very Strong Iron Doses Brought Relief

"I suffered from rheumatism for two years, and for three months was so bad off I was confined to my room. The pain was fearful and I tried everything I and my friends could get but it looked like I was done with business for the balance of my life. It gripped me in the small part of my back and in my left leg, and at my age of 63 folks didn't believe anything could do me much good but I bought a bottle of Acid Iron Mineral and the change that came over me was wonderful," declared A. B. Williams of Petersburg, Va.

"Before I had finished the first bottle I was getting better and the iron seemed to drive the pain right out of me. The second bottle of A-I-M helped me still more, and now, since taking three bottles I am as well as I ever was and have been completely relieved. The rheumatism is entirely gone and I gladly recommend Acid Iron Mineral to everybody," continued Mr. Williams, who like hundreds of other people in this section, find damp weather and uric acid in the blood a hard enemy to fight once it has taken hold of the system.

Acid Iron Mineral, (natural iron) is plain, everyday medicinal iron, highly concentrated. It is sold by most druggists in either six or twelve ounce bottles under the trade mark of the Ferrodine Chemical Corp. which guarantees its strength and quality.

It has a tendency to assist the appetite, digestion, and kidneys, too. Whole families use it this time of year with excellent results to the blood. A few drops in a glass of water makes a dose. Directions with each bottle.

#### Shortage In Teachers

The State Department of Education announces that there is the greatest scarcity of teachers for the schools throughout the State this season ever known. It is estimated that as many as 100 teachers could be placed within two hours if they were available. In some places teachers are offered fair salaries, says the statement, but all too many are paying something like \$45 or \$50 per month and then charging the teacher \$20 or more for board. So many other and more profitable avenues of work are opened up under the war conditions that few new teachers are taking up the work and many old ones have gone into other work.
