

NEWS OF REIDSVILLE AND ROCKINGHAM

Save the food and help the fighter fight. Practice the gospel of the clean plate. Use substitutes for wheat and help win the war. Miss Louise Alcorn of Ruffin has returned to Elon College. Mr. G. H. Moore of Route 3 gave us a pleasant call Wednesday. Miss Marjorie Worsham of Ruffin has returned to Greensboro College for Women. Eat more fish, cheese, eggs, poultry, and save beef, pork, and mutton for our fighters. Honey and syrups instead of sugar organize the pupils in classes. Each bring it much sooner. Mr. D. L. Durham, a splendid farmer of the Oregon section was in town Tuesday and called in to see us. Our jolly farmer friend, Mr. H. T. Harrison of Route 1, paid his annual visit to The Review office Tuesday. Mr. R. J. Martin of the Oregon section spent Wednesday in town. He gave The Review office a call while here. Mr. T. W. Rice, a well known citizen of the Oregon section, honored The Review office with a pleasant call Wednesday. January is knocking along; February and March, and then Spring Cheer up; there is something in sight if we can endure a few weeks longer—Everything. T. E. Covington of near Reidsville has arrived in San Francisco from the Orient on the Steamship Equador, according to a letter received from the Pacific Mail Steamship Co. The Review is following a great many of the boys to the camps, and will be delivered to them in the trenches. A letter from home it will be to the boys, as they serve their country. "Do your woodshopping early next August," is the advice of the Wilmington Star. Better make it May for coal and wood, too, if you can get it then. If not then as early thereafter as possible. "Uncle" Billie Fitzgerald, who generally hits off pretty good the snows by the August fogs, was evidently caught napping last year when he failed to record but seven fogs. Already there have been six snows, and it is doubtful if the half has yet been told. Mr. W. F. French of Route 3 gave us an appreciated call Tuesday. Mr. French is in his 71st year and as rightly as an army registrant. He has six children, 33 grand-children and four great grand-children living. Mr. French comes of a long-lived family—his grandmother living to the age of 101 years. Mrs. Sarah Lohrengel died at her home at Mebane, N. C., Jan. 6 after a very short illness. Mrs. Lohrengel was 67 years of age. She is survived by a husband and two brothers, J. W. and E. H. DeGrotte of Reidsville. She was a member of the Mebane Presbyterian church and the funeral services were conducted by her pastor, Rev. Mr. Shaw. Tom Hamlin, only son of Mr. and Mrs. Chas. S. Hamlin formerly of Leaksville, who volunteered for army service early in December in Florida, died at Camp Jackson of meningitis Sunday. He was 26 years old and a young man of fine character. His body was sent to Stoneville for interment. He is a nephew of our townsmen, Messrs. H. W. Hines and J. H. Hamlin. R. B. King, Jr., an agent of the United States Treasury Department, is at the Government building here and will be here until Saturday to assist the people in listing their income taxes. The law now requires that every unmarried person whose income for the last 12 months was in excess of \$1,000 to pay in income tax to the government; and every married person whose income exceeded \$2,000, must pay tax to the government. The law requires this tax to be listed before the first day of March and failure to do so will incur a heavy fine. Mr. King is here to help our people list their income taxes, and to explain to them how it is done in order that they may not become

The show Monday night at the Grande theater will be Library benefit night. Mr. J. M. Sutton of near Madison came in yesterday and renewed for The Review. Mr. M. C. Your kitchen may be either a "base of supplies" or an alien aid according to the measure of your practice of food economy and conservation. Within the past ten days The Review has received from three or four different people news matter for publication which has not been published for the usual reason—no name accompanied the communications. One article was typewritten and well written. It seems they will never learn and that the ignorance in this respect is on the increase. It is not the cold winter which makes people sick, ordinarily, but rather the stale over-heated air inside our houses and public buildings, which we breathe and rebreathe, thus passing disease germs about from one to another. Babies are particularly liable to be infected in this way, because they spend a large part of their time indoors, and because mothers are apt to feel that to keep the baby warm the rooms must be kept shut tight. What better way is there to use your money than to lend it to your country at interest? Today America offers its people a splendid opportunity to help the nation, help the soldiers, to help themselves, and to help to lessen the suffering of bleeding Europe. Each man, woman and child in America should turn every dollar and quarter into War Savings Stamps. It is a good investment, and at the same time the biggest-hearted thing you can do for humanity. While men registered under the selective-service law are not being accepted at recruiting offices for enlistment in the Aviation Section of the Signal Corps, they may be inducted voluntarily into service by their local boards if they are physically fit, sufficiently skilled, and not required to fill the current draft quota. They will be sent to Camp Kelly, Tex., for distribution into trades, training, and formation into squadrons, with ranks and salaries running from \$30 a

THE SOUTHERN RAILWAY COMPANY An Ambition and a Record THE needs of the South are identical with the needs of the Southern Railway; the growth and success of one means the upbuilding of the other. The Southern Railway asks no favors—no special privilege not accorded to others. The ambition of the Southern Railway is to see that only of interest that is born of co-operation between the public and the railroads; to see perfected that fair and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better service; and, finally— To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities. "The Southern Serves the South."

"THE LETTER E" Someone has advanced the opinion that the letter "E" is the most unfortunate character in the English alphabet, because it is out of cash, forever in debt, never out of danger, and in hell all the time. But we call attention the fact that "E" is never in war and always in peace. It is the beginning of existence, the commencement of ease, and the end of trouble. Without it there would be no Rexall store, no coffee, no bread, no life, no heaven, no service, no business, no appreciation, no regrets, no Fetzer's—The Words "Fetzer's Pure Drugs,"—and "Service" are synonyms and, we appreciate your patronage. Try us next time and we will make it our business to see that you have no regrets. GET IT WHERE THEY'VE GOT IT FETZER'S DRUGSTORE
