RUSSIANS ACCEPT THE ODIOS PEACE TERMS

(Continued from Page 1)

...and starving out Petrograd by shutting off its supplies. In the south the Germans have secured their immediate objective in the Kiev, the capital of the republic, after a little more than a 10-day march through the country on the 200 mile route east from the former fighting front. The German reports do not indicate what price in casualties the Bolsheviks exacted for the surrender of Kiev, which they had captured from the Ukrainian rada's supporters February 8, with reported total casualties for both sides of 4,000 killed and 7,000 wounded. Presumably the rada, which negotiated the separate peace between the central powers and the Ukraine at Brest-Litovsk, will be speedily reinstated in the captured city. The tentative proposals for Japanese intervention in Siberia because of the Russian situation have not culminated in any decision by the allies so far as the current advices reveal. London dispatches mention growing tendency there to discuss the situation fully and await developments, particularly the attitude the United States may assume. China is also involved in the situation, and press dispatches from that country report political uneasiness there because of it. The Chinese government, it is said, is to send reinforcements to Manchuria. Twelve Americans were taken prisoner by the Germans in their raid of Friday on the American trenches east of St. Mihiel, the German war office announces. It was in this raid that the American troops met the onslaught of picked German "shock" detachments in gallant style, strewing the ground in front of the entrenchments with German dead and capturing three of the attacking party. The German statement claims the infliction of "heavy casualties" upon the Americans. A powerful raid was carried out against the French in the Verdun region south of Maucourt, more than 400 prisoners being captured, according to the German claim. MONDAY Russia has bowed to the Teutonic allies. The Bolshevik commissioners sent to Brest-Litovsk have signed the treaty of peace presented by the Germans, according to an official statement from Berlin, which adds that military movements in great Russia have ceased. It was reported on Saturday by the Bolshevik commissioners that they were about to sign the treaty. This report was telegraphed to Lenin and Trotzky after the delegates sent to Brest-Litovsk had met the German emissaries. There is little information available as to the details of the meeting between the peace delegations, but the Bolsheviks said they realized that any further delay would mean more onerous conditions and they would sign the treaty without further discussions. Russia lost by delay that ensued when Trotzky announced that the war so far as Russia was concerned had ended, but refused to sign the formal treaty. In the interval between the breaking up of the first Brest-Litovsk meeting and the one held last week the central powers added materially to the demands which were outlined when the now famous "Hoffman line" was drawn by the commander of the German forces on the eastern front. Turkey was the beneficiary of these peace terms. The new demands included that Russia relinquish the regions of Batoum, Kars and Karaband to the Turks. These regions are in Transcaucasia and mark a considerable addition to the sultan's dominions in that section of the world. The doctrine of the right of peoples to self-determination was the pretext upon which the new terms were add-

ed to the treaty. It is probable that the Bolshevik delegation acceded to the new demands. While it is understood that all the Teutonic allies have signed the formal treaty ending the war with Russia, it is said that the economic and legal phases of resuming peaceful relations will be taken up individually by each country. The German socialists have bitterly attacked the peace treaty with Russia. In a debate in the reichstag there were charges that Germany and Austria already are quarrelling over the spoils of war and that the real truth of the situation in the east is being kept from the German public. While Berlin says that the German invasion has ceased, Austrian troops have occupied three more towns in Ukraine and have captured three divisions of Russian infantry, as well as the staffs of two Russian army corps. Attacks by the Germans in various sectors along the French front have featured the official reports from

Paris for the past couple of days. In one raid, near Rheims, the Germans occupied a small position, but were immediately ousted by the French. In other engagements the French beat off their assaults. w.s.s. Red Cross Contributions T. A. R. Club \$15.00 Mrs. Sallie C. Jones 1.00 J. M. Walker 1.00 J. A. SCHOOL NEWS.

RUTH TEACHEY (Tenth Grade) Editor-in-Chief KNOX LIVELY, GEORGE IRVIN, ROY KNIGHT Associate Editors The chapel exercises at the Franklin Street Graded School on Friday, Feb. 22, were those bearing on the life of George Washington, and also on the War Savings Stamp campaign. Two of the gentlemen of the town, Mr. Scott Fillman and Mr. F. B. Kemp, were present at the exercises. First, the primary grades gave some recitations and readings bearing on Thrift; then a representative from each grade presented books of Thrift stamps to Mr. Fillman. Mr. Fillman in turn thanked the grades and presented the books to Mr. Kemp, the township manager of the War Savings Stamp campaign. Mr. Kemp showed his appreciation in behalf of the Government by presenting a \$5 book of stamps to Professor Allen to be given to the pupil that writes the best paper on Thrift. The school has raised \$50.00 and plans are being made to double this amount. On Friday afternoon the High School baseball team played a game with the "scrub" team. The game was a very interesting one and was enjoyed by quite a number of the school pupils. The score ended 12 and 5 in favor of the High School team. Mr. McWhorter, a well-known league ball player, kindly came over and umpired the game. On Friday, March 8, at 3:30 p. m., the High School team will play a game of baseball with the Wentworth team at the Red J park. There will be no admission fee and everybody is urged to attend and thus encourage the boys in athletics. In addition to the baseball game between the High School team and "scrub" team on Friday afternoon, there was a basketball game between

the teams of the eighth and ninth grades. The score was 12 and 11 in favor of the eighth grade. The members of the Senior Class have ordered their class rings and also their invitations for commencement. Beginning with Monday, March 4, the noon recess will be lengthened to forty-five minutes in order to allow those pupils who live near enough to go home to their lunch. Meeting of Calvary Good Time Club. The Club met last Thursday at the regular hour. The roll was answered by memory selections from Longfellow, and after the business was over the play, "Hiawatha's Childhood," was given by the Club on the school lawn.
