Perilous Times. In Paul's second letter to Timothy, beginning with the third verse we find these words: "This know also that in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemous, disobedient to parents, unthankful, unholy. Without natural affection, truce-breakers, false accusers, incontinent, fierce, despisers of those that are good. Traitors, heady, highminded, lovers of pleasure more than of God; Look and Listen! Yet they have a form of Godliness, but denying the power thereof. From such God's word says turn away. For of this sort are they which creep into houses and captive silly women laden with sins led away with divers lusts. Ever learning and never able to come to the truth. That the voice of inspiration makes a terrible indictment here there can be no doubt, and that the world truly reflects their fulfillment today is obvious." Who is the indictment against? Not the world for they have no form of Godliness. Then it must be the professing element with but a form of Godliness to distinguish them from the world. These forms without vital Godliness are yet holding the masses of humanity under their influence but the voice of the bridegroom is heard no longer in empty fetus and ceremonies of so-called protestant bodies. The spirit of the world that now worketh in the children of disobedience

once has made the nations drunken and war mad. Bibles are plentiful; you may find one or more in almost every home in this and other so-called Christian nations; yet men and women who profess to be followers of Christ show by their conduct and life that they are lovers of pleasure more than lovers of God. It is evident even to the non-professor that the popular religion of today is on a par with the world and the disintegration of faith in the past few generations is so telling that the rent is being patched with the union. But hypocrisy is not religion neither union unity. The morals of America are below sea level. W. Reidsville, N. C. MADISON R. F. D. The farmers in this section are most through chopping now and are most ready to begin planting. Our seventh grade students of New Bethel Academy did good work at the spelling match last Friday. Misses Lesse and Minnie Newnam and Nina Tuttle of Pine Hall and Messrs. Albert, Henry and Leslie Shelton of Route One spent the day last Sunday with Mr. J. P. Adkins at Leaksville. Mr. Martin of Mayodon has recently moved to the farm of Mr. G. V. Price on Route One. Mrs. Mamie Newnam is visiting her daughter Mrs. W. B. Idylett at Greensboro this week. There was a birthday dinner given at Mr. Lark Cable's home last Sunday and a large crowd was present. Messrs. J. T. Stuart and J. B. Sharp and others motored to Winston-Salem last Friday on business. The wheat crop is looking fine at present. W.S.S. YOU CAN'T FIND ANY DANDRUFF, AND HAIR STOPS COMING OUT Save Your Hair- Make It Thick, Wavy, Glossy And Beautiful At Once. Try as you will, after an application of Dandearine, you will not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first--yes--but really new hair--growing all over the scalp. A little Dandearine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Dandearine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing--your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health. Get a small bottle of Knowlton's Dandearine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any--that it has been neglected or injured by careless treatment. A small trial bottle will double the beauty of your hair. W.S.S. Suppose you C. Kent Lewis.

Why Not Drive Poison Out? DO you realize that the kidneys never have a moment's rest? They work all the time, day and night, year in and year out, filtering poisonous waste products from the blood. Is it any wonder the kidneys get out of order, weak, or too tired to keep the blood stream clear of impurities? When the kidneys falter, trouble begins. The waste matter accumulates in different parts of the system, and backache, swollen joints, aching muscles, pains inside, biliousness, blurred vision, puffly pouches under eyes, or rheumatic pains result. Foley Kidney Pills Help weak, tired, disordered kidneys to do their work. They strengthen and heal the kidneys, soothe and regulate the bladder and have a splendid tonic action on the liver. Mr. Louis Flint, 182 S. Jefferson Ave. Battle Creek, Mich., writes: "For years I suffered intense pain. The doctors told me it was my kidneys and gave me medicine which did me little good. A friend induced me to give Foley Kidney Pills a trial. In a few weeks I was feeling much better; inside of a year I found out I had a permanent cure. I am now 76 years old, a veteran of the Civil War, on my feet ten hours a day, six days a week. You can help your kidneys keep your system clear of poisons by taking Foley Kidney Pills. Two sizes, 50c and \$1.00."
