BOTH PARTIES WILL BE ASKED TO ADOPT SUFFRAGE PLATFORM

Referring to the suffrage meeting in the State capital Saturday the Raleigh Times says:

"Both the Democratic and Republican parties of North Carolina will be petitioned by the State Equal Suffrage association to insert a suffrage plank in their platform when they meet in the convention this spring. It was decided at the meeting of the executive committee of the association which met in this city at the Woman's Club, Saturday at noon, to present a petition to both parties. A committee will be appointed, composed of members from Raleigh, Greensboro, Durham and Goldsboro to draw up and present the petition.

"At the meeting Saturday the various war activities of the association were considered, suffrage, war gardens, food conservation, over the sea hospitals and various forms of war work. Miss Lillian Fuller, of Durham, was appointed chairman of the food conservation committee and Mrs. W. R. Murray of Durham, chairman of finance.

"It was announced at the meeting that the National Suffrage association in Washington is going to send into the State a circulating library of the very best suffrage literature for

Perils We Overlook

Of the many perils that beset the average individual one of the most serious is a common cold. It is not the cold itself that imperils our well

being, but the serious diseases which it leads to. Consumption usually starts with a cold, or a succession of colds. It is a germ disease, and germ diseases are most likely to be contracted when you have a cold. A child that has a cold is more likely to catch diphtheria, scarlet fever, than one who has not. For this reason every cold should be regarded as a peril and gotten rid of as quickly as possible. Chamberlain's Cough Remedy will help you throw it off. Try it.
