THE REIDSVILLE REVIEW

THIRTY-FOURTH YEAR.

REIDSVILLE, N. C. FRIDAY, AUGUST 19TH, 1920.

ISSUED TUESDAY AND FRIDAY

All's Quiet In the Zone At Concord

Three Companies of North Carolina National Guard On Duty—President Samuel Campers Sends Representative of the Labor Union to Concord.

While a personal representative of Samuel Campers, president of the American Federation of Labor, is understood to be on his way to Concord, in response to a request telegraphed Tuesday by James F. Barrett, president of the North Carolina Federation, the latter has gone to Asheville, accompanied by several Concord textile union leaders, to confer with Governor Morrison on the textile strike situation at Concord.

Concord, Charlotte and Winston-Salem troops are on the scene. Adjutant General Metts arrived Tuesday and has been busy investigating the situation.

The Hartsell and Locke Mills, reopened within the last several days, are still in operation, and there has been little disorder except one instance in which a special officer was attacked and his pistol and bullet taken from him, which resulted in the arrest of a woman and one man and the issuing of warrants for two other men, who have not been apprehended. The man and woman arrested were released on bond.

Following the arrival of the troops from Winston-Salem at Kanawake, Major Paison addressed them as to their duties, and said that while there was hardly more than one chance in a thousand that they would find it necessary to shoot, he admonished them not to hesitate to shoot if the "thousandth chance" occurred.

THREE DEAD AND MANY WOUNDED AT AUGUSTA

Three persons are dead and eight wounded as the result of a shooting affray at Augusta, Ga., Tuesday afternoon in which whites, blacks and city and county police were involved. Of the killed, two are white and one is a negro. All of the wounded are white, although two negroes are reported wounded. An unidentified white woman is reported to have been shot as she passed in an automobile. The known wounded are those only who have been reported at hospitals.

The trouble began at the wagon works when Walter Smalley, a negro chauffeur for Dr. W. W. Battey, one of Augusta's leading physicians, and who it is said had been struck by B. T. Hightower, manager of the wagon works, early in the day after he had called Hightower a liar, returned with a shotgun and shot Hightower to death. Mr. Hightower at the time was talking to Dr. Battey who after the homicide went to a telephone and called the police.

Smalley then walked out on the sidewalk, seated himself on a curbing and started firing at every white person he saw. The negro was practically riddled with bullets later.

IMMENSE CANDLE AS A MEMORIAL TO CARUSO

An 18-foot candle that can be burned on every All Souls' Day for 5,000 years is being made in New York as a memorial to Enrico Caruso, from the inmates of an orphan home, to which the Metropolitan opera star contributed \$10,000, a year for many years. It will be placed in the Church of the Madonna of Pompeii, at Naples, Italy.

Antonia Anjelo, maker of the candle, has erected a derrick in his shop by means of which the candle is dipped thrice daily into boiling tallow. It will be completed in a couple of months and will weigh about 1,000 pounds. Mr. Anjelo has figured that the candle would burn continuously for 13 years and 7 months.

500 VETS. ARE EXPECTED AT ANNUAL REUNION IN DURHAM

Letters received by Major L. P. McLendon, chairman of the executive committee in charge of preparations for the annual reunion of Confederate Veterans of North Carolina to be held in Durham August 23, 24 and 25, indicate that hundreds of prominent men and women will be in attendance. Prominent leaders of the U. D. C. in North Carolina have written that they will not only attend, but will also use their best influence to make the reunion a great success. In anticipation of this feature the Durham chapter U. D. C. is preparing some rare events for the benefit of the women who attend. In fact the social program for the three days will be a brilliant one.

Major McLendon announces that there is every reason to believe 500 veterans will attend the reunion.

Superior Court Was Adjourned Tuesday

Superior court adjourned late Tuesday afternoon after practically cleaning up a crowded docket. A great many cases were disposed of at this term.

Among the later cases tried were: Tom and Martin Lemons, of Stoneville, convicted of violations of prohibition laws. Sentenced to 8 months each on the road. An appeal was taken and bonds fixed at \$1,500 each.

Frank Halston, the colored blacksmith of Reidsville, was tried for killing Albert Devinney on July 12th. He was convicted of manslaughter and sentenced to 6 months on the county roads.

Several minor cases were also disposed of.

Before adjournment of court for the term, Judge Long handed down his decision dissolving the temporary injunction granted six weeks ago by Judge H. P. Lane restraining the county board of education from erecting a new school house between Spray and Draper. The question at issue seemed to narrow down between plaintiffs and defendants as to whether the board ordered a new school district established or merely ordered a branch school erected, to be under the jurisdiction of the Leaksville school district. All five members of the board certified to his honor that the intention of the board (and the records or minutes showed) was to establish a branch school and not a new school district. Upon this showing by the board and the absence of any proof submitted by plaintiffs showing improper motives on the part of the board, his honor dissolved the injunction. Large masses of testimony and a great many affidavits were submitted in this case by both sides. An array of able counsel on both sides took part in the arguments.

KING PETER OF SERBIA IS DEAD AT BELGRADE

King Peter of Serbia died at Belgrade Tuesday.

King Peter, who for a long time had been ill, was reported early in June to be in a serious condition. He was then suffering from pleurisy. A short time afterwards, he was said to be steadily improving in health and his physicians declared him out of danger. Nothing was heard of the aged monarch until a few days ago when a dispatch from Belgrade said he was seriously ill with congestion of the lungs. He sank into unconsciousness Friday, remaining in that condition until the following day. His condition became worse Sunday night and he gradually failed until the end.

LOCATES HIS DAUGHTER AFTER FORTY YEARS

After 40 years separation from his family, Horace W. Allison, of Philadelphia, has just traced his daughter, Deville Caroline, to Birmingham, Ala., where he informed her that he held in trust for her an estate reported to exceed \$200,000 left her by her grandfather, Walter Allison, in 1889. The search began in Moberly, Missouri, where Allison left his daughter after her mother's death. It took him to Palestine, Texas, where she had gone after her marriage; thence to Illinois, and finally to Alabama. Allison is said to have discovered he is the grandfather of five children. His daughter's marriage name is withheld.

BLIND MAN OWNS UP TO BRUTAL MURDER

Ramon Ramirez, aged 20, a blind man, was arrested Tuesday at El Paso, Texas, and charged with murder when deputy sheriffs found him sleeping in a shed half a mile from the house in which Mrs. Conrado Alazar, 32, was murdered, and her children, Conrado, four; Ophelia, seven, and Frances, eight, were clubbed and seriously injured Monday night.

"Yes, I killed them," was Ramirez's statement, according to Deputy Sheriff John Boone. "I wanted to kill them all. It would have been better for them."

Blood was on Ramirez's face and hands, the officers said.

Many Automobiles Stolen.

Automobile thefts in New York have almost doubled in the last six months, according to police figures for the boroughs of Manhattan and the Bronx, just made public. Since February 2,411 cars, valued at \$2,500,000, have been stolen.

Many owners have refused to identify machines that the police recovered. It was asserted, preferring to collect for the loss at wartime insurance valuations.

Fordney Gives Out The Tax Figures

Explains Measure, Stating That This Fiscal Year \$193,640,000 Will Be Cut, \$377,790,000 in 1922, and \$790,330,000 in 1923—Democrats Prepare For An Attack.

The nation's tax bill will be cut \$193,640,000 this fiscal year; \$377,790,000 in the calendar year 1922, and \$790,330,000 in 1923. Chairman Fordney, of the ways and means committee, asserted Tuesday in the majority report explaining the tax revision bill framed by Republican committee-men.

Without disputing these figures, Democrats of the House prepared in caucus for a broadside assault on the Republican measure, planning to brand it as a rich man's bill. Their views were to be incorporated in a minority analysis attacking the means by which reductions were achieved.

Applying to individual taxpayers the net difference of \$790,330,000 between the losses and gains, Mr. Fordney said, they represented a reduction of \$7 per capita, "or a saving to the average family of \$35 per year."

The Democratic caucus began in the later afternoon after a recess was continued. Representative Kitchin, ranking Democrat on the ways and means committee, who is detained at his home in Scotland Neck by illness, sent a telegram to the caucus, urging solid Democratic opposition to the Republican measure. He has been kept fully informed as to the provisions of the bill and events during its preparations and expects to review it in a message to be sent to the Democrats later.

FARMER RELIEF BILL WILL PASS SENATE

Assurances have been given Senator Simmons that the farmers' relief bill, which the Senate sent to the House a few days since, will pass before adjournment. The recess resolution was pending in the Senate and Senator Simmons threatened to hold it up by actively opposing its passage if an immediate agreement was not reached with the House managers to pass the farmers relief bill. Senator Lodge acceded to the Tar Heel Senator's requirements and secured the agreement. The bill is one of vital importance to the agricultural interests, in that it provides for financial assistance for the farmers.

Lodge At Last Gets Recognition

Finally Achieves Place On a "Peace" Conference—Personal Qualifications Touted In High Administration Circles—Democratic Senator Suggested For Placement.

The Senate's claim to a share of responsibility for the foreign affairs of the nation was recognized by President Harding by the designation of Senator Henry Cabot Lodge, of Massachusetts, chairman of the foreign relations committee, as a member of the American delegation to the disarmament conference.

Whether other Senators will be named on the delegation is a question which the President himself can not answer, but it has been suggested among officials close to the White House that he might give representation to the Democratic as well as the Republican side of the treaty-ratifying body. Should he decide to do so, it is considered likely that Senator Underwood, of Alabama, will be asked to serve.

GREEK SHOTS AND BADLY HURTS DANVILLE GIRL.

A special from Danville says: Hovering between life and death, Miss Minnie Redder, aged 20, who was shot last evening by Mike Nicholas, a Greek, was waiting for the end tonight at the General hospital, having made a dying declaration this morning to police officers after physicians who examined her had given small hope for her recovery. Nicholas, who is 23 years of age, was in a jail cell where he was lodged soon after the shooting and with three conflicting statements regarding the affair to be answered for.

The young woman is suffering from a .32 calibre revolver bullet which passed through her body entering below the sixth rib and damaging internal organs, also causing a hemorrhage of the lung. Her condition was such that a necessary operation could not be attempted today.

The shooting took place in the basement of a confectionery store on lower Main street which Nicholas opened about eight weeks ago, in partnership with his cousin, Louis Costas, both having come to Danville from Norfolk in search of a business opportunity. Sunday evening he was eating a meal in the basement and called to the girl employed at the store to bring him a soda drink. She replied. Within a few minutes a pistol shot sounded and Costas running to the basement found the girl shot and his partner greatly agitated.

Nicholas first said that the pistol had gone off in his pocket but later he reiterated that he was fingering the revolver when it went off.

Questioned specifically this morning and volunteering the information that she felt as though her end was near, the girl made an extended statement which gravely compromised the Greek. She asked her employer to pay her her wages in order that she might visit her aunt in Greensboro. Nicholas finally told her, she says, that she would not get her money unless she did as Nicholas told her. "I am not that kind of girl and declined," she said, whereon, she further charges, he said he would shoot her. She said she was about to turn to leave the basement when he drew the pistol, drew the hammer back and the shot rang out.

Reidsville Man Hurt In an Auto Accident

Mr. and Mrs. C. A. Penn and Mr. and Mrs. Elmore Willets (the latter formerly Miss Lucy Penn) while making a motor trip through New England, had a bad accident last Friday. While near New Haven they met a car which failed to properly share the road, forcing Mr. Penn's limousine in the ditch. The car struck a large rock on the side of the road, badly wrecking it. Mr. Penn was caught between the door and seat of the car and had two ribs broken and was otherwise severely bruised. Mrs. Willets was also severely bruised and shaken up, though not seriously injured. The others escaped injury. The party left at once for New York. Mr. Penn suffered great agonies from his injuries and his family was greatly alarmed at his condition. Up until Sunday night he did not know that his ribs were broken. An x-ray examination, however, showed the broken ribs pressing upon one of his lungs. It is said he had a narrow escape from an attack of pneumonia as a result of the pressure. Mr. and Mrs. Penn are now at the Hotel Vanderbilt in New York City.

GRISSOM EXPECTED TO GET INTO OFFICE BY SEPTEMBER 1

A special from Raleigh to The Charlotte Observer says: Internal Revenue Collector Josiah William Bailey today began preparing to turn his office over on September 1 to Gilliam Grissom, secretary of the Republican State committee, who has been agreed upon by North Carolina Republicans as the new collector.

Mr. Grissom, according to reliable information reaching Raleigh, will receive from the President a recess appointment within a short time after the present session of Congress adjourns, and immediately thereafter will come to Raleigh to take over the and make the customary departmental changes.

This move, according to well informed Republicans and Democrats who, of necessity, know the Republican program, is to be made in order to avoid any fight in the Senate on the confirmation of Mr. Grissom, and in order, also, to "shelve" young William Duncan without resorting to such a compromise as the tender of the Raleigh postmastership.

Oakes to Be Tried Alamance County

Judge Long Signs Order Transferring Case of Greensboro Policeman Who Killed Tommy Robertson—The Case Will Hardly Be Tried Before September.

Judge B. F. Long, presiding over the August term of criminal court at Wentworth, Tuesday signed an order transferring the trial of R. D. Oakes, Greensboro policeman charged with the murder of Tommie Robertson, from Rockingham county to Alamance county. The next term of court at Graham, the county seat of Alamance county, will be held next Monday, but it is thought to be improbable that the case will be tried at this term of court on account of a large docket to be tried next week. The next term after next week will convene September 12 and it is thought that the trial of Policeman Oakes will be held at this time.

Judge Long, in handing down his decision to order the case transferred from the Western to the Eastern circuit and from the 11th to the 10th judicial district, declared that he realized the feeling which had been aroused in Rockingham county, but that he meant no reflection on the citizenship of the county by transferring the case. He stated that he had as much respect for and confidence in the citizenship of Rockingham county as he did for that of his own county of Iredell.

Judge Frank Daniels will preside over the term of court at Graham at which Oakes will probably be tried. S. M. Gattis is the solicitor of the district.

Judge Long stated yesterday that he would not transfer the case to Guilford county on account of the fact that the defendant was a resident of Greensboro, and that while Forsyth had been considered, the criminal docket in that county was so crowded that he deemed it best not to place anything more on that county's docket.

It will be remembered that Tommie Robertson was killed May 4th while being pursued by Greensboro officers, Robertson being in the Dodge automobile from which the shot had been fired that killed Policeman W. Thomas McCulston only about an hour before Robertson met his death. Mr. Oakes, a member of the local police force, was with McCulston at the time of the latter's death and, in company with Clyde Cobb, pursued the car which was occupied by Robertson, Carl Talley and Lewis Edwards. Talley and Edwards left the car at the Battleground, Robertson trying to outrun the officers in his car and being shot to death near Reidsville.

Policeman Oakes was held responsible for the death of Robertson by a coroner's jury, which sat at the inquest held at Reidsville, and a Rockingham county grand jury at the spring term of court returned a true bill of murder in the second degree against him, the case being continued until the August term.

Edwards is now in the Guilford county jail awaiting trial for murder in the first degree. Carl Talley has never been captured. He was declared an outlaw and a reward was offered for his capture. The trial of Edwards is set for this week, but it is thought improbable that the case will be reached at the present term of court, which will last for this week only.—Greensboro News.
