IN SUCH PAIN WOMAN CRIED

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month. I took three more bottles of it and felt well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSBURY, Route No. 1, Florence, South Dakota.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

TO WHOM IT MAY CONCERN, Notice is hereby given that I will, on the 9th day of July, 1914, apply to his Excellency, Lock Craig, governor of North Carolina, for the pardon of Lemuel Roberson, who was convicted at the February term of the Durham County Superior Court for the illegal handling of spirituous liquors. Persons desiring to oppose the pardon are hereby notified, that they can present their cause for opposition to the Governor.

This the 18th day of June, 1914.
J. J. ROBERSON,
Father of Lemuel Roberson.

Aldermen Had No Trouble Getting to the New Disposal Plant

WAS GLAD TO GIVE IT

Board Last Night Ordered the Issue of \$60,000 for Sewerage Work

The aldermanic committee appointed to interview property owners on Blackwell's branch and Third Fork creek about getting the right of way for the extension of the pipe line from the present outfall of the sewer from the southern section of the city to the proposed location of the disposal plant have not experienced any trouble in getting these people to consent to laying the pipe line across their land.

Rather than the opposition which it had feared would develop all of the property owners on the two creeks were not only willing to allow the pipe line, but seemed glad that the city had found this solution of the problem which has caused a good deal of friction between the city and the people of that section for the past ten years.

These people have been unalterably opposed not only to the sewerage being emptied on their land, but also to the construction of a disposal plant on land they would have to sell the city. Most of them were of the opinion that the disposal plant would not do the work claimed for it, and they did not want the experiment tried on their land.

Since the city purchased the Presley Markham farm and is going to establish the plant there the people in the southern part of the county feel better about the situation.

The aldermen met last night and adopted the recommendation of the finance committee for a bond issue for sewerage amounting to \$60,000. The bonds will bear interest at four and a half percent, and will run for fifteen years. The bids for these bonds will be opened on the evening of July 21. Advertising the bonds for sale, and having the validity of the issue investigated by the proper authorities has been left with the United States Mortgage and Trust company.

The biggest portion of this money will be spent in the erection of the disposal plant on the city farm, and the work will be started some time in the near future. The aldermen have secured the temporary services of Mr. Harbett Keuffner as civil engineer, and he will go to the farm and lay out the site for the disposal plant just as soon as possible.

With the ground plans of the proposed location it will be an easy matter for Mr. White to complete the plans. Then the actual work will be started soon thereafter. It will take something like six months of good weather to complete the plant and get it in good working condition.

In addition to the erection of the plant the aldermen will have to build sewer extensions from the southern part of the city to the new plant. The Burch avenue section of the city is still unconnected, and so is the Alston avenue section, as well as certain parts of Hayti. It will be necessary to build another line of pipe from these various sections to the new disposal plant, and these pipe lines will take up a good part of the money secured from the sale of these bonds.

VALUABLE ADVICE

Durham Citizens Should Profit By The Following Statement.
Doan's Kidney Pills were used by this Durham resident.
Their merit was shown—the story told.
Now comes further evidence. The testimony is confirmed. The remedy was tested—the results lasted.
Could Durham residents demand stronger proof?
It's Durham testimony. It can be investigated.
J. V. Thompson, 201 South street, Durham, N. C., says: "I am pleased to confirm my former statements recommending Doan's Kidney Pills. In 1903 they were first used in my family, being procured from Mr. Bry's Drug Store, and they proved so effective in relieving kidney complaint that I endorsed them. I am glad to make the fact known that the benefit they brought me has been permanent. You are welcome to use my name at any time you desire."

THE CONFERENCE IN FULL SWING

Opening Address Was By Presiding Elder Harry M. North

DELEGATES PRESENT

Hillsboro, N. C., June 26.—The Durham district conference of the Methodist church is on here now. Quite a good number of ministers and lay representatives are in attendance. Presiding elder, Harry M. North, made the opening address Wednesday night. Dr. William P. Few, of Trinity college, and Dr. S. B. Turrentine, of Greensboro, addressed the conference last night. Every hospitality that the town affords has been extended to the delegates free of charge. The conference has been a most successful one from every point of view.

The final sessions of the conference will be held this afternoon.

STATE OF NORTH CAROLINA

Department of State.
CERTIFICATE OF DISSOLUTION
To all whom these presents may come—Greetings:
Whereas, It appears to my satisfaction, by duly authenticated record of the proceedings for the voluntary dissolution thereof by the unanimous consent of all the stockholders, deposited in my office, that the Hall-Wynne Company, a corporation of this state, whose principal office is situated in the city of Durham, county of Durham, state of North Carolina, J. S. Hall being the agent therein and in charge thereof, upon whom process may be served, has complied with the requirements of Chapter 21, Revised of 1905, entitled "Corporations," preliminary to the issuing of this certificate of Dissolution:
Now, therefore, I, J. BRYAN GRIMES, secretary of state of the State of North Carolina, do hereby certify that the said corporation did, on the 22nd day of June, 1914, file in my office a duly executed and attested consent in writing to the dissolution of said corporation, executed by all the stockholders thereof, which said consent and the record of the proceedings are now on file in my office as provided by law.
In testimony whereof, I have hereunto set my hand and affixed my official seal at Raleigh, this 22nd day of June, A. D., 1914.
J. BRYAN GRIMES,
Secretary of State
