IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Use it like a cold cream and dry Eczema eruptions right up.

The moment you apply bold-sulphur to an itching or broken out skin, the itching stops and healing begins, says a renowned dermatologist.

This remarkable sulphur made into a thick cream effects such prompt relief, even in aggravated Eczema, that it is a never-ending source of amazement to physicians.

For many years bold-sulphur has occupied a secure position in the treatment of cutaneous eruptions by reason of its cooling, parasite-destroying properties and nothing has ever been found to take its place in relieving irritable and inflammatory affections of the skin. While not always establishing a permanent cure, yet in every instance, it immediately subdues the itching irritation and heals the Eczema right up and it is often years later before any eruption again manifests itself.

Any good druggist will supply an ounce of bold-sulphur, which should be applied to the affected parts like the ordinary cold cream. It isn't unpleasant and the prompt relief afforded is very welcome, particularly when the Eczema is accompanied with torturous itching.

USE THE LOT FOR A PARK

Civic League and Others Will Petition the City Fathers

FOR A VACANT LOT

Ask That a Lot in Rear of the Academy Be Used for Temporary Park

The ladies of the civic league and some other people in the community will have a representative appear before the board of aldermen on Monday evening for the purpose of asking that the board set aside a vacant lot in the rear of the Academy of Music, and make it into a small park for the use of the people of the city till such time as they see fit to use it for some other purpose.

This does not necessarily mean that the people behind this petition for the grass plot are opposed to putting the police station and new guard house on this lot, but at least it promises to be a pretty hot time before the city will do any building on that plot of ground and in the meantime the ladies think it could be used to a better advantage than as a storage place for all of the delivery wagons in the city and a meeting place for horse traders.

The ladies have caused several petitions to be prepared and some of these have been circulated about the city. They have secured a number of signatures and these will be a part of the exhibits that will be presented by the ladies when they appear before the board of aldermen on Monday evening.

They point out that since there is absolutely no place in town where a person may go out for an evening or where one may sit down for a brief space of time and rest, the town should take some steps to utilize the vacant spots of the city for just such purposes. Durham is now reaching such a stage in its growth that there are not a few families and people in town who have to spend the greater part of their days indoors and do not get the opportunity to get into the open air very much except into the heated atmosphere of the city streets. Such a small park as the

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a Glass of Salts if Your Back Hurts or Bladder Bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four cents of Jad Salts from any pharmacy here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

adies are asking for would serve admirably as a breathing place for the shut-in population.

Just at the present time the proposition about the building of the new guard house and police station seems to be a little bit sidestepped. The aldermen have not yet given the city attorney positive instructions about drawing the bill providing for a bond issue for this building.

The board passed an order "approving" the suggestion or the recommendation of the police and fire commission, which was that the aldermen ask the legislature to pass a bill allowing the board to issue bonds for this building since it would come under the head of a necessary expense. Any person who has ever seen the guard house would not have much doubt about "necessary expense" being the proper heading for a new building for the police department. The present guard house is a disgrace to the town a decade ago and it has not improved the least bit with age.

Whether or not the board of aldermen will ask for this bill is a question that can't be answered. Since they "approved" the suggestion of the police and fire commissioners there have been a number of letters and suggestions that streets were much more a necessity than the police station.

While it is being decided whether the new building will be erected or not, the ladies are asking that the proposed location of the police station be made into a grass plot and small park.

Arrangements Made With Managers of House and the Show People

Arrangements have been made with the managers of the Academy of Music and the manager of the show which is booked for the house on Saturday night, whereby the Hon. William Jennings Bryan will speak there instead of at Trinity church as it had been originally planned.

When it was found that Mr. Bryan could not come to Durham on Saturday evening an effort was made to get the Academy, but when it was found that the show which has been playing there for the past week could conclude its engagement on Saturday evening, Mr. Wilcox, secretary of the Y. M. C. A., announced that the lecture by the evening's state would be held at Trinity church.

M. C. A., announced that the lecture by the evening's state would be held at Trinity church.

The general admission price will be the same—fifty cents, but there will also be a number of reserved seats at the academy. A large number of people asked Mr. Wilcox to reserve some of the seats since on Saturday evening it would be impossible for them to come to the lecture till just before the hour for starting, and they were willing to pay for having the seats reserved for them. Some of the reserved seats will cost a dollar and some will sell for seventy-five cents, but fifty cents will admit one to the building and to a very good seat, one from which every word the famous man says can be heard.

The Academy of Music also makes it possible for the colored people of the city to hear the secretary of state, for the second gallery will be reserved for the colored people. They will be charge a quarter.

The general admission seats are on sale at the Y. M. C. A. and at the various drug stores of the city, as well as at the box office of the Academy of Music. All reservations of reserved seats will have to be made at the box office today or tomorrow.

OLD-TIME COLD CURE—DRINK HOT TEA!

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM STIFF, ACHING JOINTS

Rub soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dozing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stop sciatica, lumbago, backache, neuralgia. Limber up! Get a 25 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism away.

DREADFUL PAINS GREAT SUFFERING

WAS THE LOT OF THIS LADY WHO TELLS THE STORY OF HOW SHE RECOVERED HER HEALTH.

Dallas, N. C.—Mrs. Thomas Davis, of this place, says: "About two years ago, when I was eighteen years old, I was in bad condition from womanly troubles. I fell off until I weighed not more than 85 pounds.

I suffered dreadful pains in my hips, sides and abdomen, for about 5 days out of every month.

I couldn't sleep at night, and the pains were so dreadful I couldn't lie down for the blood would seem to rush to my head.

I felt I must have some relief, for it seemed that the awful suffering would surely kill me.

I had read of what Cardui had done for others, and thought I would try it.

After the use of one bottle, the pains had entirely stopped and I was able to sleep.

After using four bottles, I was a well woman, I was regular, I got back my flesh, and now I weigh 126 lbs; and am able to do all my work without any trouble.

I certainly recommend Cardui to suffering women, for I know it cured me.

My friends who saw me when I weighed 85 pounds and would see me now, would know what Cardui had done for me."

Try Cardui.

Park School Beats High School.

In by far the closest and most interesting game they have played on the local court this year, the high school lost a game to the park school yesterday afternoon at the Y. M. C. A. by only two points, the game ending 21 to 29. The game was full of pep all the way through and the crowd present cheered loudly as first one side forced ahead only to lose their lead a minute later to the other.

In the first half the high school was off on their passing and Carmichael missed several fouls, a thing unusual for him. This half ended eighteen to fifteen with the park school in the lead. The second half started off with both sides playing for all they were worth and the game zigzagged back and forth first one team taking the lead and then the other. About three minutes before this half was over the high school came from behind a five point handicap and were soon two points in the lead. With less than ten seconds to play, Moore for the park school threw a goal and the game was again tied. It was then necessary to play another five minutes to decide to whom the game belonged. Three goals were thrown during these five minutes. Two of these were thrown by McDaniels for the park school and the last one was thrown by Hornaday, right forward for the highs, just before the whistle blew.

The teams were as evenly matched

Cottolene

Cottolene took the lead as a cooking fat over a quarter of a century ago. It was in the van of the great movement for the betterment of household service and for the improvement of food products.

There is no secret about Cottolene. The world has known it for more than a generation. It is an exact combination of fresh, pure, sweet, ultra-refined cotton seed oil whose grade is so high that it is not listed on the market, with beef stearine from fresh, pure leaf beef suet.

It is this combination which gives Cottolene the splendid qualities for shortening, frying and cake-making which produce results that delight everybody.
