TRINITY WON FIRST PLACE

Winning Oration Delivered by W. R. Shelton in Fifth Annual Peace Contest

EIGHT CONTESTANTS

Second Prize Was Awarded to A. C. Reid of Wake Forest College

Trinity college, represented by W. R. Shelton, of Durham, won first place in the fifth annual peace contest, held by the North Carolina peace society at the college last night.

The first prize of seventy-five dollars was given to Mr. Shelton and the second prize of fifty dollars was awarded to A. C. Reid of Wake Forest college.

The exercises were opened with prayer by Dr. J. J. Hall, of Atlanta, Overton, Southern Conservatory of and Prof. S. F. Blair, of Guilford, president. Hon. J. H. Southgate, president of the board of trustees of Trinity college, welcomed the speakers. The judges for the contest were Rev. Q. C. Davis, pastor of East Durham Baptist church; Professor W. H. music, Col. J. Harper Edwin, Alphonse Cobb, of Durham, and D. H. Gladstone, of the Durham bar.

The speakers and their subjects follow: W. R. Shelton, Trinity college, "Some Biological Aspects of War." Roger M. White, Elon college, "America's supreme opportunity." H. Gardner Hudson, University of North Carolina, "Development of an international mind." B. A. McGeachy, A. and M. college, "Bisarament and peace." F. H. Morris, Guilford, "America's opportunity to establish world peace." F. H. Smith, Davidson, "Rifts in the

war clouds." A. C. Reid, Wake Forest college, "The present policy of the United States toward arbitration." Joel E. Vause, Atlantic Christian college, "A plea for a newer patriotism." The Lenoir college representative failed to come.

This is the third prize won by Trinity since the contest was established. Out of the five contests held so far, Trinity represented by W. G. Sheppard, of Farmville, N. C., won second place the first year, and represented by A. W. Byrd won first place the second year.

Mr. Shelton's subject was Biological Aspect of War. "man as a part of life, Mr. Shelton pointed out, is subject to the laws of evolution. In war, however, the men best fit physically are killed, and thus modern, chemical biological war reverses the process of evolution. In the Civil war it was estimated one-fourth of the annual of the University of North Carolina were killed, and out of every 100,000 men who go into the European war only 30,000 return. And not only does war kill the best men, but it also leaves at home the deformed and maimed.

Even more harmful than the battlefield, Mr. Shelton said, the many diseases which sweep through the army camps and carry off thousands. These diseases are more deadly than the bullets of the enemy. Mr. Shelton's final plea was for the abolition of war, which lowers the standards of womanhood in a nation and strains woman's purity.

CONDITION IS VERY SERIOUS

Although some improvement was noted yesterday in the condition of Mr. John Proctor who was stricken with paralysis at his home on Oakwood avenue Friday night much concern is felt as to the outcome. His entire right side was paralyzed and he was almost entirely bereft of the faculty of speech. However, he is now able to speak a few words, although only indistinctly. Mr. W. H. Proctor and his daughter, Miss Mabel Proctor, of Morrisville, who are respectively brother and niece of the sick man, spent yesterday in the city at his home.

Up-to-date first class work at moderate prices. Latest samples in wall hangings. Shop 201 1/2 Church St. Estimates solicited.

TWO GIRLS JAILED FOR SHOPLIFTING

Unable to resist the glitter of "ten cent store" jewelry and too young to hardly know the difference between right and wrong, Bessie Morgan and Mable Lyon, negro girls living in the county, but here with their parents to do Saturday's buying, were arrested in Woolworth's store yesterday afternoon and placed in the city lock-up to await a hearing before the recorder Monday morning on a charge of larceny.

The Morgan girl was released on bail a short time afterward. Her father learned of her predicament and interested friends who signed the bond and the smaller and younger girl was taken home. The Lyon girl fared more badly. She was here with the Morgans and she had no one to assist her in escaping from the trouble she had thoughtlessly gotten

herself into.

The "jewelry" lifted from the Woolworth counter was worth a most nothing. A cheap ring and a cheap bracelet were found on the girls; in fact, they were seen to actually take this from the counter. The store sells nothing for more than ten cents so this makes the girls guilty of stealing twenty cents worth of merchandise jointly. Bessie and Mable were detained by an agent of the Woolworth company until an officer could be called in and he carried the girls to jail.

WAS CALLED TO RALEIGH

Miss Bettie Henderson left yesterday afternoon for Raleigh, having received a message from that place, notifying her of the critical illness of her father, Mr. J. A. Henderson. Mr. Henderson suffered a severe stroke of paralysis several weeks ago and grave fears are entertained as to the outcome.

STUDENTS RECITAL LAST EVENING

A very interesting recital was presented at the Durham School of Music last night by pupils of the school. All of the students acquitted themselves very creditably and the evening was a very pleasant one for those present.

Those who participated in the rendition of the program were: Misses

Claudia Lewis, Martha Adams, Gladys Umstead, Gladys O'Brien, Jeanette Young, Lella Rigsbee, Mabel Duke Goodall, Virginia Smith, Elizabeth Lumpkin, Christine James, Elise Shipp, Martha Brooks, Louise Bull-

ington, Virginia Asslin, Amy Tilly, Louise Horton and Mr. Hubert Howard

ters of Liberty hall. All members are urged to be present.

The Patriotic Sons of America will meet tomorrow night in the Daugh-

Didn't Expect to Live

In a letter to the Pinus laboratories, Mrs. G. O. Walker, of Walker, Lane County, Oregon, writes:

"I have been taking Fruitola and it has been a great relief. I suffered so with gall-stones my family and friends didn't expect me to live."

Fruitola is a powerful intestinal lubricant and softens the hardened particles that cause so much suffering, expelling the congested waste in an easy, natural manner, to the sufferer's great relief. A single dose is usually sufficient to clearly indicate its efficacy. To build up and restore the weakened, run-down system, Traxo is highly recommended as a tonic-alterative that acts on the liver and kidneys, stimulates the flow of gastric juices to aid digestion and removes bile from the general circulation.

Fruitola and Traxo are prepared in the Pinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Durham they can be obtained at Paragon Pharmacy, phone 224; and in East Durham at the East End Drug Co., phone 105; and Crabtree Pharmacy, phone 680.
