IMPORTANI

To Advertisers Of the Tribune

SLIGHT INCREASE IN RATES

Owing to the very heavy advances in cost of paper. ink, and living expenses, we have been compelled to increase our advertising rates to help meet this extra cost. We have not, however, increased our rates to anything near the increased cost to us, but are willing to bear as much of the burden ourselves as possible. Effective January 1, 1918, all advertising rates will be slightly in excess of those for 1917.

CARDS OF THANKS

In the past the Tribune has made no charges for a card of thanks, but the increased costs of publishing this paper makes it necessary. Effective this date, the fellowing rate will apply: Cards of thanks containing 50 words or less, 50c; additional words one half cent each. It must be remembered that a newspaper has but two things to self-its publication and its advertising space.

CHANGES OF ADDRESS

We are at all times glad to make changes in address of subscribers when notified, but it is necessary that the old as well as new address be given. Failure to give the former address often necessitates a search over the entire mailing lists.
