

# Sunday School Lesson

Instrnational Sunday School Lesson for March 23

Matthew 15:21-31

Jesus Teaching and Healing  
Rev. Samuel D. Price, D. D.

An unusually large amount of related material is to be found in the context, so read from Matthew 13:53 to 16:12 John the Baptist was beheaded in the Macherus prison, the multitudes were fed and Jesus walked on the sea as He came to the storm-tossed disciples on Galilee. This period marks the climax of His popular favor. Thence special schooling is given in the Training of the Twelve for their work after His departure. When Jesus would not become the bread-making king for the people many turned against Him. This was one reason for seeking retirement in the parts of Tyre and Sidon, just north of Galilee. The upper portion of this area is now under French mandate.

Usually we are entirely unconscious of the hidden misery, so close at hand, as we journey along the highway of life. Real tragedy is within many home circles and these problems are both

real and vital. While Jesus sought to remain incognito He was soon recognized. It is only about forty miles from Nazareth to Tyre and Sidon is twenty miles further north. This Canaanite woman had a beloved daughter that was possessed by an evil spirit. For a study of this kind of ill turn to "Demon-Possession and Allied Themes" by Nervous, a veteran missionary to China. As the mother learned of the presence of this miracle worker she knew that the opportunity of a life-time had come. She literally dogs the steps of Jesus as she cries out for help.

An important item right here is to note how personally this case is met. It is always that way on the part of Jesus Christ. No individual is lost in the mass no matter how many billions are in the world at large. The disciples are ready to follow the line of least resistance and want the woman to be rebuked into silence. Jesus restates that His primary mission is to the Jews. He had instructed His disciples to hold steadfast to this and had even spoken against helping the Samaritans. Later the disciples and all others, were to learn that the mission of service was to be forever world-wide.

Mother does not question the general plan of the Stranger but she does acclaim Him as David's greater Son. She takes up the word "dog" that she has been called and claims that even these despised scavengers get the crumbs and now she is asking for that which will not hinder a blessing coming to any one of the Chosen People. She has laid hold on Him by exercise of her faith and she will not let Him go. She is rewarded because of just this faith, rather than because of her repeated askings. Her beloved child is healed. In your own thinking picture the return to the home where mother is able to clasp a healed daughter to her very heart. But, because of this publicity, Jesus

must go down on His way with-out further rest that was sorely needed.

On His return to Galilee crowds throng Him again, and bring all kinds of sick people to be healed. The crowd might talk against Him but they were very ready to receive any blessing that came from Him. Here was a field clinic and no case was beyond His power to effect a perfect cure. While the multitude wondered, some at least, "glorified the God of Israel." In view of all that Jesus did and can still do there is rich appeal in the Golden Text, "Ask, and it shall be given unto you; seek, and ye shall find; knock, and it shall be opened unto you," Matthew 7:7. Intercessory prayer is a boundless mission for every one who is ready to exercise in the Son of God.

### SOW RED CLOVER: SEED ARE CHEAP

The present low price of red clover seed should be an incentive to the farmers of the piedmont section of North Carolina to sow more of this wonderful legume than ever before, declares E. C. Blair, extension agronomist of the agricultural extension service at State College.

At the present, says Mr. Blair red clover seed are cheaper than they have been at any time since

the World War, and the very best grade of American grown seed can now be bought for less than the best European seed cost a few years ago.

Mr. Blair does not urge the use of red clover to the discontinuance of the other legumes, for other varieties are excellent for various purposes, but none of them, he declares, can take place of red clover on the red clay soils which are found in many sections of piedmont North Carolina.

On these red clay soils of the piedmont section of this state, red clover makes very yields of hay and on top of that a big growth t turn under in the fall to improve the soil for next year's crop of corn or cotton.

The best method of seeding red clover is to drill five to seven pounds per acre lightly over small grain, along with 100 to 200 pounds of acid phosphate or other fertilizer. The clover seed may be mixed with the fertilizer before drilling, or put in the small clover box with which many of the drills are equipped. The best time to sow the seed is usually the last few days of March.

**NOTICE OF TRUSTEE SALE**  
By virtue of the power of sale contained in that certain deed of trust dated December 19, 1928, and executed by J. F.

Brewer and wife Delia Brewer, to the undersigned trustee, to secure certain indebtedness therein set forth, and which said deed of trust is duly recorded in the office of the Register of Deeds of Trust Book 80 at page 229, to Surry county, N. C., in Deed of which said deed of trust terms and conditions of the same payment of the indebtedness therein set forth and demand having been made on the undersigned trustee to foreclose and sell the said property for the purpose of satisfying said indebtedness, will on Saturday April 5 1930, at 1 o'clock, p. m., on the premises, offer for sale at public auction to the highest bidder for cash the following described land, as conveyed in the above said deed of trust, which land being more fully described as follows:

Known as lots Nos. 6 and 7 in Block 2 section B. of the Elkmont Development as surveyed and platted by L. C. Jones, Surveyor and map recorded in the office of the Register of Deeds of Surry County, N. C., and being the same lots deeded by G. W. Wellborn and wife Stella W. Wellborn to R. L. Poindexter and Oscar Ray and recorded in the office of the Register of Deeds of Surry county, N. C. This the 6th day of March, 1930.

ROBEY M. BATES, Trustee  
March 6, 13, 20, 27

### Enjoys Best Health In 25 Years

DAVID S. BEEKMAN  
"At the age of 79 I am still active in business and I attribute my entire present good health, energy and vitality to the bene-

fits I derived from Sargon. I actually believe this wonderful medicine has added years to my life.

"For five years my health had been falling steadily. My nerves were all to pieces, and hardly knew what a sound night's sleep meant.

"Since taking the Sargon treatment I feel as well and strong as I was 25 years ago. I have a fine appetite, sleep good, and constipation, biliousness and dizzy spells are all things of the past."—David S. Beekman, 528 Kearney St., San Francisco, Calif.

Sargon's aim is not mere temporary relief, but new and abundant health. Don't experiment—profit by the experience of others.—For sale by Turner Drug Company, Elkin, N. C.

### Bladder Irregular

If functional Bladder Irritation disturbs your sleep, or causes burning or itching sensation, Backache, Leg Pains or muscular aches, making you feel tired depressed and discouraged why not try the Cystex 48 Hour Test? Don't give up. Get Cystex today. Put it to the test. See for yourself how quickly it works and what it does. Money back if it doesn't bring quick improvement and satisfy you completely. Try Cystex today. Only 60c

# THE NEW SUPER-AUTOMATIC KELVINATOR

IS HERE ON DISPLAY With Iso—Thermic Tubes . . . Introducing Amazing New Advantages in Balanced Electric Refrigeration

**SPECIAL OFFER**  
KELVINATOR, never deviating from its path of making electric refrigeration even more trouble-free, more convenient and more economical, has designed its newest product to be 100% automatic in operation.

There is nothing to regulate—whether you want speedy freezing of ice cubes and desserts or delicate foods kept at their palatable best for hours and days at a time.

**Iso—Thermic Tubes —A Startling Advance In Electric Refrigeration**  
A new Kelvinator discovery—Iso—Thermic Tubes—makes possible far faster freezing of ice cubes. For example, the mere placing of a tray of water in a special ice compartment concentrates intense freezing power in this direction. Ice is ready in a remarkably short time. Desserts in a correspondingly brief period. Yet food compartments remain always at the same safe temperature—between 40 and 50 degrees—neither too warm nor too cold.

Not content with bringing you the finest automatic care of food and far faster freezing of ice cubes, Kelvinator surrounds this more efficient service with fresh beauty and sterling quality in cabinet construction.

**New Metal Cabinets—Will Last a Life-time**  
Each new Kelvinator—and they are priced as low as \$185, f. o. b. Detroit—is of rugged metal construction porcelain-lined throughout to permit easy cleaning. Massive chromium-plated hardware in dull finish adds to the attractive appearance and durability of these models. Larger models are equipped with separate cold storage chambers and are electrically lighted.

To know how much more value your refrigerating dollar now commands, see the new Super-Automatic Kelvinators on display at our showrooms. You will be surprised to learn how easily you may enjoy Kelvinator's many new conveniences immediately under our Monthly Budget Plan

### Features Which Place Kelvinator Years Ahead in Modern Refrigeration—

- 1 Iso—Thermic Tubes—giving new fast freezing of ice cubes and desserts. Fully automatic—no regulation needed.
- 2 Balanced Refrigeration—separate temperatures for food preservation, cold storage and ice freezing.
- 3 The Cold-Keeper—Holds cold over longer periods—thus reducing operating periods of mechanical unit.
- 4 Abundant Ice Supply—Capacities up to 35 pounds of ice at a single freezing. New flexible rubber ice tray.
- 5 New Metal Cabinets, Porcelain-Lined—Last a life-time without deterioration. Larger models electrically lighted.
- 6 Generously Powered—Each Super-Automatic Kelvinator shows 100% overload capacity under test in room with 100 degree temperature.

We are making a special offer on the new model Kelvinators. You can have one—Come in and investigate while this offer is still on
