We find it a great pleasure in helping folks and working with them in saving money.

Every year has fifty two weeks and by paying a small amount each week into the building and loan at the end of the year the total is surprising.

I have the following good men working with me as directors in this good work.

Thin, Pale, Weak

"I HAD been through a bad spell of sickness which left me very weak," says Mrs. Virginia Spruce, of Stapleton, Va. "I was pale and felt lifeless, and my strength did not return. I spent most of my time on the bed, I was very nervous, and the least thing upset me. I did not have strength enough to lift a broom. At times I would have had headaches, which would hurt me until I could hardly see. Someone asked me why I did not try Cardui. I had read of it, so I thought I would see what it would do for me. It was really remarkable how I came out. My strength returned, and my health was better than it had been in years. I gained in weight about ten pounds. My color was good, and I ceased to suffer from headaches. I have told my friends about Cardui because I was benefited after taking it."

ORDER NEW SURVEY OF BOONVILLE ROAD

First steps toward a new Bonville road were taken at Raleigh this week when the state highway forces were ordered to survey the Yadkin county road from Enon to Boonville on route 60, preliminary to the state taking over the road. Commissioner Hanes advised that the engineers look over two or three possible routes for the road. It will probably run by the way of East Bend. No mention was made at the capital of extending the road on to Jonesville at this time.
