

ROARING GAP FISH HATCHERY HAS TURNED OUT 1,050,000 TROUT DURING FISCAL YEAR

Over Three Quarters Of A Million Loch Leven And Brook Trout Have Been Placed In Waters Of Counties In This Section Of The State And Anyone May Have Supply To Stock Streams On Written Application And Show They Have Suitable Waters; Guy Wallace Manager, Is Also Raising Pheasants To Increase Wild Life Of Region.

One of the greatest assets which closes this month, a total of one million fifty thousand of the trout have been hatched and three-quarters of a million of the tiny fish have been placed in the streams in this section of the state.

In fact, anyone no matter what his religion, politics or race may obtain a supply of the young fish from the Roaring Gap hatchery upon written application and after giving satisfaction that the waters in which they intend to place the fish are suitable for the species of fish raised here.

Not only are young fish being raised to supply the country and make this section one of the most outstanding fishing grounds in the world, but, through the aid of the Isaac Walton League, Mr. Wallace is raising many Chinese ring-neck pheasants and many of them have been turned loose in the forests on the mountain top to add to the great variety of wild life abounding in that region.

Indeed, during the fiscal year

There were few drugs then that were of known reliability. I have a patient, a little woman of thirty five who had thirteen quarts of dropsical fluid removed from her abdomen two weeks ago by a surgeon—the proper thing was done, but—the fluid is returning slowly!

Dr. Gilbert S. Lambert Now Endorses Sargon

DR. GILBERT S. LAMBERT

"For over two years I suffered with chronic stomach trouble and constipation that I was unable to correct with ordinary medicines. My appetite failed, I couldn't sleep and I was losing weight rapidly. I had frequent biliary attacks when my complexion became yellow as if I had jaundice.

The Sargon treatment appealed to me because of its scientific background. Three bottles taken with Sargon Soft Mass Pills overcame my troubles, and I am in better physical tone than in years."—Dr. Gilbert S. Lambert, well-known retired physician of San Francisco. Turner Drug Company Agents

Sleeves are cast for a far more important role in the play of fashion this season than they have been for many years. They are no longer the negligible quantity that they had to remain so long as skirts were extremely short. There would have been something absurdly top-heavy about a knee-length dress of importance.

The revival of interest in slender waistlines has made it desirable to give some emphasis to the shoulders. Sleeveless dresses are provided with shoulder capes

or cape collars or are worn with scarfs arranged to give this shoulder breadth. Some women still prefer the sleeveless frock for sports wear but the very short shoulder sleeve is making rapid headway as a rival. Short puffed sleeves and short cape sleeves are found on many of the summer dresses for evening and late afternoon and elbow sleeves no longer look old fashioned. It is fairly safe prediction to make—that if skirts become fuller, sleeves will also become broader.

The task of giving an up-to-date look to the sleeveless dress is not a particularly difficult task. Cape collars of contrasting material—chiffon, georgette or you may set flowing or puffed fine lingerie—may be added. Or sleeves of chiffon or other light fabric into the armholes of the sleeveless dress. The sketch shows a new spring dress made with removable sleeves of lace to match the collar.

LATE HUGH CHATHAM GUIDING

(Continued from page 1) father, Alexander Chatham, T. J. Lillard of Charlotte, Captain G. T. Roth, A. M. Smith of Elkin Mr. Thurmond Chatham purchased the A. M. Smith cottage and later erected another summer home. Later W. T. Vogler and Miss Emma Leinbach of Winston-Salem built homes.

In the last few years homes have been built by and for Messrs. James G. Hanes, J. Edward Johnson, James Gray, E. E. Lassiter, Bowman Gray, A. C. Miller, Miss Mae Lybrook, William Blair, Lewis F. Owen, Alexander Galloway, Mrs. Jolita Hanes Albert Butler, Alexander Hanes, Agnew Bahnsen, Fred Hanes, H. W. Blackwell, C. T. Lienbach, Frank Hanes, Willard Northup, of Winston-Salem and Charles W. Gold of Greensboro, Attorney Brooks of Greensboro, Dan Chatham and R. L. Hubbard of Elkin, Jess Mebane of Greensboro and J. W. Gravelly of Rocky Mount and Leonard Tufts of Pinehurst and Roaring Gap, besides others.

At the beck and call of the summer colony is the fine Graystone Inn which has proven so popular that an additional wing has been built to care for the guests, the fish hatchery where millions of trout are bred to ever increasing number feed the mountain streams and lake; the great artificial lake covering 67 acres where the best fishing and swimming and boating and canoeing and sailboating is to be enjoyed; the inconceivable eighteen hole golf riding stable; the baby hospital the gift of Mr. and Mrs. James Gray of Winston-Salem; the girls camp "Silver Pines" and the summer camp for the Girl Scouts of Winston-Salem; the alluring mountain trails laden with the beautiful mountain rhododendron and every other glad and pleasant the heart of those who steal away from the device known to man to make cares and heat of the valleys to commune with nature at an altitude of 3700 feet. Such is the paradise that has been built just on top of the mountain from Elkin and such is the fruition of the dream of Mr. Hugh Chatham—a dream come true.
