

ELKIN HOLDS LEAD IN SURRY LEAGUE

Gives Dobson 11 to 2 Licking In Game Played Saturday

Elkin continues to win in the Surry County league. Last Wednesday they played Level Cross a game which was rained out several weeks ago, handing them the little end of a six to one score. Little Charlie Gough let the Level Cross sluggers down with four hits, all of which were singles, while his team mates were collecting seventeen singles from the delivery of Snow, four of which were home runs by Parker, Gough and Royal.

Last Saturday Elkin journeyed to Dobson and handed the Capital representatives an eleven to two defeat. In this game Elkin collected fifteen hits from the delivery of Thomas and Southard while Lawrence Gough was holding the Dobson sluggers to four hits. Davis, Parker and Crater were the hitting stars for Elkin while P. Badgette led for Dobson with a home run and double.

Dobson and Elkin will clash again Saturday in Elkin and the game is sure to be a good one as both teams still have a chance to win out and they are fighting to that end. It will pay anyone interested in base ball to see these games as Elkin has a creditable club, well-balanced from every angle. At the present Tom Parker is leading the club with the stick, his average for all Surry County league games being .628.

Organization Will Bring Tobacco Relief

Tobacco farmers must organize to obtain the benefits of parity prices under the Agricultural Adjustment Act.

Dr. G. W. Forster, agricultural economist at State College, says the Government is in sympathy with the

DISTRESS AFTER MEALS Relieved By Black-Draught

"I had sour stomach and gas," writes Mr. Jess Higgins, of Dawsonville, Ga., "and often I would have bilious spells. I read about Thedford's Black-Draught and began to take it. It relieved me of this trouble. I keep it all the time now. I consider it a fine medicine. I take a pinch of Black-Draught after meals when I need it. It helps to prevent sick headache and to keep the system in good order."

Get a package at the store. Try it! Now you can get Black-Draught in the form of a SYRUP, for CHILDREN.

growers in their efforts to obtain a fair price for their product. "However, the Federal tobacco administration is not in a position to deal with unorganized masses."

Urging farmers to organize and form agreements to raise prices, he said that "Under the 'New Deal' as inaugurated by President Roosevelt and represented in the Adjustment act, the farmers have an exceptional opportunity to get equitable treatment—the first opportunity in the history of agriculture. They should not let this opportunity slip by."

"The problem of organizing is not a difficult one, since the farmers already have a skeleton in their some 58 mutual farm commodity exchanges now in operation in the state. These exchanges could be used in an emergency to deal with the important problem of obtaining a fair exchange for tobacco."

He pointed out that growers could easily join these exchanges and their representatives could jointly submit to the Federal Government an agreement governing the marketing of tobacco this year and the price to be received.

"The grading problem would be difficult, but for the time being the buyers' grades might be used which could later be substituted for a uniform government grade."

Timely Farms Questions Answered At N. C. State

QUESTION: What can be planted on the acreage taken out of wheat production this fall?

ANSWER: Only food and feed crops for home consumption may be grown on the land taken out of production. Any soil improving crop, however, such as lespedeza, soybeans, peas or any of the clovers may be grown together with those crops planted to prevent erosion. The same ruling covers that land on which cotton was destroyed.

QUESTION: What minerals, in addition to salt, should be fed dairy animals?

ANSWER: Calcium and phosphorus are the two main requirements. Under ordinary circumstances, however, these minerals are found in sufficient quantity in the balanced ration. During the early part of the lactation period a good producing cow will draw on the mineral reserve stored in the bones, and it is therefore advisable to add two pounds of a mineral mixture composed of finely ground limestone and steamed bone meal to each 100 pounds of the concentrate ration. This will help restore the minerals taken from the bone.

QUESTION: Is it satisfactory to develop pullets on corn alone if there is an ample supply of green feed?

ANSWER: While a great many farmers are carrying out their feeding program in this way it is not satisfactory and will result in a low vitality of the flock and in many instances leg weakness may appear before the birds come into lay. For best results the developing birds should have a mash before them at all times. This mash will build up vitality and develop latent laying qualities.

The 5,500 mile line between Canada and the U. S. A. is the longest undefended boundary line in the world.

Maple Springs News

Mr. and Mrs. Ed Money and children spent Sunday with Mrs. Money's parents, Mr. and Mrs. Dan Vanhoy, near Brook's Cross Roads.

Mr. and Mrs. L. Burcham and family, of Elkin, visited Miss Fannie Sparks Sunday.

J. R. Bryant spent a few hours in North Wilkesboro Saturday.

Mr. and Mrs. Cleve Armstrong, of the Swan Creek Community, spent Sunday in the home of Mr. John Sparks.

Mr. and Mrs. Luther Howell went to Mt. Airy Sunday.

Miss Grace Crouse, of Sparta, spent Saturday night with Miss Myra Sale.

Mrs. Vetrail Boyd, of Brier Creek, has been visiting relatives in the community this week.

Mrs. Susie Holcomb, of Jonesville, spent last week in the community with relatives.

Mrs. C. S. Sale and daughter, Aline, visited Mrs. Tom Boyd in Elkin last Friday.

Mrs. C. R. Watt is spending this week with relatives near Asheville.

The Ronda and Maple Springs Sunday schools are planning to have a picnic at the Harris place on Saturday, August 19. As it is quite an event for the two schools to have such an opportunity of getting together, considerable interest is being shown. Announcement of various speakers for the occasion has been made and other features as well. It is understood that Mr. Stafford will bring his horse shoes along for a pitching contest; other games have likewise been promised. We hope to have a good time together.

THREATEN NRA VIOLATORS

A sweeping threat that employers who are violating NRA codes they have signed will be severely punished was made late Monday by Roy R. Lawrence, of Winston-Salem, president of the state federation of labor, at the first day of the annual convention in Charlotte.
