PROPOSE MARCH OF A MILLION MEN TO DEMAND INFLATION

Roosevelt, However, Shows Coolness to Inflation Campaign

WON'T BE HURRIED

Washington, Sept. 19.—A march of 1,000,000 men on the capital to demand inflation was proposed today as the demand for cheap money developed increasing impetus, but President Roosevelt displayed marked coolness toward attempts to rush his administration into a new monetary policy.

The President was represented by Senator Key Pittman (D), Nev., who called on him to urge inflation through free silver coinage, as feeling that the signing of the coal code marked the turning point in the recovery program, and that continuation of the present program of increasing credit and encouraging free flow of money already available was the best course for the time being.

The President, Pittman made it clear, was greatly encouraged by the general economic situation and was standing firm on his policy of promoting a gradual increase in commodity prices while working to bring back into the business stream \$40,000,000,000 deposited in banks and hoarded in vaults in the nation.

Thomas Proposed March
The threatened march on Washington to demand inflation was proposed by Senator Thomas (D), Okla., as a "national farm inflation conference" to embrace war veterans and industrial representatives as well as agriculturists. It might be ordered within a fortnight, it was indicated, if the administration did not move toward direct inflation.

CHATHAM EMPLOYEE ROBBED OF \$128

Masked Men Take Cash From G. Eldridge At Pistol Point

Robbers last Wednesday night held up Gurney Eldridge, of the State Road community, and relieved him of \$128 in cash, the robbery taking place about midnight as Eldridge was returning home from his work at the Chatham Manufacturing company here.

Eldridge had ridden from Elkin to State Road in a friend's car, and had just alighted and was making his way to his home when the robbery took place, masked men taking the money at the point of a revolver. They were said to have had a new Ford coupe parked nearby.

Although the robbery was reported to police immediately, no trace of them has been found. It is general opinion that the men knew of the cash Eldridge had with him and had planned the holdup.

LONE BANDIT ROBS N. ELKIN SERVICE STATION TUESDAY

Sticks Up Proprietor And Departs With Money, Cigarettes

WAS YOUNG MAN

A lone robber, described as a man of about 25 years of age, tall and slender and of dark complexion, about 7 o'clock Tuesday night robbed the Kirk Woodruff service station in North Elkin of a small sum of money and several cartons of cigarettes at the point of a pistol.

It was said by witnesses that the bandit, driving a V-8 Ford, drove by the filling station a number of times before finally halting and entering the building. According to Mr. Woodruff, who was alone, the stranger bought a bottle of pop, and after drinking about two-thirds of it, walked to the front door and looked out. He then whirled around with a pistol in his hand and demanded money.

Mr. Woodruff was said to have handed him a small box in which he kept his change, and which contained an amount estimated at not over eight dollars. The robber pocketed the silver and then demanded greenback.

Convinced that there was no more money in the place, the young man motioned Mr. Woodruff aside with the statement that there might be something else he wanted. He then took several packs of Camel cigarettes and a carton of Wings, and made a hasty exit.

The car in which he was traveling bore a white license tag, but police are in the dark as to whether it was from Virginia or South Carolina. However, neighboring towns were communicated with immediately after the robbery and warned to be on the lookout for the man.

No trace of him had been round up until noon Wednesday.

SURRY GOES OVER TOP IN CAMPAIGN

1,616 Tobacco Reduction Contracts Are Signed

A total of 1,616 tobacco farmers of Surry county have signed contracts agreeing to curtail tobacco production during the years 1934-1935, it was learned Wednesday from J. W. Crawford, county farm agent.

The contracts signed represent a total of 11,500 acres, 487 acres over the quota assigned the county, and a total of 7,500,000 pounds as against a quota of 7,238,269 pounds, thus putting Surry over the top by more than 100 per cent.

Surry farmers, it was pointed out, have for the most part been very enthusiastic in their cooperation with the tobacco acreage reduction campaign inasmuch as better tobacco prices are to result.
