

## ROOSEVELT PLANS TO LOOSE MONEY IN CLOSED BANKS

### President Calls On Leaders To Outline Systems For Credits

Washington, Sept. 23.—President Roosevelt has summoned his financial leaders to work out plans to assure the credit for his reinvigorated price-lifting drive that now is focused on lagging agriculture.

Release of millions of dollars in closed banks and a pumping into trade channels of other idle millions now on deposit in banks was described today as the main objective of the parley which has been set for tomorrow night.

By moves this week and others still in contemplation the administration is stirring sagging farm prices to new activity. Cotton and wheat advanced today with the announcement that the government stood ready to loan on minimum prices in agriculture commodities.

Mr. Roosevelt has said he wanted farm prices to catch up with industrial prices in the upward swing promoted by the NRA campaign.

He is relying on the promise of federal backing to stimulate the bankers to extend the needed credit to support the expansion drive.

Immediate inflation of currency has not been indicated but this weapon is in the hands of the President if he requires it.

Secretary Woodin heads the group called into conference for tomorrow night by Mr. Roosevelt. Others understood to have been invited are the heads of the federal reserve board, the reconstruction corporation, the bank deposit insurance corporation, and the farm credit administration.

### Event Is Expected To Be Better Than Fair Of Last Year

er cities of the nation, including New York, Philadelphia, and others, where it was of high interest.

Another feature of the fair will be a dog show, to be staged Friday afternoon at 3:00 o'clock. Prizes will be awarded for the best looking dog, ugliest dog, largest dog, smallest dog, cleanest dog and smartest dog.

Tonight at 7:30 an entertaining program will be staged by the Lucy Hanes Chatham club. At 9:30 p. m. a free-for-all wrestling and boxing contest will be staged.

Friday afternoon at 3:30 the Elkin high school football team will play Wilkesboro at Riverside park in connection with the fair.

Friday night at 8 o'clock an indoor horse-shoe pitching contest will be staged.

According to Mr. Armfield, interest in the fair this year is even greater than was last year, when the event was considered a big success. Large crowds are expected and no effort is being spared to make the fair throughout an event all

of interest and entertainment to If you think advertising doesn't pay try to name the flyers who crossed the Atlantic before Lindbergh.

## Bad Breaks Lose Game For Elkin

(Continued From Page One)

North Wilkesboro pushed over another touchdown.

Elkin started a touchdown march on the kick-off of the second half. Transou took the ball on the twenty yard line and advanced it fifteen yards. The march continued to the ten yard line where the threat ended when the ball was lost by a fumble.

With less than two minutes left to play in the last period the "Buckin' Elks" threatened the goal line. Burcham tossed a fifteen yard pass from his forty yard line to Capt. Chatham who carried it to the ten yard line where he was pulled down from behind. The threat ended when a pass fell in the end zone.

The team as a whole showed up well for the first game. Only five of the players were regulars from last year's team. The new men gave a good account of themselves and will probably replace some of the veterans in the game here Friday with Wilkesboro. Seventeen men were used in the game.

The work of Hall, Wade, Dick Harris and Sale stood out in the line. The entire back field played a good game.

The team came out of the game without injuries and should be in good shape for the game Friday. The line will be strengthened by the return of Dockery Sale.

## Dr. Royall Heads Compliance Board

(Continued From Page One)

that if the complaint is true it must be rectified immediately.

If the employer fails to comply after having his obligation fully explained to him, he will be given an opportunity to appear before the board and state his case. This hearing will be to give the employer every opportunity to make a voluntary statement of his side of the case so that any misunderstanding may be cleared up, or if, after every attempt at conciliation, the employer persists in non-compliance, a report of his case may be forwarded to Washington with a recommendation that his blue eagle be removed by federal authority.

The local compliance board has no powers of enforcement except upon express directions from Washington.

It is pointed out by General Hugh S. Johnson, national recovery administrator, that rumors of non-compliance injurious to NRA members should be discouraged. Instead of gossip, the thing to do is to bring complaints with the facts to support them, to the local compliance board.

## CARS ARE DAMAGED IN WRECK SUNDAY

### Accident Occurred Near Thurmond; None Are Injured

As the result of a collision near Thurmond Sunday afternoon, the automobiles of T. B. Wall, of State Road, and H. B. King, of Greensboro, were damaged to some extent but no serious injuries resulted for the occupants.

The accident was said to have occurred on a curve when Wall attempted to pass a truck. It was said he failed to see the Greensboro car, which was approaching from the other direction, until too late to avoid an accident. The King machine struck Wall's car on the left side, damaging the running board, rear fender and rear wheels. Both machines were towed into Elkin by local wreckers.

The objection to capital punishment is that it always seems too severe or too light.
